Preface

IDA Paper P-4151 was prepared under the Iraqi Perspectives subtask of the Joint Advanced Warfighting Program (JAWP) task order for the Director, Joint Center for Operational Analyses and Lessons Learned, United States Joint Forces Command (USJFCOM). It helps address the subtask objective of “cueing beneficial paths of exploration for other parts of the national security community” by using interviews, oral histories, and captured Iraqi documents and media to place in temporal context the conversations and materials of senior Iraqi leaders (political and military).

IDA Paper P-4151 comprises five volumes published as part of the Iraqi Perspectives Project Phase II series. Volume 1 examines the relationships between the regime of Saddam Hussein and terrorism in its local, regional, and global context. Volumes 2 through 4 contain the English translations and detailed summaries of the original Iraqi documents cited in Volume 1. Volume 5 contains additional background and supporting documents.

* * * * *

JAWP was established at the Institute for Defense Analyses (IDA) to serve as a catalyst for stimulating innovation and breakthrough change. It is co-sponsored by the Under Secretary of Defense for Acquisition, Technology, and Logistics; the Under Secretary of Defense for Policy; the Vice Chairman of the Joint Chiefs of Staff; and the Commander, USJFCOM. JAWP includes military personnel on joint assignments from each Service and civilian specialists from IDA. JAWP is located in Alexandria, Virginia, and includes an office in Norfolk, Virginia, to facilitate coordination with USJFCOM.

This paper does not necessarily reflect the views of IDA or the sponsors of JAWP. Our intent is to stimulate ideas, discussion, and, ultimately, the discovery and innovation that must fuel successful transformation.

Notes

This collection of primary source materials supports the research contained in Volume 1. Volumes 2 through 4 contain the English translations and detailed summaries of the original Iraqi documents cited in the paper. Volume 5 contains additional background and supporting documents.

Volumes 2 through 5 have an example of a generic metadata reference sheet (next page). Certain elements of the reference sheet have been highlighted to help explain the structure and contents of a Harmony document folder or a Harmony media file.

The contributors to the Harmony database have left the original Iraqi security markings intact for research purposes, but for classification purposes, the Iraqi security markings should be ignored.

Conversation ID# ISGQ-2003-M0003964

MV1:		[Tape begins in the middle of a sentence.] Mr. President, before we arrived here, Al-Qadhafi had an interview with Mont Carlo Radio station. He was very calm, however, his discussion was ridiculous, and he did not provide any valuable information.
MV2:		It depends on the questions he was asked.
MV1:		His conversation was...
MV3:		He is deceivable and a troublemaker.
SADDAM:		We always recognized him as a good friend.
MV4:		However when he speaks, everyone listens. I mean younger, younger...He will just die.
SADDAM:		What did I tell you? I told you that the first person, who will visit, will be Al-Qadhafi.
MV4:	...	In regards to the opposition sir...
SADDAM:		I would like to make a clear statement, and in proper Arabic language. In the event America and its allies object to the Soviet Union initiation, Iraq will cooperate with the Kuwaiti political and religious organizations in order to erect a national democratic rule.
MV5:	[Minutes 03:15-33:53 blank]	Sir, with this step, the world is going to look at us in a completely different way. [Minutes 03:15-33:53 blank]
SADDAM:		...Kuwait will last...However, this is an international revolution, which if occurred, no one would survive on earth, including Qarun and Tauj. God to Whom be ascribed all

ISGQ-2003-M0003964

		perfection and majesty, might wish to cancel that day, do you think Qarun will still exist? Qarun will still exist, if...For instance, if we were in Kuwait and they destroyed the Americans...
MV6:		We would vanish as well.
SADDAM:		This is an international revolution, with prophets, not with human beings, could that ever happen? Even the prophets were...he died long time ago...I mean, I noticed in all of you, how you worry about people; we will deal with it through careful instructions and awareness...
MV1:		It will be best, if we have instructions.
ABU USAMA:		Sir, I would like to clarify an issue, even though, it will probably need a long explanation, I would just like to know if our way in celebration, is the right way, or the tribes' way?
SADDAM:		It is like the tribes' way.
ABU USAMA:		We are the Ba'th party members, when are we going to change the society's habits. Because it is an old custom, we should not have to accept it...The other foreign countries sir... Is there another way to celebrate without gunfire, like the old tribes' times, we fire guns in weddings, in death, if someone left, if someone returned, and in every occasion...This issue sir, people look at it as if...To be honest with you, they look at it as if we are uncivilized society. There are ten thousand other ways to celebrate, besides gunfire. Is that the right way to support old habits?

ISGQ-2003-M0003964

SADDAM:	...	Are you finished Doctor? Yes, that is the right way. You sound as if you are fighting. [LAUGHS] This is not a decision; it is only an idea to discuss. Let me explain something to you, those civilized countries, Doctor, they substitute a pistol, with other non-pistol materials. Therein no true celebration occurs, without gunfire to express... They are like us, their army just ended a war and you do not want them to express their joy by firing! Let us consider that firing as if it was the first day of the attack, will that accumulate to the same amount of shooting as the first day of the attack on Baghdad, On Al-Nasiriyah, and on Al-Mosul?
ABU-AHMAD		Well sir, if an attack occurred, they would have killed him [LAUGHS] that is a good thing.
ABU USAMA:		Okay, very well, now that this subject is settled, what about...
SADDAM:		We may substitute it with the desirable method, which appears to the public.
ABU USAMA:		I believe Mr. President that we must request voting from the party members.
SADDAM:		Celebrate by non-harmful methods, which may hurt the public.
ABU-AHMAD		However, in regards to the army, explosives and resistance did not have to be reported, they are a population of only 57 million.
ABU USAMA:		Besides that Mr. President, you must issue instructions and orders to our party members and to our organizations, that for the upcoming days, starting today, we need to launch a celebration and a victory

ISGQ-2003-M0003964

		<p>campaign, in a positive method, in order to execute the enemy traces, which affected our people.</p> <p>I mean launching campaigns to remove the traces as fast as possible, for example, just like the Qamuss effort in World War II, to erase the war effect on the Armenian women's' behaviors.</p>
SADDAM:		<p>We must first erase the negativity, sins and then the other issues.</p>
ABU USAMA:		<p>This way, our people will observe positive and constructive formations.</p>
SADDAM:		<p>When the people notice our party members following this method, they will then follow. Just find a comfortable and rapid method. The party method is usually very effective.</p>
ABU-AHMAD		<p>I swear to Allah, that the enemy had a major impact on the party's spirit. I mentioned that to you before, I did not submit it in a letter; I considered it an irrelevant issue. I just wanted to identify what project, which he wrote regarding the morale of the party members. He mentioned only the morale of the party members, in the south, not including the north, Baghdad, The Palace Center, Al-Hillah, the effect on bridges, Al-Amarah, Al- Nasiriyah, and Al-Basra.</p>
SADDAM:		<p>Not to mention the hateful and childish attack on Al-Nasiriyah, this would never have crossed our mind.</p>
ABU-USAMA:		<p>By the name of Allah sir, you should engrave at every city entrance, and on every rock, how many attacks were launched on it by the enemy...</p>
SADDAM:		<p>Wow Abu- Usama! I am impressed with your way of thinking. You are</p>

ISGQ-2003-M0003964

		right. Why do you think we trusted the prophets? It is because they recorded every incident.
ABU-USAMA:		Every city keeps its record, in order to record the martyrs, numbers of the children and the numbers of the women. Every city will obtain photos of the destroyed buildings, in the event we build a museum, in the future.
SADDAM:		As well as improving negativity among them. Let the Arabs, when they come to visit the first time, to observe what the betrayer Americans have done.
ABU-USAMA:		We should generate a long movie on what occurred, and show it to the visitors in the future.
SADDAM:		We generate videotapes on what occurred in Al-'Amria, Al-Fallujah and in Al-Nasiriyah...
MV9:		We need to generate more than just a movie...
ABU-USAMA:		Yes, yes you are right. It should contain comments for the future...
SADDAM:		It should be a very rare movie in its nature, which no one has ever seen before, in order to be remembered... I mean in regards to its party organizations and for the Arabs to witness it themselves...
MV10:		Sir, God willing, the road opens, I have 35 videotapes, which I would like to record our events on them, in 'Arafat, France and in Algiers, in order to prevent any exposure of our army sites.
SADDAM:	...	Ask the Army personnel and the ambassadors, to record all the events, which will show the world...to show how an Algerian speaks for us and answers. You record 35 videotapes, from all over

ISGQ-2003-M0003964

		the world, and through different nationalities, to prove it. We need to evaluate their quality first, otherwise, it might be better for us...I mean not better, but more beneficial for us, to use our newspapers and radio stations for that purpose, instead of spending millions of Dinars.
ABU-USAMA:		We also need sir, to stress our gratitude to those who supported Iraq, including the non-Arabs, such as the Peace group...
MV10:		By the name of Allah, those peace group people are not good!
SADDAM:		We do not need to mention details about it. We should just say, "This is special thanks, with respect, appreciation and love, to those who stood by us and supported us in a way that proved their sincerity, nationalism or their true humanitarian support." Just like that, we do not mention names or...
MV10:		Sir, we met and talked to those people in Al-Rashid City, they said to us, "We are neutral group and we only support peace."
SADDAM:		They support the lawful side and the unlawful side.
MV10:		If we acknowledge this group, the public will criticize us, because they are neutral.
ABU-AHMAD		We should mention special thanks to the patriotism of the Muslims and the Christians, especially to Al-Jamahir group who are the main base for Islam.
SADDAM:		Where is the Islamic base? I do not know it, I swear to Allah!
ABU-AHMAD		All the people in the city included special gratitude to the 99%

ISGQ-2003-M0003964

		religious Egyptian groups, who are some of them, are prominent respectable Egyptians, and they are never influenced by even 5% of the Islamic movements.
SADDAM:		The officials will try to buy them for information; however, they will never be able to buy them.
ABU-AHMAD		They tried to buy whomever they could from their leaders, such as Al-Ma'diyah and especially the poor individuals however, they could not buy the Al-Jamahir leader. 'Abass is a very good man...
SADDAM:		See if 'Abass could arrange it.
ABU-AHMAD		When the uprising occurred, he sent his representative, who attended our meeting and provided assistance, since 'Abbas was busy.
SADDAM:		Even his representative is good...
ABU-AHMAD		Yes, I agree. I mean Al-Jamahir... however, the Al-Ma'diyah movement...
ABU-USAMA:		Ben Bella told me, "The representative of 'Abass is untrustworthy and do not be misled by him." That is what he stated to me.
ABU-AHMAD		What do you think of his talk with us?
SADDAM:		Abu-Ahmad Listen! I do not care much for Al-Sheik, based on my first impression of him, which is the most important, in regards to how he speaks and handles situations. I noticed that he is a good politician and religious leader; however, he does not speak the truth.
ABU-AHMAD		After 'Abass arrived from Saudi Arabia and met with you, he returned and prevented every uprising, including Al-Muqadra, Al-Murtadin, Al-Tahrir, and other party members...
SADDAM:		I believe he realized that politically

ISGQ-2003-M0003964

		he was secluded, and wanted to return to politics.
MV10:		I believe Mr. President that he is following his father's, Ahmad Sa'id Al-Deen, footsteps, He was...
SADDAM:		He is a fake and I even consider Al-Khomeini better than him. I mean he is a fake from the Al-Faliq family. This is his pattern.
MV10:		Saudi Arabia does not like Algiers or the Algerians; there is a possibility that they might change their opinion in the future...
SADDAM:		Algiers is under nationalism and Islamic pressure, which did not exist before.
MV11:		It is great country, especially the Algerians sir!
MV12:	[UNINTELLIGIBLE]	[UNINTELLIGIBLE] I heard a statement from Ahmad, and from that other person, Ghanimi, they all are young men. They have a new political office here, and the one in charge of the students, is a young intelligent man.
ABU-USAMA:		There is one important issue, sir, which I believe we must achieve. We must establish from now on, a radio station, which will be heard easily accessibly and widely all over the world, as Saudi Arabia and Egypt, and you instruct them to broadcast Baghdad. We need to establish a research center, as well, connected to this radio station, its main task is to search for numbers, facts and documents in regards to the Gulf corruptions. Moreover, it will broadcast to the region regularly, in connection to their budget, their money, their scandals and their Western investments, not in general, we should broadcast information and numbers...then we

ISGQ-2003-M0003964

		end the truce period. Lately, when the Gulf was granted truce, his corruption and his money were in peace, and everything else.
SADDAM:		On a political and diplomatic level, it is considered inappropriate; however, we may wait for a while, a year or six months. I suggest that we think this over.
ABU-USAMA:		That is fine.
SADDAM:		No, I am asking your opinion on the matter.
MV10:		You mean I will say no to you! That will indicate you are wrong and that is a lie.
SADDAM:		What was the outcome of the truce?
MV10:		It caused public interference.
SADDAM:		You mean it caused interference, and the majority of public security was lost, which means that some people established relations with Saudi Arabia! However, we are not opposed to that.
ABU-USAMA:		We will expose them to the Arab Nation and to the whole world, in order for the world to hear...
MV11:		Even the Shiite countries, we created banners asking them to listen to our station.
SADDAM:		Okay, then we must concentrate on our Arab nation. Am I right? In addition, to our party and all the good people, I mean not just our party. Whoever is following the same path; we must support him and help him.
ABU-USAMA:		We must do it right and establish a radio station, from...
SADDAM:		I cannot help you with the radio station issue. The Commander Latif will assist you in this matter. I do not know, for example, why our radio station is not like Kuwait's or like Egypt's...

ISGQ-2003-M0003964

MV12:		Not just now, it was like that from before.
SADDAM:		Some of the people understand that we do not have an ocean to provide signals for the radio, through the waves, and we do not have the ability, like America, in obtaining radio stations on a large range, based on their widespread areas.
ABU-USAMA:		Does Oman sir, have an ocean? Why does Oman have a radio station, which enables everyone to listen to it from anywhere you go? I am not talking sir, about right now! I lived in Iraq through every era, from the royalty rule until now, and I have never witnessed an Iraqi radio station, which enables you to listen to Baghdad. I do not know what the secret is.
SADDAM:		You should discuss this with your friend Latif.
ABU-USAMA:		I do not blame the Commander Latif, he did the best he could, and however, this issue must be solved from its roots.
SADDAM:		I need to bring a point to Commander Latif's attention, in regards to his specialists; they are either incompetent or understaffed. I mean the engineers and the specialists, who provide consultation, when we purchase it, use it and install it. I am afraid they might be either lazy or incompetent, because it is unbelievable that we were never able to have a radio station. All the Arabs in Italy, France, England, Jordan, Syria, and in Egypt, they state that they listen to the other Arab radio stations, as well.

ISGQ-2003-M0003964

MV13:		Saddam Hussein's era, was the best where, Iraq purchased the most advanced equipment... Started since 79...
SADDAM:		That was in the past, yes, when we were generous.
MV13:		We were generous and some divisions are still benefiting from it, however...
MV14:		Sir I would like to discuss an issue, although it is irrelevant to our subject right now, we consider it very important. During these last ten years, our main concentration was on Iran. We have the biggest communication center for a country, which broadcasts for Iran, for all the opposition Iranian stations and the Palestinians, after we ended the war and until now. However, we have not ever included issues regarding the Pilgrimage, which caused me severe depression and I sought a doctor's help. Regarding our radio station, I have reports from the embassies and from our party organizations, that our station is heard briefly and not on a regular basis, in France, in Belgium, in Algiers, in London, in Egypt, where they requested to disconnect it, and in Saudi Arabia.
SADDAM:		I also heard from all those places, that our station is either not operating or is hard to hear.
ABU-USAMA:		You could hear it sometimes; however, the connection is very weak, unless you keep on trying

ISGQ-2003-M0003964

		different directions... While the other stations are heard very clearly...
MV14:	[UNINTELLIGIBLE]	Whoever installed in the eighties has, had no problems with it, as far as parts or repairs. They stated that Iran is not [UNINTELLIGIBLE] When I went to Italy, and turned on the radio, I heard stations for Al-Qahira, Sut-Al-Arab, and Al-Sharq Al-Awsatt, very clearly, as far as the Baghdad station, it sounds very weak! That is the condition of...
SADDAM:		This is not a major problem; we could fix it with effort, even if we could find an area in Qatar, although I worry about such a location.
MV14:		For example sir, our radio station is considered one of the biggest stations in the world, which extends up to two thousand kilometers. When I receive reports stating that they are unable to hear it in Syria, it does not make any sense from the practical side, functional side or from the technical side. How could not be heard? Even in Oman it is not heard.
SADDAM:		What is your point? I feel that I must provide you with an answer. What would you like me to say? We mentioned that our power is not small or weak, which means the technicians who are in charge of this issue, are not motivated enough to become creative or knowledgeable in this field. It appears to be an ongoing observation.
MV14:		We need sir, to solve this issue for us; It is not good to have our radio station line disconnected in Riyadh

ISGQ-2003-M0003964

		at all.
SADDAM:		We will sit down with Commander Latif and discuss it with him. We will request to speak with his employers to convene with us about the problem, just as we sit down with our army troops, with our farmers and with...until we are completely convinced, then we offer our support and assistance, or at least solve their problems.
MV15:		We need the people to hear us.
SADDAM:		People are hearing us; they want to hear us from before, and since a year ago.
ABU-AHMAD		We need to generate a radio station in Egypt, in Al-Jazira, in the Gulf and in Syria; They must hear us, even if it causes hundreds of static.
MV14:		They used to tell us that they do not hear our radio station based on their hatred towards us.
MV16:		Sir we thank Allah for our good life. What are your expectations toward the Americans' situation, in the upcoming days? Do you believe they might try to...?
SADDAM:		I do not believe that the Americans will accept this project easily as it is, they might try to agitate the situation, through other tricks, and this is the first aspect. The other aspect is I am not comfortable with the Kuwaiti's restraint in the first four days, in Qazim City. It is a very devastating situation, since Kuwait is located by the ocean, if we withdraw in the first four days, the opening area will be inside our region. Kuwait or the American

ISGQ-2003-M0003964

		army could enter through it; therefore, we are not sure of what they might use as an excuse, in the event we withdraw.
MV14:		In those four days, we shall concentrate on the open field towards them...
SADDAM:		This is a controlled revolution; they send you a letter today to implement it in the morning.
MV16:		Mr. President, regarding the Iraqis over there, how many Iraqis do we have in Kuwait?
MV17:		We only have Al-Asqar.
MV16:		No, I do not mean that, I mean from the citizens.
MV17:		What are the citizens doing over there?
MV17:		They live there!
SADDAM:		There are few Iraqi citizens over there; the offices and business are open and it is easy for them to conduct their affairs.
MV18:		Sir, I have about 15 workers in Kuwait, not citizens, I am capable of bringing 15 individuals.
SADDAM:		We do not have too many Iraqi citizens in Kuwait.
MV16:		Sir, in regards to your pictures for the banners, would like us to remove it before they would...
SADDAM:		Yes, I swear to Allah, from the first day, I thought it was inappropriate to...
MV16:		Yes, sir that is right, however, as soon as we hear anything regarding when they start...
MV17:		They will start in the beginning of the month.
MV16:		What do you mean?
MV17:		They are going to start at the beginning of the month...
SADDAM:		Even the buildings do not...

ISGQ-2003-M0003964

MV16:		We will protect the buildings and would not even let them touch it. That is what I would like to express...
ABU-AHMAD		It is going to be a very difficult sight to watch, when our army and the troops are withdrawing...
MV16:		It is going to take place at night.
SADDAM:		It is better to withdraw the troops yourself, instead of the enemy doing it for you!
ABU-AHMAD		I mean not at the beginning, I am just concerned they might record it as two weeks from the last day of the last week.
SADDAM:		Please record it! What do you mean by the withdrawal takes three to four days?
MV17:		I mean four days from the fourth day.
SADDAM:		They will withdraw from Kuwait City, on the fourth day.
ABU-USAMA		Why should they wait to the last day? They should remove it at night... Sir, could we assassinate the Prince of Kuwait upon his entrance to Kuwait?
ALL THE COMRADES:]	[LAUGH]
ABU-USAMA		I understand that it is a daring task; however, it is for a good cause. The Palestinians have not done anything courageous regarding our situation. How could they call themselves Palestinians? They have not performed anything.
SADDAM:		If they could just help the Iraqi Intelligence, it would be great.
ABU AHMAD		No, they did help us, and the Intelligence carried out operations based on this situation, including Lebanon. We have received

ISGQ-2003-M0003964

		documents from their Intelligence, stating that our organization carried out such and such operations in your honor.
ABU-USAMA		The commander Taha's idea is not 100% considerable.
SADDAM:		Why should we not consider it?
ABU-USAMA		Well, sir they must be depressed for the attack, we should try to imagine how its legendary loss, its tumult, its fun, and the celebrations in Kuwait...
MV18:		The 25 th is a national holiday in America, and the Americans want to be in Kuwait on the 25 th ...
MV19:		How could they arrive on the 25 th ?
MV18:		Yes, they are trying...
MV20:		They stated in America, that within two days...

THE ORIGINAL MEDIA AND TITLE TO THIS RECORD HAVE BEEN RELEASED TO THE INTERNET ISGQ-2003-M0006248 This is a 21 minute video file, contains a recorded meeting among President Saddam Hussein, the Iraqi Cabinet, President Yasser Arafat and the Palestinian delegation. The meeting takes place in a meeting room/theater, (possibly in the Presidential Office in Iraq). President Saddam takes the chair of the chairman of the meeting; President Arafat is setting in the right of him. President Saddam is wearing civilian clothes (Gray Suit with a tie) addressing his speech to the Palestinian delegation, talking about the Iraqi preparation for war if U.S.A decides to attack Iraq, also he talks about the fighting experience that the Iraqi Army gained through the Iraqi Iranian War, assuring the Palestinian delegation, that the victory will be for Iraq if U.S.A invades Iraq. Threatening U.S.A, President Saddam promises the attendance and the Arab Audience to strike the U.S troops, interests, military installations and military bases everywhere to give the U.S command a lesson, vowing that he will use all kind of weapons he has, to drive the U.S army away from the gulf area. Also he vows to attack Israel and to give Tel-Aviv a lesson and show them the Iraq's ability, saying that the Iraqi Missiles and Aircrafts will strike in the depth of Israel, retaliating the Israeli brutality and inhumanity actions committed in daily bases against the armless Palestinian innocent people, and the Americans should reconsider their partiality and positions in supporting Israel, expecting that he will rally and gain the Arabs support in fighting the evil. President Saddam mentions that he did and still doing his best to avoid the war, but if the Americans insists to start a war, he is very ready to give them a lesson and drive them out of the area. During his speech, President Saddam concentrates more on the "American Blind Partiality and double standard policy in supporting the Israeli side", to continue killing the Palestinians women and children, and occupying their lands. Most of president's Saddam speech is about the American mutual relations and partial support to Israel, and the Iraqi preparations for plunging and going into war. (Translator Comment: The below mentioned quotations are the noteworthy statements being said by President Saddam Hussein during the meeting). 19 Apr 90. Intel value/ Saddam meeting with Yasser Arafat, Saddam mentioned that Iraq possess the chemical weapons and how he successfully used them. The meeting was also attended by the Iraqi cabinet and a palestinian delegation. Among the noteworthy statements Saddam said "If the US strikes Iraq, Iraq will strike back and drive the US out of the Middle East." "We will strike US ships with our aircraft where they are in the Middle East." "Iraq has chemical weapons and successfully used them against Iran so they will not hesitate to use them against Tel Aviv."

The Full Translation:

Saddam Hussein: they said that they wanted to state that to Iraq before the American Congress Delegation meets me, but, as long as the American Congress Delegation met me and couldn't deliver these points to me, they want to deliver them now, one of these points is that your emplaced missiles are threaten our American bases. As you said, (Talking to Yasir Arafat), when you were in Beirut, and you said "it is time to die, and now I can smell the breeze of heavens", it is the same for us, as long as the small players are gone, and it is the time for America to play Directly, we are ready for it, we will fight America, and with God's well we will defeat it and kick it out of the whole region. Because, it is not about the fight itself, we know that America has Air Force more than us while we have few, America has rockets more than us, but I think that when the Arab people see real action of war is real not only a talk, they will do the same and fight America everywhere, so we have to get ready to fight America, we are ready to fight when they do, when they strike, we strike, we will strike any American troops in the Arab Gulf with our Air Force, and then we will state it saying that our Air Force has assaulted the American bases on that day. Therefore, when the battle is on, you do not say how much did you lose and do not make expectations, or even to make some expectations for the end of the battle. It is what happened for us during the war with Iran, we made a lot of expectations for that war and we wrote a lot of letters, even the Ministry of Foreign Affairs and Comrade Tariq, no it wasn't Comrade Tariq, it was Doctor Sa'dun Hammadi, I didn't ask him to write a letter, I did it by myself saying "My brothers: what you are doing is war, please ask the old specialists in the Ministry of Justice, because you are new to the system, also ask the specialists in the Ministry of Interior sorry in the Ministry of Foreign Affairs, maybe they will guide you and show you from legal point of view that what are you doing, striking cities, and occupying lands is a war . In other letter, ask the old specialists in the Ministry of Interior, Ask the old specialists Zayn Al-Qaws and Sayf Sa'd are Iraqi properties, you occupied Iraqi Lands and then you emplaced your cannons in it to hit the rest of Iraqi lands. We tried, but when the war occurred, we did not make expectations about how much we are going to lose, because it is something that must happen. So be ready for this level of battle, in your land (talking to Yasir Arafat) you don't have a state, you don't have oil or factory to be stroked, unlike us, we got out of 8 years of war, frankly, let me tell you something, if America strikes us, we will hit back. We said that before, you know us, we are not that talkative type of people that holds the microphone to say things only, we do what we say. Maybe we cannot reach Washington but we can send someone who has explosive belt to reach Washington. Our missiles do not reach America, but I swear if it does! I would strike it. We can't keep silent like this, while the Americans are hitting Arabs or Iraqis and say we can do nothing, yes we can, we can send a lot people to Washington just like the old days, for instance; the person with explosives' belt around him would throw himself on Bush's car. However, the American Bases, which are all over the world, in Turkey... etc, we can sweep them. We have to be ready for that level. Meaning, we shouldn't get fanned by talking only because we have to do what we say, it is a matter of decision and commitment, all the words that we said came through chain of meetings with the military officers, it didn't go like that, what the missiles can do, what the Air Force can do, we check our defenses and their requirements, we check our bases, what are the commands to be sent for these bases, when Baghdad is stroke by the Atomic bombs how we are going to react, we got all these expectations. It is not our

choice I swear, but it is a must, when the enemy comes and there is no heavy foot that would stop it, the Palestinian issue and Arab situation won't be a good, so it is not our timing, if it our choice we would chose the right time, but it is a matter of necessity, and we have to be obliged to the necessity which says that we have a strong attitude, conspiracy comes from flexibility, this is an assumption that would never happen because we never done it before, you make a decision, so make the right one ,(Yasir Arafat Says: As always), am sure that all Arabs wish me good thing , what do they want from us, we got out of the war on that day , meaning either you forget the matter of Arab Union and the hope to restore Palestine ,or you let us do something , we will move to war , yes to war, the hope's gate towards Palestine and the gate of development for any nation can't be closed by anyone , meaning, Palestine has been occupied for along time and they say we are the invaders!, they let the war on for eight years and blood shed all over and they call us invaders!! We know their conspiracies, those Americans and Israelis. Maybe we stop for 20 days, and then we hit back once upon time with rockets and Air Forces hitting Tel Aviv, we don't have to strike them daily; we will chose times so they will never now meaning of sleeping, we are a disaster, good and flexible people but once, if someone is stuck with us, we will not let him go unless he got on his knees, or crawl on the ground, we don't have something in the middle, we don't want to negotiate, we don't want any mediators, (looking at Yasir Arafat and Saying : Right Abu-'Ammar?, Yasir Arafat Replies saying: yes 100%). Today, one of my Arab brothers stood by my side and said that someone says hi to you, he is on your side. I told him tell him hi back to him and tells him that I know his attitude. We don't know the mediators; we don't know how to work with it, this war we had with the Iranians, we don't know how to mediate with them, (Yasir Arafat interrupts saying, despite of my efforts in the Islamic, Nonalignment and Eastern Countries), we don't know this way, you either have an enemy or friend, you can't have something in the middle , they are two , to be a brother and friend on Arab level, or a friend on the world wide level, or enemy on world level. Because we cannot hang these things, we used to be on that way and thanks God, we like it that way. So Sab'awi (talking to one of the Iraqi delegation members), get all of you old books , coordinate with the Intelligence System Director and our Palestinian brothers to check every single place that the Americans exist in, within the Middle East area, even if some American man came to Greek for trade, we have to know about him also . This is the battle; we have to be beasts in the battles, to remain beasts to the next, (Yasir Arafat Says: Yes ...Beast.).

(Sheikh 'Abd-al-Hamid Al-Sa'ih from the Palestinian delegation speaks to Saddam and says according to this, we have to get ready for the battle) Saddam says: and the battle develops, for me, I do my own expectations according to nation's quantities and requirements, let say how many cannons do we have, how many Air crafts we have, but the most important is, what we have seen in the war. (Translator Comments: The tape stops and Saddam resumes talking starting with information) Information for Israel, they would get in and strike us, so we have to be ready for that level of war. (Yasir Arafat Interrupts and says: almost like what they have done in Panama) Saddam says no, not like panama, (Yasir Arafat says I mean the way that they got in) I wish maybe USA needs to get a hard lesson. I wish they occupy Iraq; I want them to get in, so we sweep all of them. (Unidentified person talks to Saddam saying What about the Oil, they would think that we would burn it) Saddam says , I will give them guarantees that I am not going to burn the oil , let them in, let them get their army and to start from Al-Faw borders, I will demolish them all, (Unidentified person talks to Saddam saying: but they won't take a risk on that). Panama! Panama is nothing while

comparing to us, I swear Abu 'Ammar we are something different, they will roast them and eat them. (Unidentified person talks to Saddam saying his talk, which is more effective than works). Abu 'Ammar, it is about the timing, if we have the right timing and the situation of Arab countries and Palestinians are fine, we would see this talk applied on real, but as long as we are on this way, we will never make it and the enemy won't give us the chance for it, when the enemy saw a rocket, he said that Iraq owns missiles that would reach Tel Aviv, well Tel Aviv has missiles that reach all Arab countries, Iraq has Chemical weapon and successfully used it on Iranians, and Iraq won't think twice about Striking Israel with Chemical weapons, when you ask Israel, why would the Iraqis use the Chemical weapon against you? The answer is to restore Palestine for the Arabs, and do not assault Arabs and that is it! Therefore, you do not have to be afraid of the Iraqi Chemical weapon anymore. But Israel owns the Atomic Bomb, this is not a big deal, it is a right for it, (Yasir Arafat says: also the atomic, chemical and germ bomb, it has 240 nuclear warhead for Arab countries, 12 nuclear war head for every Arab country, these things won't threaten the Arab security) Saddam continues saying: I am saying these words and am completely calmed wearing my civilian suit, (Yasir Arafat says unclear words for joking), (another unidentified person says it is a matter of diplomacy). Saddam resumes saying: so, I am saying these words because we have to be ready for that level, maybe we say some words that could make people happy and make us happy too, and we don't know what these words mean, today also, I insured that thing in front of the parliament, I said we are Arabs, since we were kids, we learned that in the school by Abu-Khaldun (Sati' Al-Husari) who is not Iraqi, he taught us that we are Arabs, from Najd to Yemen and from Egypt to Tatwan (Arab Poem), so, it is not a political theory so they say we made that theory and violated the rules of the International Law, meaning that being Arabs is old thing, so the word Arabs means; that we have duties and rights, among these duties, is to defend Arabs, we can't change the fact of being Arabs after we learned it since we were kids! In addition, Arab nations exist since we were kids. We say, "We are Arabs, and we are one nation, and we don't defend Arabs! We can't make it make it that way, in order not to have dualism, especially, God gave us fortune and gave us the ability to do so, we say we are Arabs and we defend our Arab rights, (Saddam looking to one of the Palestinian delegation saying: Right Sheikh?) Saddam resumes talking: so what we can do. (Yasir Arafat interrupts him saying until victory.) Saddam resumes talking: do you call this assault? We did not forget Palestine and our Palestinian brothers, they call us the invaders while Israel occupied Palestine, rape the Palestinian women and kill the kids daily and they are not invaders! .we know this reason before, the diplomatic language, no one has talked about Palestine since long time ago and the Arab union as if it is shame to talk about it, it is like when someone is talking about the Arab union and Palestinian issue his head down because of being shame of talking about that thing, Israel did it because no one talked about it and if someone talks about it he is not Palestinian, he is invader, it is the same for us, have you ever seen someone who has been in war for 8 years and at last you call him invader? Even if he is invader from the start, is there any invader, who can keep in war for 8 years? So do you want to step on Arabs' dignity daily and everybody has to keep silent, so you did not call anyone invader? That's it, when we get mad, we get mad for while but we get real mad. (Yasir Arafat interrupts saying: Be aware of the silent when he gets mad.) Saddam resumes talking: put God in front of your eyes always, (Yasir Arafat says together until victory.), Saddam resumes talking: with God's power, I can see the victory in front of my eyes.

(Sheikh 'Abd-al-Hamid, One of the Palestinian delegations says: God has his own people, if they want something, He will achieve it for them, so when they have determination and well to do so he will achieve it for them) Saddam resumes talking to one of the delegation member saying: Right 'Abdallah? Before, when we were in Cairo, and we sentenced to death, why did we call 'Abdallah Al-Hurani to come for us from Gaza, as long as the Palestinian issue is new one? What for? Now they call us the presidents, we are not presidents we are fighters. (One of the Palestinian delegation members says: you know something Mr. President, your high spirit is not a new thing for you since I met you in Cairo, and it is the same for the Iraqi people.

Time 00:00-12:30: Saddam Hussein meets with the Command Members. The gather to discuss the meeting that was held between Ekious and the Ministry of Oil Lieutenant General Amir about solving some matters related to the the biological profile and other issues. Tariq Aziz says that the meeting went positively. Tariq Aziz talks about the result of the meeting between the Iraqi technicians and the Special Committee team. The Special Committee team asked the Iraqi technicians why the kept producing bio materials. The Iraqi answer was we started developing our own weapons because of the bloody war with the Iranian government. He also mentioned payment of millions of dollars for buying military equipment in the conflict with Iran. The Iraqi government gave the Military Industrialization Commission permission to produce chemical and biological weapons during the war with the Iranian side. Saddam said we told the Iranian side before we used the bio and chemical weapons, but unfortunately they didn't pay attention to these statements. -Time 12:31-22:35: Tariq Aziz continues his speech. Ekious asked Tariq Aziz did if he filled up the bio and chemical products in closed pipes and missiles. Tariq answers, no, because Iran wasn't threatening us directly, so there was no need for producing these materials to use against the Iranian side. Tariq Aziz tells Ekious that he (Tariq Aziz) understands what he really means in his question; he means Israel. Tariq Aziz says, yes, we and all the Arab world are building up our military abilities against Israel because they acquired nuclear technology long ago. Tariq talks about the Arab and Israeli conflict in 1967 and 1948. Tariq Aziz also talks about the conspiracy plotted by the UN against Iraq. Saddam says if the Israeli side used the nuclear weapons against us, then we would use binary chemical weapons against them. Tariq Aziz declares that they never thought of using biological weapons against Israel. Note: Tariq Aziz, in this paragraph, says that the UN Inspection Team was digging in the desert searching for the American soldier's corpse, but they found nothing. -Time 22:36-34:45: Tariq Aziz talks about the bill of indictment by Madeline Albright against Iraq for using the untraditional weapons in terrorist attacks. Saddam talks about the relationship between America and other countries in the world. Tariq Aziz also talks about the results of international sanctions on Iraq. He also says that the Iraqi government will never cooperate with the Inspection Team if they don't take clear on supporting Iraq in the UN. The gatherers prepare to hold meetings with several countries in order to guarantee their positive situations in the UN. -Time 34:46-40:53: Saddam Hussein talks about the embezzlers in the Iraqi government and maintenance operation in different military fields in the Military Industrialization Commission, such as different kinds of surface to surface missiles, launchers, military planes, guns and other military equipment. -Time 40:54-1:01:42: The gatherers suggest rewarding the hard workers for their special efforts. Unknown individual talks about outdated, agricultural Spray planes. Taha Yasin Ramadan suggests the employees in all ministries a chance to do their best and to reward them at the end of each month. Lieutenant General Amir discusses the Strategic stockpile of oil. The Ministry of Housing explains how to store the oil derivatives. Saddam Hussein tells the ministers how to manage the ministries in the war. -Time 1:01:43-1:01:43: No conversation.

When he arrived in Baghdad for his first visit, he met with Mr. Minister of Oil, comrade Amer in a secluded meeting. And during this meeting, he showed him the complete picture of the position.</p> <p>Then after this he had technical work meetings to continue compiling the biological file. They had the former team that came. The inspection team gave notes on the report that we submitted to them and a compilation of information was done. And in this matter there was good work.</p> <p>So they stated that there were important numbers of points that had raised inquiries from their side which was taken care of in the first impression they gave.</p> <p>Then there was the political meeting, which I attended in the presence of the Minister of Exterior and the Minister of Oil and members of his delegation. So this time I did not adopt the isolated meeting style with him.</p> <p>And the reason for this is that what we speak with him about not going around and reaching others. When he asked that you have produced such amounts of the biological, so what was the goal of it, meaning what is the political or security meaning for its production.</p> <p>Of course we had told the technical comrades that when they ask, tell them this is not our job. We have the duty of implementation. Ask us in the implementation matters and when you do have questions of this kind, when Ekeus comes he will present them to the political official with whom he will meet.</p> <p>And that if this quantity was transformed into weapons or not. Also in regards to the timing of production and timing of destruction. Where are the beginnings, where are the orders, where are the documents etc? This point remained as one of the points they raised so I explained to him, look, I said, the threat we faced from Iran was an exceptional threat.</p> <p>Moreover, we are an independent country. There was no such party between Iran and us to say "stop here", meaning the Iranians would reach a certain limit and there would be an international party that would say it is enough up to here.</p> <p>I told him the wars that occurred in the region</p>

<p>وبلادنا احنا يعني اخذنا قرار كقيادة سياسية وان جزء من القيادة السياسية انه كلما نستطيع ان نوفره لمواجهة هذا العدوان نوفره.</p> <p>اولا في المال. قلت له نحن دولة منظمة، انتو تيجون تسألون انه زين هذا الموضوع انتوا صرفتوا عليه كذا مليون دولار ووين الوثائق مالتو ووين الحسابات حتى نعرف بالضبط.</p> <p>قلت له نعم نحن دولة منظمة عندنا وزارة تخطيط كفاءة ووزاراتنا كلها تشتغل على ميزانيات وعلينا حساب بس اكو ميدانيين اطلق فيهم التصرف والصرف بسبب هذا النوع من التهديد. الاول في بداية الحرب بشكل خاص هو شراء الاسلحة والاعتدة. تفوقنا احنا، الاتحاد السوفيتي قاطعنا بواخر كانت متوجهة من الخليج الى ميناء القصر رجعوا ونحن دخلنا حرب ما عندنا مصدر للتسلح.</p> <p>نحن نعم كنا نعطي جنط. جنطاط نجيب نحط له جنطة بيده ونقول له هاي عشر ملايين ، عشرين، خمسين مليون، روح ايش تقدر تحصل دبابات او مدفعية او عتاد روح جيبيها، سوينها. مو كلها هذه هي نظامية ولا كل الدولة العراقية تشتغل بهذا الشكل ولا كل الجيش العراقي يشتغل بهذا الشكل. لكن لهذه الفعالية بالذات اللي هي كانت مطلوبة لمواجهة العدوان الخاص اللي تعرضنا له، كنا نساويها.</p> <p>بيها رسك؟ بيها رسك. بيها خسائر؟ بيها خسائر. لكنه لما تقيصها ازاء الظرف القائم نحن نعتبرها كانت جيدة وضرورية ولسنا نادمين عليها. هذا من جانب.</p> <p>الجانب الاخر هو التسلح. قلت له احنا كقيادة سياسية انت الان تحكي عن المواثيق الدولية،</p>	<p>danger that threatened the existence of our people and our land, we I mean, took a decision as a political leadership, and I am a part of the political leadership, that whatever we can save to face this aggression, we saved.</p> <p>First in money. I told him we are an organized state, you come ask us that, okay you spent several million dollars. Where are its documents and where are the accounts so we could know exactly? I told him yes we are an organized state we have an efficient ministry of planning that works entirely on budgets and has an account but there are two areas given the disposition and spending because of this type of threat. The first at the beginning of the war especially was the purchase of weapons and military supplies. We became isolated. The Soviet Union cut us off. The ships heading from the Gulf to the port of Al-Qasr were turned back and we entered a war without a source of armament.</p> <p>We, yes used to give bags, bags we would bring and put a bag in his hand and tell him here are ten million, twenty, fifty million, go get whatever you can, find tanks or artillery or equipment, go bring it, we did this. Not all of this is orderly nor does the Iraqi state work this way, nor all the Iraqi army works this way. But for this performance especially it was required to face the exceptional aggression we encountered, we used to do it.</p> <p>Is it risky? It is risky. Are there losses? There are losses. But when you measure it with the current situation we consider that it was good and necessary and we do not regret it. That is on one side. The other side is armament. I told him that, as a political leadership you now tell me about international charters,</p>
---	---

ISGQ-2003-M0006443

	<p>المواثيق الدولية نعم احنا دولة احترمت المواثيق الدولية. بس خوميني ما كان يحترم اي ميثاق دولي. فمو مفروض انا احترم الميثاق الدولي حتى خوميني يبجي يستبيح بلادي، ويبيد شعبي.</p> <p>المواثيق الدولية تُحترم لما الاطراف المتعاقبة تحترمها. اما لما طرف ما يحترمها الطرف الاخر يجد نفسه مضطر الى ان يتصرف لحماية النفس.</p> <p>قلت له فاحنا اطلقنا العنان للعاملين بالتصنيع العسكري انه اي سلاح يقدرن ينتجونه ينتجوه. قالوا نقدر نطور الصاروخ؟ قلنا لهم طوروه. قالوا نقدر ننتج كيماوي؟ قلنا لهم انتجوا الكيماوي. قالوا ممكن ننتج بيولوجي؟ قلنا لهم انتجوا بيولوجي. كل شي يستطيعون الفنين والخبراء يجون يقولونا انه نحنا نقدر ننتجه ونقول لهم نعم انتجوه.</p> <p>ونستخدم ما نستخدمه من عند الضرورة. قرار الاستخدام هو قرار سياسي، ولكن العمل مطلق</p>	<p>international charters, yes, we are a state that respected international treaties. But Khomeini was not respecting any international treaty. So I am not supposed to respect international treaties so that Khomeini can come violate my country, and exterminate my people. International treaties are respected when warring parties respect them. But when a party does not respect it the other party finds itself obliged to behave to protect itself.</p> <p>I told him so we authorized the workers for the military production that any weapon they could produce let them produce it. They asked, can we improve the missile? We told them to improve it. They said, can we produce chemical weapons? We told them to produce chemical weapons. They said can we produce biological weapons? We told them to produce biological weapons. Everything that the technicians and experts came and told us that they can produce, we told them, yes, produce it. And we use whatever we use when necessary. The decision for use is a political decision, but the work is absolute.</p>
Saddam	<p>حتى الصواريخ ما استخدمناها الا بعدما وجهنا انذار لايران واستخفوا به واعتقدوا انه واحدة من كذباتهم</p>	<p>Even the missiles we did not use until after we sent an ultimatum to Iran and they undermined it, thinking it was one of their lies</p>
Tariq Aziz (11.50)	<p>فقلت له احنا ما كان عندنا ؟ سياسية نعم يقولك انا اتحمل المسؤولية يعني انه احنا قرارنا كان هو انه ننتج اي سلاح ممكن لخبرائنا وفنييننا يتوصلون الى انتاجه. محرم دوليا ما محرم دوليا، مخالف للاتفاقيات ما مخالف، هذا -موضوع اخر لانه الطرف اللي كنا نواجهه هو طرف خارج عن القانون، خارج عن الاتفاقيات، خارج عن العصر، خارج عن هذا الكوكب.</p>	<p>So I told them we did not have [inaudible] politics? Yes, he tells you that I will take the responsibility, I mean; our decision was that we produce any weapon which our experts and technicians can reach its production. Forbidden internationally, not forbidden internationally, a breach to international treaties or not, this is another subject because the party we were facing was an outlawed party, out of the treaties, out of the epoch, out of this planet. We, until the war ended between us and</p>

	<p>احنا، الى ان انتهت الحرب بيننا وبين ايران، ما كنا منتجين البيولوجي، ما متوصلين الى الانتاج واستمر الانتاج. خزن انت تقول لي حطيتوه بعبوات لغرض، عبوات، يعني تسليحية بقنابل وصواريخ، نقول لك لا. ما احتجنا. يعني ما كان الخطر اكو خطر دائم علينا. ايران ما عادت تشكل خطر دائم وكان عندنا قوة ردع ممكن كافية لاحتمالات تجدد النزاع بيننا وبين ايران. فما احتجنا للتسليح.</p> <p>انت في بالك اسرائيل. قلت له نعم احنا في كل البلدان العربية: مصر ولبنان وسورية والاردن والعراق، هذه تاريخياً من عام 48 حتى يعني مؤتمر مدريد هذه البلدان هي بلدان تتحوط ازاء اسرائيل. وتبني قدراتها العسكرية والردعية آخذة بعين الاعتبار اسرائيل. هذه معروفة، تاريخ هذا، الجيش العراقي حارب بال 48 ويا الجيوش العربية بال 67 ما لحق يصل بس كان متجه، يعني كانت قطاعات عسكرية متجهه للاردن صار وقت اطلاق النار. بال 73 اشتركنا</p>	<p>Iran, were not producing biological weapons, had not reached the production stage, and the production continued. A reservoir, you tell me, you put in propellers for a reason to, propellers, meaning armed with bombs and missiles, we tell you no, we did not need to. I mean the danger was not a permanent one on us. Iran was no longer a permanent danger on us and we had a retaliatory force sufficient for the possibilities of renewing the conflict between us and Iran. So we did not need armament.</p> <p>You think of Israel, I told him yes, in all the Arab countries: Egypt and Lebanon and Syria and Jordan and Iraq, this is historical since the year '48 until, like, the Madrid conference, these countries are countries that take precautions against Israel. And build their military and retaliatory capabilities taking Israel into account. This is well-known, this is history, the Iraqi army fought in '48 with the Arab armies, in '67 it did not reach it but it was heading towards it, I mean there were military sectors heading to Jordan during the first launch. In '73 we participated</p>

He did not even say how many tanks and planes he wanted, he said help me. I told him our tanks moved in the [inaudible] on the Syrian front, no one moves tanks in the [inaudible] but we moved them. <p>اسرائيل نعم كانت دائماً حاضرة في تفكيرنا وانه اي سلاح ننتجه بعد والى جانب الدفاع ضد ايران كنا نحسب به ان اسرائيل تعتدي علينا وبالتالي يكون عندنا سلاح ردع. واسرائيل ضربتنا عام 81 - معروف انه ضربت المفاعل النووي اللي معروف انه ... فاحنا اي سلاح ردع ممكن يستخدم للردع عندنا امكانية ننتجه انتجناه ترى.</p> <p>وما، يعني ما ما نعتذر على ذلك وانا في لقائاتي لما كنت وزير خارجية اثناء الحرب مع كلوفتشيفسون ومع وزير خارجية المانيا لما اثاروا هذه الموضوعات كنت وياهم صريح وواضح وقلت لهم نحن من حقنا ان نمتلك ما يمكننا من الرد على عدوان؟؟</p> <p>بعدين اسرائيل هي عندها سلاح نووي وهذا مخالف للقوانين والمواثيق الدولية وما تقدر تقول لي ان اسرائيل ما عندها كيماوي وما عندها جرثومي لذلك انا... فاذا تريد انت ان تبحث عن الفكر السياسي او على الفلسفة للصناعة العسكرية العراقية هي هذه.</p> <p>لكن لاستخدام، تعرف انت، احنا دخلنا الحرب عام 91، ما استخدمناه. عدا الصواريخ التي هي تعتبر من الاسلحة التقليدية يعني ما تعتبر من الاسلحة غير التقليدية. ما احتجنا نحول ال ال الخزين البيولوجي الى سلاح لانه ما كان اكو الحرب مع ايران منتهية.</p> <p>لما اجت الحرب واحتمالات الحرب ويا اميركا دمرناها. جماعتك قالوا انه انتم دمرتوها بايلول ويتشرين الاول وما كان عندكم قرار من مجلس الامن من اجل الحرب عليكم. قلت له ليش احنا شنو انت، هولاء غشمة. مباشرة بعد احداث آب طلعت نظرية التي سموها ال surgical operation يعني العملية الجراحية وهذه العملية او هذه الفكرة كانت رائجة لعدة اشهر انه اميركا تقوم بضربة سُميت جراحية لمنشآتنا العسكرية</p>	<p>minds and any weapon we produce after and along the defense against Iran we were thinking that Israel could attack us thus we would have the retaliatory weapon.</p> <p>And Israel attacked us in '81. It is well-known that it hit the nuclear power plant that was known that... so we, any deterrent weapon that could be used to deter which we could produce, we produced, you see.</p> <p>And we do not apologize for that and during my meetings when I was minister of foreign affairs during the war with "Klovchefson" and with Germany's foreign minister when they raised these issues I was frank and clear with them and I told them we have the right to possess what will enable us to retaliate against an [inaudible] aggression.</p> <p>Also Israel has nuclear weapons and this is against international laws and treaties and you cannot tell me that Israel has no biological or bacterial weapons therefore, I..., so if you would like to search for the political thought or for the philosophy behind the Iraqi military industry, this is it.</p> <p>But for us, you know, we entered the war in '91, we did not use it, except for the missiles which are considered conventional weapons, so it is not considered non-conventional weapons. We did not need to change the biological stockpile into weapons because the war with Iran was not over. When the war and its possibilities with America came, we destroyed them. Your group said that you destroyed them in September and October and you did not have a security council resolution for a war against you. I told him why, we, what are you, these people are ignorant. Directly after the events of August a theory called the surgical operation came into existence, meaning</p>

	<p>والصناعية.</p> <p>هذا كان حقيقة معروفة يعني شي آخر مار غريت ثاتشر وجورج بوش كانوا يتحدثون عن المادة 50 من ميثاق الأمم المتحدة اللي يجيزوهم ان يشنون الحرب دون العودة الى مجلس الامن. قلت هاي بعدين بعدين راحوا على مجلس الامن لما غورباتشوف راد له غطاء حتى يروح لمجلس الامن وبعدين غورباتشوف قبل اربع مليارات دولار وراح الى مجلس الامن. استفاد من غطاء مجلس الامن حتى يقبل رشوة. وميتران كان يحتاج الى غطاء اجبره بوش على ان يروح الى مجلس الامن ويأخذ قرار.</p> <p>قلت له هذه سياسة نعرفها نحن كنا عايشين تفاصيلها فاذا كان اكو خطر علينا. نحن كنا نعرف وكنا نقدر كقيادة سياسية ان هذا الخزين او هذا السلاح ما ممكن يستخدم في نزاع من هذا النوع لان الطرف المقابل عنده سلاح نووي وبالتالي اذا تستخدم هذا السلاح، الطرف الاخر رح يتخذه ذريعة لاستخدام السلاح النووي ضدك. بقاءه كخزين يعرضنا الى خطر لما يُضرب. فالامر الطبيعي والمنطقي هو انه يُتلف. كمان قال انتو الكيماوي بقيتوه بس البيولوجي ما.</p> <p>قلت له الكيماوي موجود. الكيماوي سلاح موجود معبى جاهز انا ليش اتلفه، ما استخدمه بعدين لما يعني</p>	<p>the surgical operation and this surgery or this idea was preponderant for several months that America will conduct a strike called surgical against our military and industrial establishments. This was a known truth I mean another thing Margaret Thatcher and George Bush were talking about article 50 of the United Nations Charter that permits them to launch a war without the approval of the security council. I said later, later, did they go to the security council when Gorbachev wanted a cover to go to the security council and after that Gorbachev accepted four billion dollars and went to the security council. He benefited from the cover of the security council in order to accept a bribe. And Mitterrand needed the cover, Bush forced him to go to the security council and made a resolution.</p> <p>I told him we know this policy. We were living its details; therefore there was danger on us. We knew and we estimated, as a political leadership, that this stockpile or this weapon cannot be used in this type of conflict because the opposing party possessed a nuclear weapon therefore if you use this weapon, the other party will use it as an excuse to use nuclear weapons against you. Its remainder as a stockpile puts us in danger when it would be hit. So the natural and the rational thinking is that it should be destroyed. He also said you kept the chemical weapons but not the biological ones.</p> <p>I told him the chemical weapons are present. Chemical weapons are present, loaded, ready, why should I destroy it. I do not use it. Also, when, I mean</p>

Tariq Aziz	قلت له كردع. كردع. في المواجهة التي كانت تبدوا معالمها في عام 90 كردع احنا اعلنا	I told him as a deterrent, as a deterrent. In the confrontation whose features appeared in the year 90 as a deterrent we announced
Saddam	لما -- البيولوجي	When [inaudible] biological weapons
Tariq Aziz	نعم	Yes
Saddam	لكن قلنا صراحة اذا اسرائيل تضربنا او تفكر باستخدام النووي، احنا نستخدم عليها	We honestly said that if Israel hits us or thinks of using the nuclear weapons, we shall use on it
Tariq Aziz	المزدوج	The dual
Saddam	وسمينا سمينا حتى نوع ال... نوع الكيماوي	And we named, named even the type... the type of chemical
Tariq Aziz	قلت له قلت له هذا ليش السيد الرئيس اطلق تصريح في اول نيسان عام 90 احنا احنا ما كنا بالكويت في هذاك الوقت. ليش؟ لانه كان اكوا احتمالات ان اسرائيل تضرب العراق. السيد الرئيس قال ترى اذا ضربت اسرائيل العراق بالاسلحة النووي سنستخدم الكيماوي المزدوج وجاء بوب دول ووفد الكونجرس الامريكي وشرح لهم السيد الرئيس افكارنا واستعداداتنا في هذا الموضوع. اذا ضربتنا اسرائيل بسلح تقليدي نضربها كرد بالمثل بالسلح التقليدي اذا استخدمت سلاح غير تقليدي فاحنا عندنا الكيماوي.	I told him, I told him this why Mr. president made a statement on the first of April of the year '90 we were, we were not in Kuwait at that time. Why? Because there were possibilities that Israel would hit Iraq. Mr. president said, look, if Israel hits Iraq with nuclear weapons we will use the dual biological weapon. And Bob Dole and a delegation from the Congress came and Mr. president explained to them our ideas and our preparations regarding this matter. If Israel hits us with conventional weapons we will retaliate with conventional weapons. If it used non-conventional weapons we have the chemical.
	اذا البيولوجي ما فكرنا يعني في تلك الفكرة باستخدامه لا قبل احداث آب ولا بعد احداث آب. وبعدين لقينا انو ندمر.	Thus, we did not think of the idea of biological weapons neither before the August events nor after the August events. Then we found it fit that we destroy it.
	قلت له الان لا تحكي تقولي حولتوه الى قنابل او ما حولتوه الى قنابل. قلت له يعني هو بالنهاية شو اللي تريد تتوصل له شو الفرق اذا حولناه او ما حولناه؟ احنا ما حولناه لكن شو اللي تريد تتوصل له انت؟ هل يوجد لدى العراق في قناعتك الان اسلحة بيولوجية مخفية؟ انت انت بقناعتك كخبير نزع سلاح كرئيس لجنة خاصة صار لك اربع سنوات ونصف تشتغل	I told him now not to talk and tell me you altered it into bombs or you did not alter it into bombs. I told him I mean in the end what do you want to reach what is the difference if we altered it or if we did not alter it? Does Iraq have in your belief hidden biological weapons? You in your belief as an expert in dismantling weapons as a chair of a special committee you have been

<p>تلوج بالعراق</p> <p>اذا اكو واحد يثير هذا التساؤل او هذا الشك فهذا إهانة لذكائك وإهانة لكفائتك. مو تشكيك بالعراق. تشكيك بالعراق احنا سمعنا هوايا تشكيك بالعراق. بس إهانة لذكائك وإهانة لكفائتك كرئيس اللجنة الخاصة انو يجي واحد يقولك لا العراقيين خافيين يعني اسلحة بيولوجية. انت صارلك اربع سنوات ونصف تشتغل في كل انحاء العراق، ماكو مكان ما حفرتوا وسبق ان جانت الدعايات من هذا النوع. انت بال 93 مو جنت علينا قتلنا انواكو تقارير تقول انو هناك صواريخ مخفية؟ دزيت هذا الروسي، هذا سميدوفيتش، شو قال هديش انت بقيت في الصحراء الغربية، قال ستة اسابيع.</p> <p>قلت له ست اسابيع، اكو مكان ما حفرتوا؟ بعدين انتو من شون تحفرون على الصواريخ اذا لقيتو شي كيمياوي تقولون هذا مو شغلنا؟ مهو كله شغلكم.</p> <p>تلقون بيولوجي مو شغلكم، كله شغلكم؟ الرفيق ابو زياد قال لهم انتم حتى دورتوا على الطيار الامريكي المفقود. ما وجدتوا؟؟</p> <p>فاذا انت صارلك اربع - جانتك شيء تقارير على الصواريخ وما لقيت وجانتك تقارير اخرى وما لقيت وجانتك تقارير اخرى وما لقيت فشو معنى هذا الشكوك حول البيولوجي قد تكون صحيحة بالوقت اللي كل سابقتها من التقارير اثبتت انها غير صحيحة. اكو منطق يعني، يعني هسح العراق يجي يخفي فذ عشرين او خمسسين او الف قنبلة بيولوجية ويعرض نفسه الى استمرار الحصار بعدين على من يستخدمه؟ على من؟ انتو حبايبكم حبايب امريكا: الكويت واسرائيل.</p>	<p>working for four years and a half Roding in Iraq</p> <p>If one would raise this question or this doubt thus this would be humiliating to your intelligence and a humiliation to your competence. Not distrusting Iraq. Suspecting Iraq? We have heard plenty of distrust toward Iraq. But a humiliation to your intelligence and a humiliation to your competency as head of the special committee when someone comes and tells you "no" Iraqis are hiding, like, biological weapons. You have, for four and a half years, been working all over Iraq, with no place that you haven't dug and this type of propaganda has appeared previously. In '93 didn't you come telling us that there are reports saying that there are hidden missiles? You sent this Russian, this "Smidovich", what did he say, how long have you spent in the western desert, he said six weeks.</p> <p>I told him six weeks, is there a place you haven't dug? Also while you dig for missiles if you find something chemical would you say this is none of our business? This is all your business. You find biological not your business, it's all your business? Comrade Abu Ziyad told them you even searched for the missing American pilot. You did not find [Inaudible] So if you have been for four- you received reports on the missiles and you did not find any and you received other reports and did not find any and you received other reports and did not find any so why would those suspicions regarding biological weapons might be true in a time when all the precedent reports proved to be wrong. I mean it is common sense, so now Iraq comes and hides, like, twenty or fifty thousand biological weapons and exposes itself to a continuation of the</p>

	اذا نستخدمها على الكويت، الكويت مو محمية من قبل...	embargo, besides, on whom would it use it? On who? Your loved ones are America's loved ones: Kuwait and Israel If we use it against Kuwait, isn't Kuwait a protectorate of...
Saddam	وما تحتاج نستخدمها، على ايش يعني فوقها مدرعات؟؟	And it is not necessary for us to use it, why, I mean, there are on top of it [inaudible] infantries.
Tariq Aziz	نعم، واذا نستخدمها على اسرائيل، اسرائيل عندها قنبلة نووية تقدر تضربنا وتضرب عاصمتنا وتدمر عاصمتنا. يعني هو سلاح مو لازم يكون بيه منطق؟ يعني هذا واحد يخفي سلاح شو؟؟ قلت له الاتهامات مال السيدة اولبرايت ان العراق يستخدم يستخدم ممكن يستخدمه للارهاب. قلت له تاريخ العراق هم العراق ما ثبت عليه انه مشترك في عملية ارهابية.	Yes, if we use it against Israel, Israel has a nuclear bomb that can hit us and hit our capital and destroy our capital. I mean isn't it a weapon that should have rationality with it? Like, one could hide a weapon what [inaudible]. I told him Mrs Albright's allegations that Iraq uses, could use it for terrorism. I told him the history of Iraq. It was never proven that Iraq has participated in a terrorist operation.
Saddam	احنا فرد يوم نبهناهم الى خطورة ان ياتي اليوم تستخدم به اسلحة غير تقليدية للارهاب.	We even warned them of the danger that one day non-conventional weapons could be used for terrorism.
Tariq	نعم	Yes
Saddam	في وقت مبكر وبمحضر، يمكن حامد يتذكره يعني وبيا احد الاطراف الغربية والفرنسية والانجليزية يعني اتذكر بوقت مبكر	At an early stage and in a meeting, maybe Hamed remembers it, I mean this was with one of the Western: French or English parties, I mean, I remember at an early stage

ISGQ-2003-M0006443

Tariq	<p>نعم، قلت له في عام 82 قلنا لهم ما تستغربوا فرد يوم تتطور الشعوب والدول والعالم الى انه تيجيكم شاحنة وفي احدى العواصم الغربية هاي الشاحنة تنفجر وبها سلاح غير تقليدي، مو قابل. فيعني لازم علاقتكم وويا الشعوب والامم وطريقة التعامل يُعاد النظر بيها على اساس واحدة من العوامل الخطرة حالة من هذا النوع قد تحصل.</p> <p>قلت له في عام 82 احنا ما طلبنا من الاميركان انهم يشيلون اسم العراق من لائحة الدول اللي تساند الارهاب، ما طلبنا. هم اخذوا قرار وسمعناه وكان جيد، احنا قلنا لهم يعني هذا شي جيد. هم رفعوا اسم العراق من اللائحة اللي يدعون انها دول اللي تساند الارهاب، بدليل ان هم توصلوا الى استنتاج ان العراق ما يمارس الارهاب</p>	<p>Yes, I told him in the year '82 we told them not to be surprised that one day peoples, states, and the world would evolve that you receive a truck in one of the western capitals and this truck would explode with a non-conventional weapon, not bombs. So your relations with people and nations and the manner of conduct have to be revisited on the basis of one of the dangerous elements; a situation of this sort could take place. I told him in the year '82 we did not ask the Americans to take Iraq's name off the list of states that sponsor terrorism; we did not ask. They took a decision and we heard it and it was good. We told them, like, this is a good thing. They removed Iraq's name from the list of states which they claim support terrorism, which proves they reached a conclusion that Iraq does not practice terrorism.</p>
Saddam	اي سنة؟	What year?
Tariq	<p>82 قبل ما نعيد علاقاتنا الدبلوماسية وبياهم. قلت له لسبب واضح، قلت له العراق بلد قوي قوي يعني العراق بلد قوي وبلد غني وبلد عنده دور كبير بالمنطقة.</p> <p>؟؟ القوي والغني واللي عنده دور كبير ما يستخدم وسائل. هاي يستخدموها الدول اللي تريد تخلق لها دور، تريد تستخدم نوع من الابتزاز كوسيلة لتقوية دورها، قلت العراق طبعيا يعني هو بتكوينه ما يميل الى هذا النوع من السلوك.</p> <p>اذّا هذا كلام فارغ، المهم احنا مقتنعين وانت مقتنع انت تعرف جيدا انو احنا لا نمتلك الان ما هو محظور من قرارات مجلس الامن.</p> <p>وليس لدينا القدرة على اعادة انتاجه بدون معرفتك لانو نظام الرقابة مالتك نظام كفوء ويشغل بشكل كامل. انت عندك قصص، اكو تفاصيل معينة لا تزال تبحث عنها، ابحت عنها</p>	<p>'82 before we renewed our diplomatic relations with them. I told him for a clear reason, I told him Iraq is a strong country, I mean strong, strong. Iraq is a strong country, and a rich country and a country that has a big role in the region. The strong and rich [inaudible] who has a big role does not use means... these are used by states that want to create a role for themselves. They want to utilize a form of intimidation as a method to strengthen its role. I said Iraq naturally in its formation does not lean towards this type of conduct. So this is non-sense, the important thing is that we are convinced and you are convinced. You know well that we do not possess now what is forbidden by the security council resolutions. And we do not have the capability to renew its production without your knowledge because the monitoring system that you have is an effective</p>

<p>ولكن انت عليك ان تروح الان الى مجلس الامن وتقول لهم الهدف الاساسي من قراركم 687 فيما يخص الاسلحة قد تحقق</p> <p>وانا عندي متابعات ويا العراقيين على امور ذات طبيعة ثانوية ما تأثر على هذا الاستنتاج. قلت له انت قلت هذا في تقريرك في حزيران حول الصواريخ والكيماوي والوكالة الدولية للطاقة ايضا تقريرها واضح، نريد تقول شيء في نهاية آب في المجال البيولوجي. قلت له هذا الموضوع ما يخصك، رح اقولك شيء، اذا هذا الشيء ما تساويه في نهاية آب ما تساويه هذا يعني ان إما انت اذا كنت المسؤول شخصياً او اللجنة الخاصة او من يكون وراء مثل هذا القرار من جانبك فسيكون هذا الموقف مغرض وعدائي.</p> <p>واول من سيفسر ذلك على انه مغرض وعدائي هو المتكلم. قلت له انتو نسمع من قصص تتحاكون فيما بينكم تكتبون انو اكو بالقيادة العراقية حمائم وصقور وواصفينني على اساس انا يعني في مقدمة المعتدلين والحمائم. قلت له نعم انا في مقدمة المعتدلين والحمائم بس هذا يعني شيخ الحمائم رح هو اول واحد يستنتج بانو موقفكم مغرض وعدائي، وبالتالي هذا يستدعي التصرف وانا سبق ان قلت لك في السابق انو ماكو جدوى انه نستمر نعمل وياك وويًا مجلس الامن اذا ما تتطونا حقنا.</p> <p>تريد تسميه تهديد، قلت له انا الكلمات ما ما رح ادخل في جدل وياك. عندنا حق، نحن انتو طلبتوا من عندنا اشياء ننفذها، نفذناها عندنا حق في ان ترفعون عنا الحظر الاقتصادي، حصار</p>	<p>system and works at full capacity. You have stories, there are specific details you are still looking for, look for it but now you have to go to the security council and tell them the main objective of your resolution 687 pertaining to the weapons has succeeded. And I do have follow-ups with Iraqis regarding issues of secondary nature that will not be affected by this deduction. I told him you mentioned this in your June report regarding the missiles and the chemical weapons. And the International Atomic Energy Agency's report is also clear; we want to say something at the end of August in the biological domain. I told him this is none of your business; I will tell you something, if you do not do this thing at the end of August, you do not do it, this means unless you were personally responsible or the special committee or whoever is behind such a resolution from your part, this stance will be biased and hostile.</p> <p>And the first thing to explain this to be prejudiced and hostile is the speaker. I told him, you, we hear stories that are going on between you writing that there are in the Iraqi leadership doves and falcons and I was described as being at the forefront of the moderates and doves. I told him yes I am at the forefront of moderates and doves but this means that the leader of the doves will be the first one to infer that your position is biased and hostile, which will necessitate action and I previously told you in the past that there is no point in continuing to work with you and the Security Council if you do not give us our right.</p> <p>You want to call it threat? I told him that I will not enter into an argument with you over words. We have the right, we, you asked us to do things which we</p>

We have a right that you lift the economic embargo, economic siege [inaudible]. Give us our right and we will continue to work with you to the end. You don't give us our right, we will not continue with you. And this is clear, I made it clear to you last time and I am now, without doubt so that it is understood to you. And go tell the Security Council, tell them this is what Tariq Aziz told me.</p> <p>He told me this is how things are with the Security Council. I told him even your friends; I told him send my greetings to the enemies and friends alike. We respect the friends and want all of them to be our friends. And we want - I am very cautious in having a majority in the Security Council that understands and supports our cause. But you see we will not give up our cause because even our friends consider it when they are not too busy with something else, then, they will get busy themselves with.</p> <p>See this Bosnia, what does it mean? All the countries are busy with it while the number of people who are dying in Bosnia does not exceed 10% of the people who die daily in the Iraqi hospitals and no one cares about us.</p> <p>And we will not let go of our cause even our friends when they remember us barely continue to follow this issue. We have a right. The Security Council whether it was America or the entire Security Council has to make a decision in this regard. It has to give us our right. We want a majority in the Security Council, we do not have a majority, this another topic, so no, I mean I will not take into account your analysis that there are people who will be upset and others who won't or that there will be</p>

ISGQ-2003-M0006960 File type: Audio file Duration: 01:10:07 Setting & Subject: A meeting discussing democracy and centralization as a political concept with examples from different areas of the world. (QC: It seems that many non-Iraqi Arabs are attending the meeting.) -Time 00:00-00:15: Saddam Hussein ended a talk that he was giving. The last part of the sentence he said was: "This is the difference between control and loss of control." -Time 00:16-03:09: Someone (probably not Iraqi) criticised the situation in the Security Council, which is controlled by five countries who are empowered by the "Veto." He says that this is bad for international relations because it means that the minority will control the majority. It simply means that there is no democracy in the Western Countries. -Time 03:10-11:00: Saddam Hussein comments by saying that democracy in Europe is only a tool to help control the people for their own personal interests; it's not a matter of ethics. The western governments respect their people because of the necessity to keep their positions, not because of principles and ethics. Saddam then analyzed the Russian Parliament's problem during Yeltsin's term (last period) and how the western world behaved in order to overthrow Yeltsin. They thought that was democratic because it served their goals and interests. Saddam also talked about how the Arab nation contributed to the welfare and progress of humanity. -Time 11:01-15:31: Saddam Hussein invites a non-Iraqi Comrade to speak. This man is named 'Abd Al-nur (TC: or something like this). He gives examples of democracy in Switzerland and in the West in General. Saddam interrupts him to say that he (Saddam) has talked about the political aspect of democracy, not the social aspect. 'Abd Al-Nur said that democracy in the West is not totally ethical and is sacrificed whenever necessary. The democracy of the West is not necessarily suitable to our conditions here in the Arab world. -Time 15:32-30:46: (Saddam Hussein) explained that all Ba'th Party members are equal in rights and obligations at the "starting line." These rights and obligations increased in time and as a result of the efficiency and performance of its members and individuals. The Iraqis have their own version of democracy that depends on their circumstances or the country's. Saddam gave an example from Iraq where centralization decreased, even in the days of war. -Time 30:47-38:00: No speeches or conversations. -Time 38:01- 42:10 is Saddam Hussein asking all of the comrades to edit their papers dealing with the subject of the meeting, which is "Democracy and Centralization...Centralized Democracy...Democracy Centralization," which is to be presented to a Ba'th Party meeting. Conclusions will be submitted to the Cultural Office of the Party. Saddam emphasized the importance of dialogue and the necessity of activating Ba'th Party rule. -Time 42:11- 47:52 has different members discussing the development of the "Ba'th School" with Saddam, as well as similar ideas. They also discussed everyday administrative issues. -Time 47:53-50:29: Saddam Hussein comments on what Dr. Zaid Hidder said about the mistakes made at the beginning of the Palestinian liberation struggle and how the Ba'th party was late in resisting the naturalization of relations with Israel. -Time 50:30-56:50: Someone complained about the lack of communication between comrades when it came to discussing cultural and information. Saddam Hussein encouraged them to visit one another and meet continuously. (QC: For a full summary of this Audio file, please check the Human Translation.)

Setting & Subject: A meeting discussing democracy and centralization as a political concept with examples from different areas of the world. (QC: It seems that many non-Iraqi Arabs are attending the meeting.)

-Time 00:00-00:15: Saddam Hussein ended a talk that he was giving. The last part of the sentence he said was: "This is the difference between control and loss of control."

-Time 00:16-03:09: Someone (probably not Iraqi) criticised the situation in the Security Council, which is controlled by five countries who are empowered by the "Veto." He says that this is bad for international relations because it means that the minority will control the majority. It simply means that there is no democracy in the Western Countries.

-Time 03:10-11:00: Saddam Hussein comments by saying that democracy in Europe is only a tool to help control the people for their own personal interests; it's not a matter of ethics. The western governments respect their people because of the necessity to keep their positions, not because of principles and ethics. He gives examples of democracy in Switzerland and in the West in General. Saddam interrupts him to say that he (Saddam) has talked about the political aspect of democracy, not the social aspect. 'Abd Al-Nur said that democracy in the West is not totally ethical and is sacrificed whenever necessary. The democracy of the West is not necessarily suitable to our conditions here in the Arab world.

-Time 15:32-30:46: (Saddam Hussein) explained that all Ba'th Party members are equal in rights and obligations at the "starting line." These rights and obligations increased in time and as a result of the efficiency and performance of its members and individuals. The Iraqis have their own version of democracy that depends on their circumstances or the country's. Saddam gave an example from Iraq where centralization decreased, even in the days of war.

-Time 30:47-38:00: No speeches or conversations.

-Time 38:01- 42:10 is Saddam Hussein asking all of the comrades to edit their papers dealing with the subject of the meeting, which is "Democracy and Centralization...Centralized Democracy...Democracy Centralization," which is to be presented to a Ba'th Party meeting. Conclusions will be submitted to the Cultural Office of the Party. Saddam emphasized the importance of dialogue and the necessity of activating Ba'th Party rule.

-Time 42:11- 47:52 has different members discussing the development of the "Ba'th School" with Saddam, as well as similar ideas. They also discussed everyday administrative issues.

-Time 47:53-50:29: Saddam Hussein comments on what Dr. Zaid Hidder said about the mistakes made at the beginning of the Palestinian liberation struggle and how the Ba'th party was late in resisting the naturalization of relations with Israel.

-Time 50:30-56:50: Someone complained about the lack of communication between comrades when it came to discussing cultural and information. Saddam Hussein encouraged them to visit one another and meet continuously.

-Time 56:52-01:04:29: The discussion turns to 'Udyd's struggle in Somalia. Saddam Hussein thought that the lesson learned from "Um Al-Ma'arik" (1991 Battle) was applied in Somalia. After that battle, it was difficult for the people to surrender. The Somali people refused to surrender in spite of their poverty and lack of weapons. The Americans couldn't find any significant targets to hit in that poor country. "Um Al-Ma'arik" became an example.

-Time 01:04:30-01:05:23: (Saddam Hussein) closed the meeting and left.

-Time 01:05:24-01:10:07: No conversations. End of tape.

Document Remarks

[REDACTED] This Audio file (35:20) contains: -Time 00:00 - 00:52: An Iraqi official speaks to Saddam and mentions three names: 1.Dr. 'Abd-al-Sattar Al-Rawi [Director of Special Financial Office] 2.Major General/ Muhammad Khudayr [Director of Supervision] 3.Faruq Hijazi -Time 00:52 - 05:10: Saddam speaks to some Iraqi officials, including his son Qusay, about the World Trade Center collapse on Sep 11. He says that the American Intelligence is not expected to be behind this accident because of the number of American casualties. Then, he expresses his suspects about Israel to be the real criminal, and then he added that the Zionist lobby in America is able to support Israel and even to defend her against any possible suspects. Saddam mentions the American communication with Egypt and Saudi Arabia to determine the suspects of Sep 11 bombing. He mentions the name of Sheikh 'Umar 'Abd-al-Rahman. -Time 05:10 - 07:25: Saddam recommends to announce that Iraq has important information with evidence about the suspects of Sep 11 bombing. He wants to state that Iraq suspects many parts all over the world and some Americans as well. He wants to assert that the outcome of first investigations made in America is not reliable. He plans to offer help to America but through the supervision of the Congress. His plan aims at achieving a kind of political dialog between America and Iraq and to avoid any possible American accusations. - Time 07:25 - 13:20: Some Iraqi officials with Saddam discussing how they can take advantage

from Sep 11 booming by doing the following: They want to make a fake investigation with personnel and they want to claim that these personnel are involved in Sep 11 booming. They want the investigation to be recorded on video and audio tapes. They want to affect the international opinion through Iraqi TV programs covering such investigations. Moreover, he thinks that if investigations condemns some American authorities or some Zionist bodies, it will be favorable to Iraq. However, he does not want Iraq to really help America catch any Islamists lest Arab countries should accuse Iraq of fear from America. -Time 13:20 - 18:20: they want to declare to the International Society that they have got an American citizen or British citizen who is involved in the Sep 11 booming, by bringing randomly an Iraqi American citizen and lock him in the prison then to threaten that man in order to cooperate with Iraqis. But Saddam wants no details to be handled first. Saddam wants to win the sympathy and support of the International Society. -Time 18:20 - 20:15: An official raises the issue of the Iraqis who are born abroad and have foreign citizenships. He wants any father to register his new-born at Iraqi authorities abroad. -Time 20:15 - 23:00: An official reads the suggested announcement according to Sep 11 plan, and Saddam gives his consent to broadcast on the Iraqi TV newscast. -Time 23:00 - 30:50: They begin to speak about the Kurdish elections. There are some side talks too difficult to follow. They want to influence the Kurds so as not engage in war for autonomy. An official mentions the names of Mas'ud and Jalal as two opponent leaders in Kurdistan. Also, the Kurdistan Democratic Party as well as the Islamic Party is referred to. In the end, an official recommends to detain the members of a family called 'Abd-al-Rahman, for security investigations. -Time 30:50 - 35:20: no conversation.

		<i>[TC: at different points of this audio there were sounds of dictation and typing. Also ruffling of papers and different persons speaking simultaneously which distorted the quality of the audio. It seems like that Qusay Saddam Hussein was present, but transcriber/translator was unable to verify his voice]</i>
MV:	اللي احب ا قوله بشكل مباشر سيدي -	What I would like to directly say Sir -
Saddam	انوه هما	Which are they?
MV:	<p>مدير المكتب الخاص مال الدكتور عبد الستار الراوي. مدير المتابعة هو محمد خضير. يعني سبق ان كرمته سيادتكم - يعرفه الاستاذ قسي وفاضل حجازي ايضا. يعني شفت موضوع مهم فقلت لازم يعني</p> <p>[inaudible]</p> <p>في الجهاز المتقدمة وباشرافي يعني.</p>	<p>The private office manager of Dr. Abed al Sattar Al Rawi. The director of Follow up is Mohammad Khudair, who you previously honored; Mr. Qusay knows him and Fadhel Hijazi also. I figured that it was an important matter so I decided that we should [inaudible] in the higher ranks and under my supervision.</p>
Saddam	<p>نعم - يعني الموضوع من الاوليات الامامنا واضح اكو ترتيب معين فني لامريكا ليست بعيدة عنه وهيك شغلات وسخة ممكن المخابرات الامريكية تشتغلها اذا كان عندها غرض اكبر من يعني اكبر من الخسائر والتضحيات اللي تقدمها. لكن هذا الموضوع يخص مواطنين امريكي. تفجير المركز التجاري الامريكي رح (يتوقعون) بيه تضحيات. خسائر والخسائر وقعت فعلا يعني نشرتها الاعلام وانتم الان تستذكروها. فشلون ممكن للمخابرات ان تقدم على هيك عمل مع انه بيه مثل هذه الخسائر بالمواطنين الامريكيان؟</p>	<p>Yes, this issue from the preliminaries before us there has obviously been a special technical arrangement where the US seems to have a hand in. These dirty games are games that the American intelligence would play if it had a bigger purpose, which would be bigger than the losses and sacrifices it would have to suffer. But this issue concerns the American public- you would expect losses in the bombing of the World Trade Center. Losses. And they had losses; the media announced it and you remember it. So how could/would the American intelligence do such a thing even though they knew there would be American human losses?</p>
Saddam	<p>لانه العمل مو في طور التحضير حتى نقول مجرد عملية تكتيك فني يقصد بيه جهة معينة. لازم اكو جهة قلبها ما يوجعها على المواطنين الامريكيان ولا</p>	<p>Because this is not in the prep stage for us to claim that it is just a technical tactic intended for a certain party. It must be done by a party whose heart</p>

ISGQ-2003-M0007419

	<p>اثرها سياسيا مباشرة تقع عليها. وهنا تيجي شكوكنا على اسرائيل. اسرائيل لما تسوي هيك عملية ممكن تقدم خسائر وهي عندها وسائلها اللي تقدر حتى لما تنكشف بعض الخطوط او الخيوط تقدر ترجم عليهم التراب وتضيع الشغلة، اللوبي الصهيوني موجود داخل امريكا وفعال. فهذا هم احد الاحتمالات.</p>	<p>would not break over the loss of American lives and who would not suffer direct political consequences. Of course we immediately think of Israel. Israel, when it conducts such an operation is willing to suffer losses and it also has its methods by which even if some plans lead to it, it is able to cover the matter up and distract people from it. The Zionist Lobby is alive and effective in the US. So this is one of the options.</p>
Saddam	<p>ولكن شنو الهي اغرى هاي الجهات كلها لان تبدي هذا التعاون خاصة اذا اتصالتها بالسعودية صحيح. لانه من يقول هذا اتصل فعلا متصل بالسعودية و [unintelligible] باسم عبدالله مثل ما قال [unintelligible] نوري - مثل ما قال عبد الرحمن يمكن تكون هذه القضية كلها مفتعلة من عبد الرحمن او قد يكون هو اتصل بغير جهة واشعره لعبد الرحمن ومن خططه والاعيب الناس اللي من هذا النوع انه هو ديتصل بالقنصلية السعودية بجوز اتصل بغير جهة. شنو نوع العملية الاغرائية اللي تقدم للسعودية حتى تشارك بهيك عمل؟ او تدري بيه ما كو غير اذاء العراق. ولكن هذا يفترض الاطلاع الرسمي من امريكا.</p>	<p>But what tempted all these other factions to show such cooperation, especially if its contact with Saudi Arabia is correct. Because when he says he contacted then he really has contacted Saudi Arabia [unintelligible] in the name of Abdullah like [unintelligible] Nouri said. Like Abed al Rahman said, this whole matter could be thought up by Abed Al Rahman or he could have possibly contacted another faction and informed Abed al Rahman. One of the tricks and games of such people would be for him to pretend that he is contacting the Saudi consulate but maybe he is contacting a different party. What kind of temptation would they offer Saudi Arabia to participate in such an operation or know of it? Nothing would be as effective as bringing harm to Iraq. But we assume that we would need the official knowledge of the US.</p>
Saddam	<p>انه ممكن السعودية تدخل هيك مدخل الا بتطلاع رسمي من امريكا. شنو ممكن يغري مصر؟ لانه هم ودت اشارات على مصر. يعني يغريها بالدرجة الاولى عملية توريط رجل الدين اللي دهو يحمل راية المقاومة ضدهم. اللي اسمه عمر عبد الرحمن. ويغريها بدرجة اذا تؤذي العراق. واعني بالنظام المصري. ولكن ايضا ما يمكن ان تخطو خطوات من هذا</p>	<p>Is it possible for Saudi Arabia to enter into such an operation without the official knowledge of the US? What could tempt Egypt? Because it also sent signals to Egypt. Well, Egypt would primarily be tempted to involve the cleric who is carrying the banner of resistance against it. Whose name is Omar Abed al Rahman. And it also tempted to harm Iraq. And I mean by</p>

ISGQ-2003-M0007419

	<p>النوع الا باتطلاع وبمعرفة بل وبطلب رسمي من امريكا. فيعني هذه كلها تشوف رح</p> <p>[unintelligible]</p> <p>انه باستمرار نطرح في هذه المرحلة عوامل متضاربة لانه مو كل الحقيقة مكشوفة امامنا كما هي. لانه المتهم اللي بايدينا انا اعتقد انه كل هذا الكلام اللي ديقوله يعني مرتب ويعني ديلعب ديلعب. ويؤثر بالسنايو.</p>	<p>that the Egyptian government. But it also can not take steps of this nature with out the knowledge and even the official request of the US. So with all this you would see that [unintelligible] that constantly at this stage we offer conflicting factors because not the whole truth is revealed to us as it is. Because the suspect we have in our custody is too organized in what he is saying and is playing games, playing games and influencing scenario.</p>
Saddam	<p>الخلاصة من هذا الموضوع انا</p> <p>[unintelligible]</p> <p>ان نسوي صيغة اعلام مفاجئ ونقول احنا يعني اطلعنا على معلومات خطيرة تتعلق التفجير اللي حصل في امريكا. وهناك جهات يعني كشفها التحقيق الاولي انها متورطة في هذا الموضوع وحتى الان لا نعلم اذا ما كان هناك جهات امريكية متفقة على هذا التكتيك ان لم نتوصل بعد اذا ما كانت هناك جهات امريكية ذات صبغة رسمية او شبه رسمية متفق على مثل هذا الترتيب ولكن نحن لدينا مثل هذه الدلائل ولدينا شكوك تدعمها بعض الادلة من انه هناك جهات عديدة مشتركة في هذا الموضوع ليس بالضرورة الواجهة الاولي التي اعلن عنها في التحقيقات الامريكية هي الصورة النهائية للموضوع.</p>	<p>The conclusion of this matter, I [unintelligible] to issue a surprise statement and say that we have become privy to dangerous information that concerns the attacks that occurred in the US. And that the initial investigation has uncovered factions involved in this matter and up to now we do not know if there are American parties in cooperation with this tactic. Because we have not yet found out if there are American official or semi official parties involved in this arrangement, however we have indication to that end and we have our suspicions that are supported by some evidence that there are several factions involved in this matter. The initial persons involved in this matter are not necessarily the complete picture of the situation.</p>
MV1	<p>واحنا مستعدين لـ - مستعدين هيك من غير من غير تبريرات مستعدين لان نتعاون مع جهات نتأكد من انها يعني نتصرف بمعلوماتنا بصورة نزيهة. او بأي صيغة من الصيغ. يعني خلي الشيء العام حتى نخلي مجال للاستفسار الامريكي الرسمي ولجوابنا ولالصيغة والصيغة المقابلة هم</p> <p>[inaudible]</p>	<p>And we are prepared to ...eh...we are prepared, just prepared without reasons... we are prepared to cooperate with parties who are assured will treat our information in an honorable manner.[dictation ended re the statement to be issued] Or in any framework, let it be general so that we can allow space for the official American inquiry and for our response, the format and the response to it they</p>

MV:	كمدخل	As an intro.
Saddam	ونحن نكون قد اعلنا مسبقا ضيعنا على الامريكان فرصة الاعلان المستقل. لانه اذا سوى اعلان ونحن نيجي ندافع ما رح حد يسمع كلامنا. وانا اميل [unintelligible] لهذا [unintelligible] الاعلامي. يعني. نعم	By us announcing first we would preempt the Americans independent announcement. Because if they do announce and we try to defend ourselves no one will listen to us, and I favor [unintelligible] for this media [unintelligible].....yes?
MV:	سيدي يجوز هي الصهيونية هي لعبت دور اساسي في	Sir it is possible the Zionists played a major role in it.

Tariq Aziz	هذا سيدي- تسمح لي - خلي الفريق يقول له تعال نرجع للقصة من اولها شوي القصة مو واضحة -	Sir, if you will allow me, let the Gen. ask to repeat his story from the beginning because it is not clear to him.

ISGQ-2003-M0007419

Saddam	يعني عاود ذكر الموضوع كله.	You mean have him repeat the whole story?
MV:	نعم سيدي	Yes Sir.
Saddam	وايضا هذا هم اسلوب صحيح في التحقيق انه الواحد من يسأله عيد لي يشوف اشقد يختلف ووين يختلف. يعني اي الموضوعات يتناولها بدقة واي الموضوعات يتناولها بدقة اقل.	This is also a correct interrogation method, because when you ask the suspect to repeat their story, you check the facts against each other and see where they correspond and where not, meaning which topics he is detailed about and which not.
Tariq Aziz	نعم	Yes.
Taha	مش واضح – [unintelligible] العراق وانما الضغط على الفلسطينيين يعني اسرائيل سوتها	[unintelligible discussion] Iraq but the pressure is on the Palestinians but Israel did it.
Saddam	لا هي تحولها [unintelligible] بحاجة الى تحويل الرأي العام العالمي على قضية على جرائم تسميها عربية وفلسطينية.	No it changes it [unintelligible] needs to change the international public opinion against offenses called Arab and Palestinian.
Taha?	ايه حتى تحصل على دعم اكبر من امريكا [unintelligible] الفلسطينيين [unintelligible] الاجانب والضغط على العالم في موضوع [unintelligible]	Yes, so that it can get larger support from the US [unintelligible] the Palestinians [unintelligible] the foreigners and to pressure the world regarding the matter of [unintelligible].

Saddam	واحنا بغض النظر على ردود فعلهم عاد في مرحلة اخرى ورائها نبدي نطلع هذا الرجل في التلفزيون نطلعها كحلقات بس ما نخليه يشوفها التحقيق حتى لو بعضها ما مقتنعين بيها بحيث نخلي الرأي العام	As for us in spite of their response in the next step after that we should start showing this man on TV but show it a series of episodes without letting him [the suspect] see the interrogation, even if we are not convinced of some of

ISGQ-2003-M0007419

	<p>العالمي يظل يتابع الموضوع من جهتنا وننشئ اهتمام جدي بالحلقات اللي الى ما اتطلعت على الحقيقة ما بإمكان الجهات الرسمية الاخرى ان تضمها. كالنغرس الاميريكي، مجلس الشيوخ يعني وراء ما نذيعها نبعث لهم تسجيلات عن طريق سفارتنا هي تسلم ظرف شخصي تعطيه لعضو الكونغرس فلان عضو مجلس الشيوخ الى اخره - ونقلهم اتطلعوا على هاي الحقيقة حتى تقدرن تتابعن من تبدي هيك جهات تهتم بهذا الموضوع رح نكتشف الحقيقة. نكتشف هاي اللعبة اللي ارادوا يزجون بيها العراق ومنو القائم بيها وكيف دبرت. وتفيدنا كثير تفيدنا في موضوعنا. في موضوع موقف اميركا من عندنا.</p>	<p>what he says. We want to do it in a way to keep the international public opinion on our side and keep them following up on the episodes. We also want to create a serious interest in the episodes so that when the truth comes out the other official entities cannot hide it/cover it up like the US Congress and the Senate, meaning that after we broadcast them, we should send recordings through our embassy, which in turn will deliver it personally to the so and so Congressman or the so and so Senator etc. We then tell them to see the truth so that they can follow up. And when people like that, paying attention to this matter, we will discover the truth. We will discover the game that they wanted to push Iraq into and who carried it out and how they arranged it. It will benefit us greatly; it will benefit us in our issue in the matter of the stance that the US has taken against us.</p>
Saddam	<p>حتى في وثائق مجلس الامن لاحقا لما [inaudible] نقول لهم تفضلوا شوفوا شلون الملاحقة تجري على العراق. ليش تستغربون الامور الاخرى. اذا كانت في هذا المستوى من الاجرام ناس يضحون بناس مواطنين من عندهم - مو ممتلكات امريكية حتى يلحقون ضرر بالعراق. واذا طلعت الجهة اللي قائمة بالعملية صهيونية بدون امريكا الرسمية فايضا هذه مكسب كبير للعرب ان تنفض قضية من هذا النوع.</p>	<p>Even concerning the Security Council documents later when [inaudible] we can tell them, to look and see how Iraq is being intentionally harassed. And why should they be surprised at what else happens. If things have reached such a level of criminality where people are willing to sacrifice their own citizens, not just American assets in order to bring harm to Iraq. And if it comes out that the entity that carried this operation out are the Zionists without the involvement of any American officials, then it would be a big bonus for the Arabs, if such a case were exposed.</p>
Saddam	<p>احنا في صيغة الاعلام اهم شيء ان لا [inaudible] الرأي العام العالمي العربي وكأنما نتعاون مع امريكا ضد المعارضة يعني يعني هذه</p>	<p>In our media the most important thing is not to [inaudible] the Arab public opinion as if we are cooperating with the US against the opposition I mean... I mean this - that is why our</p>

ISGQ-2003-M0007419

Because it is possible that in the end we will discover – even if it is a very weak possibility that the operation was organized by a fanatic group [inaudible] who carried it out. In that case we would be accused by the Arab public opinion that we assisted the Americans because of our weakness and fear, against the Arabs and Moslems or something of that nature.</p>
Saddam	<p>ولكن من يقرون اعلامنا ينطوي على شكل مسبق بأنه هذه اريد منها الاساءة الى العراق من غير ما نقول بيها الاساءة الى العراق. ما نجيب</p> <p>[inaudible]</p> <p>العراق. لانه من يصير – هاي اساءة للعراق والى اخره يقصد منه وما يقصد منه – يفهم اعلامنا وكأنه دفاع عن النفس. بس يجي الاعلام بصيغة انه نحن اتطلعنا على معلومات مهمة تتعلق بالتفجير اللي حصل ولدينا من الوثائق يعني ما يكفي لتشيير الاتجاه الاولي على الكيفية التي صار بيها العمل اللذي حصل ولا نعرف ولا نستطيع ان نجزم حتى الان ما اي جهات اللي على علم باللذي نحن اتطلعنا عليه في امريكا ولم تروج هذا الاطلاع او هذه المعلومات. يعني الى اخره – يعني بصيغة من الصيغ الذكية لا تحوي كامل الصورة ولكن في نفس الوقت تموت اي اعلان دراماتيكي هم مخططين لان يقومون بيه ويعلنوه ويشوشون الرأي العام.</p>	<p>But when they read our media which will previously show that the intention was to harm Iraq without stating that there was harm to Iraq. We don't want to bring in the [inaudible] of Iraq. Because once it is – this is an insult to Iraq etc, this implies and doesn't imply, then it will seem like we are trying to defend ourselves. But when we state in our media that important information was uncovered, which has to do with the attack that happened and we have documents that are sufficient to indicate the initial set up of the operation that occurred and that we do not know, nor are we able to determine if there were entities in the US who knew of this operation but did not advertise or announce this information etc. Put [Announce] it is a smart way that would not give the full picture but at the same time would kill any dramatic announcement they intended to make to confuse the public opinion.</p>
Saddam	<p>بالعكس الراي العام يقوم يسمع من عندنا. نحن صرنا نصير مصدر المعلومات ويوميا نصرح بشيء جديد بحلقة من الحلقات ونخلي المتابعة الاعلامية كلها</p>	<p>And the opposite will happen, the public will listen to us and we become the source of information and then we reveal something new daily in one of the episodes and let all the media</p>

	تجري ومن خلال ال اه هي الشكوك رح تبدي تتجهه الى قصاها.	follow up, go through the eh... the doubts will start being directed to the target.
Tariq Aziz	نعلن انه شخص معتقل عندنا يعني ؟	So do we announce that it is someone who is detained by us?
Saddam	لا نحن نقول عندنا وثائق – عندنا وثائق واسايد والى اخره	No, we just say we have documents, we have documents and papers etc.
MV:	واسماء سيدي	And names Sir.
Saddam	واسماء من غير ما نشير الى التفاصيل بالمرحلة الحالية.	And names without indicating the details at this point.
MV:	اسماء او وثائق؟	Names and documents.
Saddam	اسماء ووثائق.	Names and documents.
	00:13:35	
MV:	ها سيدي يعني هم الان يعرفون انه هو موجود بالعراق؟	Well, Sir, do they now know that he is in Iraq?
Saddam	هم ايش رح يقولون؟ رح يقولون انه سلمولنا ايه. سلمولنا الوثائق وال يعني هاي الوثائق نحن نقول لهم هذه لازم تجري ووفق ترتيب خاص. يعني الطلب لازم يجينا رسمي يعني بصيغة من الصيغ اذا الحالة لما نيجي نسلم لهم – نسلم لهم موقع من الطرفين. انه استلموا فلان تاريخ فلان كذا الاعترافات فلان الى فلان هون عندهم فلان شيء فلان شيء فلان شيء بحيث ما يقدر يضموها. ويسوون لنا الطريقة اللي كانوا مخططين.	What are they going to say? They are going to say, deliver the documents to us and the... eh... and that these documents we tell them that this must occur in certain arrangements. Well, we must get a formal request, in some sort of format when we go to deliver it to them – deliver it signed by both parties. That they were handed so and so, on so and so date, the confessions of so and so to so and so and that they have this and this and this, so that they can't cover it up, and harm us in the manner they were planning to.
MV:	سيدي رسميا عفوا مثل مال الامم المتحدة ويا جناب رئيس الوزراء. انه هذا الجانب يوقع وهذا الجانب يوقع – [inaudible] تلفزيون	Sir, officially, pardon me, like the UN with the Prime Minister- that this side signs and this side signs – [inaudible] the TV.
MV:	نعم نعم هو مال الدولة – التوقيع مال الدولة. لانه هاي وثائق لازم تصير	Yes, yes, it is the government's – the signature of the government – because these are documents that must be [inaudible] officially and the suspect

ISGQ-2003-M0007419

	[inaudible] بصيغة رسمية والمتهم ينقل بصيغة رسمية والى اخره.	transferred officially etc.
	مش واضح	[Unintelligible discussion/comments]
Saddam	مثل هذا الاعلان لما يحكون اي شيء العراق - والعراق ارهابي ويقول لك العراق عنده وثائق في هذا الموضوع وما عنده [inaudible] وصل للشيء اللي يتعلق بالارهاب والتخريب والعملية الاخيرة.	Well with this announcement, when they say anything about Iraq- that Iraq supports terrorism and then they have to say that Iraq has documents on this issue and they don't have [inaudible] it reaches the issues of terrorism, trouble making and the latest operation.
Saber	هم بنضبطون عليه لا يكون ينتحر هم احتمال [inaudible]	They need to watch him so that he doesn't commit suicide. There is a possibility [inaudible].
Saddam	ينتحر ويجوز اكو جهة هي تقتلك. فما يصير [inaudible] الحرس والخيزران وهناك يموتون	He could commit suicide and someone might kill him. They mustn't [inaudible] the guards, and whipping and then they die.
MV:	سيدي بس ملاحظة - هو عنده الجنسية الامريكية. فمحتمل واحدة من اللي ذكرها الفريق صابر [inaudible] بموجب المخابرات. وواحدة من الاشياء اللي كان معتمد عليها برزت في بداية الاعترافات مالتة انه هو على اساس بريطاني الجنسية.	Sir, just a comment. He has the American citizenship- it is possible that one of the things that Gen. Saber mentioned [inaudible] according to the intelligence service. And one of the things that he was depending on that came out in the beginning of his confession was that he is of British citizenship.
Saddam	نعم	Yes.
MV:	فما رح يسهل عليه الاجراء - يعني ما رح ينعدم او هو خطأ عليه. فيراد يفهم انه هذه بعيد عليه انه هذا القانون العراقي.	So it will not make things easier for him, that he won't be executed or be judged- he must understand that that won't happen that this is the Iraq law.
MV:	يفهم انه نحن نتعاون وياه عراقيا. هاي الجنسية الامريكية هاي عادة مو الالاف	He must understand that we will deal with him as an Iraqi. This American citizenship- don't thousands of Iraqis

ISGQ-2003-M0007419

	العراقيين يحملوها بصيغة الولادة – بالنسبة لنا هاي [inaudible] نحن رح نحاسبك على قانون وعلى جنسيتك العراقية.	carry it through birth – but to us it is [inaudible] we will deal with him according to the Iraqi law and his Iraqi citizenship.
Tariq Aziz	لا خلي هاي ما نستعجل بيها سيدي – [unintelligible] لانه هو افضل لنا انه يكون امريكي	No Sir, let us be prudent with this [unintelligible] because it is better for us if he is an American.
Saddam [possibly Qusay?]	لا غراض التحقيق	For purposes of interrogation
Tariq Aziz	نعم لا غراض التحقيق مش واضح	Yes, for purposes of interrogation. [unintelligible group discussion]
Saddam	ويا المتهم	With the suspect
Saddam [?]	ملاحظة قسي صحيحة – انه من تيجي على اساس جنسيته امريكية وما حد يقدر يضغط عليه بالتحقيق فنحن لازم نفهمه حتى نجرده من هالاتكاء السيكلوجي – نفهمه احنا رح نتعامل وياه يا معود على (بس مو ط ع) كثير من العراقيين اللي راحوا لندن وولدوا بالمستشفى ويسجلوا على حساب الجنسية الامريكية. اي نحن ما نشغلها هيك – ما نشغل ونتعامل وياه كعراقي ينطبق عليه القانون العراقي. الرحمة الوحيدة اللي ممكن تأخذها منا انك تتعاون ويا التحقيق بصورة صحيحة. وتقنعنا انه انت افادتك انت ما ... هاي طبعا توقيتها وايش وقت	Qusay's comment is correct- when we approach him based on his American citizenship we can not pressure him in our interrogation, we must make him understand that so that we can take away this physiological prop of his- we need to make him understand that we are going to deal with him on [comment from Tariq Aziz "but not"] many of the Iraqis who went to London and were born in the hospitals and then got recorded under the American [British?] nationality. We don't do things this way- we don't do things this way we deal with him as an Iraqi who is under Iraqi law. The only mercy he can receive is if he cooperates with the interrogation in a full manner- and convinces us that his confessions are not... Of course this needs timing – what time.
Taha	حسب تطور الاعترافات	Depending on the development of the confessions.
Saddam	ولكن اهم نقطة انه يكتمون والجهات اللي يشوفها	But the most important thing is that they keep it to themselves and the persons he sees [inaudible] and we must be very careful that he is not

ISGQ-2003-M0007419

We must also not allow him to hear or read the papers and to hear from no one to [unintelligible] "what did you hear in the news today?" you know, how we the Iraqis are "hey the TV today announced news about you so and so" and then he goes off and tells him everything and then he [the suspects] hears unintentionally what we don't want him to hear.</p>
	00:17:57	
Saddam	<p>لازم امر الحرس غير لجنة التحقيق - يعني امر الحرس على السجن لو ينطيه الاكل وينتبه على تصرفه داخل السجن ويطلعوه ومو من بين الاعضاء اللي ذكرتهم.</p>	<p>Also his guards must be different from the interrogation team- the guard that deals with him in jail, feeds him and watches his behavior in jail and lets him out, must not be among the members I mentioned.</p>
MV:	<p>سيدي ولا من الحرس اللي طلوعوا من المخابرات واشتغلوا في السفارات الاجنبية.</p>	<p>And Sir, not from the guards who were transferred from the intelligence and who worked overseas in our embassies.</p>
Saddam	ولا من هذول	And none of those.

Saddam	ايه	Yes.

Saddam	نحن قلنا ما نستلم الا من الرفيق قاسم خلي السفير يحيطه علم الرفيق قاسم بهذا اللي حصل. ويقول لنا شو رأي الرفيق قاسم. ابو زياد تخاير من الاذاعة مباشرة.	We stated that we will only receive information from Comrade Qasem, so let the ambassador inform Comrade Qasem of the developments and tell us what Comrade Qasem's opinion is. Group	نقاش من واضح	[unintelligible conversation]
Tariq Aziz	احسن ما ينخبصون سيدي	Better not, so that we don't cause too much of a sensation Sir.
Saddam	الاكراذ عندهم انتخابات يريدون يسوون بيناتهم. هاي الانتخابات الامريكان العام او عزولهم انه كل واحد خمسين خمسين. اليوم داخين. هالسنة هاي داخين الامريكان شلون خمسين خمسين لو يخلوهم يختلفون. احنا اهم شيء في هيك انه ما يحطولهم عدو دائما في خطر عليهم في جو الانتخابات. يعني بغداد شوي تعطيهم نفس حتى هم بيناتهم يشتدون. فخطر على بالي نقول انه نحن يعني - يعني نرى بأنه ما لازم تكون فوهة البندقية هي الحكم في قضايا معقدة كالتى تحصل في شمال الوطن. وقد تصرفنا رغم مرارة كل التطورات والظروف الصعبة التي مرت علينا عبر الاكثر من الثلاث سنوات الماضية على هذا الاساس ونرى بأن هذا المبدأ ينطبق على الجهات المتصارعة في منطقة الحكم الذاتي بغض النظر على اتجاهاتها وتمسياتها المتصارعة في ما بينها ونحث على ان يتجنبوا فيما بينهم تطوير الصراع الى حد الاحتكام الى فوهة	The Kurds want to hold elections amongst themselves. Last year, the Americans told them they had to be fifty-fifty. This year, they are preoccupied, this year the Americans are occupied and don't know if they should let them go fifty fifty or let them disagree. The most important thing to us in this is that they don't allow a permanent enemy to be dangerous to them during the elections. Let Baghdad give them some breathing space so that they can resolve it between them. It occurred to me to tell them that we, we see that it is not necessary for the gun to be the judge in complicated issues taking place north of the country. And that we have behaved, in spite of all the hurt of all the developments and difficult circumstances that we wet through in the last three years, on this basis. And we see that this principle applies to the warring factions in the self-governed area regardless of their leanings and titles, who are warring with each other and we encourage them

ISGQ-2003-M0007419

	البندقية. هاي وقوف.	to avoid escalating the disagreements to a point where they will need the gun to judge between them. That is it. Stop.
Taha	بغض النظر عن رأيينا بينهم.	Regardless of our opinion of them.
Saddam	ايه بغض النظر عن رأيينا بينهم وبموافقهم لانه سفك الدماء يؤذي الشعب ويخلط الاوراق.	Yes, regardless of our opinion of them and their issues because bloodshed will hurt the people and confuse the issues.
Taha	[unintelligible] وزير الداخلية [unintelligible] من وزارة الداخلية	[unintelligible] the Minister of Interior [unintelligible] from the Ministry of Interior Affairs
Saddam	لا هيك كلام يطلع من شخص. من شخص لازم. من شخص ويقولها بمناسبة.	No, a statement like this, needs to come from a person, from someone... from someone who can say it on the occasion of

MV:	الداخلية مالتنا نعطي اعتراف بالاهداف مالتهم سيدي بال	Our interior [internal] we recognize their goals Sir in.....
MV:	لا نقاش سريع غير واضح حامي شوي - لو جنابك	No [a slightly heated intelligible conversation] if you please Sir.
Saddam	لا	No.
Tariq Aziz	او السيد النائب أو [unintelligible] يعني واحد من القياديين يعني بالمركزهم السياسي	Or the Vice President or [unintelligible] one of the leaders of those with a political office.
MV:	او رئيس الوزراء	Or the Prime Minister.
Saddam	اصفوا بيها يعني مو مستعجلة لانه زين لباكير وشوفوا شلون.	Think about it, we are not in a hurry, because tomorrow is fine and see what you think.
Tariq Aziz	هي مال الانتخابات مؤجلة يعني سيدي	Sir the elections are postponed.
MV:	قالوا [unintelligible]	They said the [unintelligible] the twelfth of the month- that was the latest

ISGQ-2003-M0007419

	انتعش الشهر - يعني اخر الاخبار اللي قريتها بالنشرات -	news I read.
MV:	يعني مو هسع	Then, not now.
MV:	هي ما تحددت عفوا سيدي يعني هو بداية الشغلة صارت- مسعود اعلن - اعلن قال انه نحن سبب الاضطراب في كردستان وعدم سيطرتنا الكاملة ونتيجة لي النتيجة المظلمة اللي نشوفها لمستقبل كردستان هو مسألة الفيفتي فيفتي لو نحن نقوت لو جلال يقوط - جلال اعترض وبعدين هم جماعة الحزب الديموقراطي الكردستاني ووياهم الاسلاميين صعدا رشاشاتهم على البيوت وقالوا لو تصير انتخابات لو نحن نصطدم وافق جلال بس بعد ما حددوا موعد الانتخابات.	They were not decided upon Sir- the thing started when Mas'oud announced - he announced that "we due to the confusion in Kurdistan and our inability to have complete control and as a result of the dark- as a result of the dark resolution we see in Kurdistan's future- which is the "Fifty Fifty" issue and that we must either step down or Jalal step down". Then Jalal objected and then the Democratic Kurdish Party joined by the Muslim fanatics set their weapons on the roofs of the houses and stated that either the elections take place or they will start clashing - so Jalal agreed but they have not yet set an election date.
Tariq Aziz	اليوم بالنشرة بشكل سريع ذكرنا اجلت خلال انتعش الشهر. [inaudible]	Today in the news they very quickly mentioned that they were postponed to the twelfth of the month. [inaudible]
Saddam	ايه يعني فكرة ونحطها على كيفنا نستكمل المعلومات ايش صار ونحط توقيتها وحتى صيغتها مرة ثانية وتذكر - بس كفكرة حتى ما انساها.	Yes, the idea is that we state it and then take our time in recording the information and the timeline and even reformat and mention it again - just as an idea so that I don't forget it.
MV:	تسمح سيادتك- يعني عائلة عبد الرحمن وجهنا للسكريتيرة نجيبهم ونحجزهم. انا ما أويدي سيدي - هذول يعني مش رايد وعجوز و [inaudible] اذا نطلعهم اقله نشوف [inaudible] يعني من نخليه عندنا. [inaudible]	Sir, if you please, concerning Abed al Rahman family we issued directives to the secretary to bring them in and hold them. Sir, I don't support that Sir, he doesn't want to and he is an old man and [inaudible] if we let them go at least we can see [inaudible] when we keep them here [inaudible].

Document Summary:

This documents encompasses internal correspondence and memos between various IIS Departments regarding information leaked concerning the capture of Abu Al-'Abbas by Iraqi authorities. Accordingly the Interpol in Rome requested that he should be handed to them for his involvement in the hijacking of the Italian ship Achille Lauro and killing an American tourist and throwing him overboard in 1985. The IIS claimed that such information was fabricated to allow the American Administration to continue to apply the sanctions and to label Iraq as a country that harbors terrorists.

The IIS strategy was to deny the story and request from Abu al-Abbas to leave Iraq for a visit of several Arab countries and use a different passport, route and name upon his return. The documents pertaining to the IIS plan is fully translated below.

In the Name of God the Most Merciful, the Most Compassionate

To: The Deputy in Charge of the Arab Liberation Movements Office

Struggle greetings...

I feel that it is my duty in such critical and important conditions to express about what in my mind and conscious toward the current phase of the great combat pages of 'Um Al-Ma'arik. The phase of confrontation with the Americans and their representatives including their dirty role within the Special Committee, so that I might participate with my colleagues in Iraq, their fair combat to put an end for the oppressive siege.

The first thing I would like to stress in this simple letter is that I put my self and my organization members at the order of the President and the wise leadership. We are completely ready to proceed with any movement and participate in any action, could help the fair issue of Iraq at present and at the future. I could not hide my feelings which full of appreciation and pride about what I have noted, from the highly skillful of the President and the wise leadership in handling the political battle against the American devil empire, and the success in mobilizing the Arab and the International public opinion to the benefit of Iraq. Therefore, the matter become in contrary to the previous position and the USA become under siege and insolated while the efforts and struggle of Iraq is obvious around the world.

According to my estimation, the most important result for such positive change is the retrieval of the Arabic mentality to its conscious, and its accidental and spontaneous unity against the American haughtiness. That was accompanied with refreshing the Arabs common memory about the crimes and attitudes of the United States, toward the Arab nation in all countries, all stages and all aspects; linkage and parallelism with the crimes and the plans of the Zionist enemy. This great victory must be always maintained, developed, popularized and deepen in order to achieve the required wakefulness and to defeat completely the American-Zionist plan which threatening the entire national security existence.

I believe dear comrade that America will not forgive Iraq for the skillful political performance in this round of fighting, which caused harm and great political and spiritual loss for the United States, as America lost its dignity, the balance, credibility and influence that practiced in a form of power and force on the Arab leaders. This will push America to react, revenge, and adventure sooner or later, directly or by the numerous other hostile, plotting and hurting ways. Therefore, we have to be always ready to confront all possibilities and more worst.

The national mobilization plan inside Iraq is a smart, successful and integrated plan, without going far in details. My thinking is concentrated on the field of the national mobilization toward strengthening Al-Jihad concept against America and the Zionist alike. Firstly maintaining and escalating the impel that achieved due to the distinguished political performance of Iraq. Secondly, to create effective and efficient popular situation against the American existence and the American policy also against the Zionist entity and the Zionist policy which could help in stopping the faltering and collapse in the formal Arabic situation and opening new horizons for resistance and rising. Thirdly, to urge on execute a series of field activities against the American interests and policies.

The ideas in this field are multiple and do not exceed in general, the contents of the Mr. President initiative during his historical speech on anniversary of the 17-30 July Great Revolution, except what excreted by the recent variable, about the visibility of confrontation precisely with America and its fellow Tel Aviv. We have to think about all the terminologies, and epitomes, which disturbing America, neutralized its plan, bridling its aggression, disclose its hypocrisy and duplicity.

On the top of these epitomes is destructing the American interests, striking it, mobilizing the Arabic public opinion with great number of political, unionist, vocational and social powers, to put pressure on this direction. Claiming to finalize the military existence, eliminate the American guardianship, preventing the American intervention in the Arab counties affairs and stopping the stealing for the Arab fortunes.

Promoting such major epitome and the secondary relevant epitomes must be implemented through Non-Iraqi parties that have no relation with Iraq, indirectly or directly in order to avoid the load of a new hostile campaign on Iraq. The Arab yard is full of parties, organizations and persons who can play this role, politically and tactically as a matter of tentatively defense about the nation rights.

The talking in the circles and the occasions about threatening the American interests is important, useful and effective. Launching the hostile signs against America is important and useful as well. The important thing is to have an advantage for every action according to the circumstances, time, place and the party or the parties who are acting. Every thing in this regard is in need of planning, study and scrutinize. From our side, we are ready to discuss all such matters excessively and in details if the situation requires that. We can discuss together the current and future probabilities, as the enemy will not change their intentions even if their skins changed.

The history will put in records that the great Iraq has pricked a wedge in the coffin of the American Imperialism and the International Zionism.

America and the Zionism down
Iraq and Palestine up

Yours, Comrade

Abu-al-'Abbas

Mr. Office Deputy Director

Honorable Intelligence Service Director

Subject\ Information verification

According to your lordship's instructions in the memorandum dated 21 December, Abu Al-'Abbas was informed about the following; he pointed out that he had received a sum of 2.5 million dollars which were spent on the camps given to him in Libya and also spent additional sums on them.

He adds that he was never approached by the Libyans regarding the elimination of any Libyan opposition or any other matter except what he reported to your lordship after his first visit to Tripoli in response to a Libyan request.

He believes the sources of this information are Abu Iyad and Abu Al-Hawl or Fath elements involved in the Palestinian-Palestinian disputes and within the Fath movement with Abu 'Ammar.

Comrade fighter: Honorable Arab Liberation Movements Office Director

Greetings from the Arab Nation,

First, I would like to present you with my warmest greetings. It is my duty to present you and your dear combatants in the political leadership with a live image of what we have gone through and seen at ground zero during our stay in Gaza for over two months during which we interacted in the field with all the sides involved in the Palestinian cause politically, popularly, economically and culturally.

In all frankness, I consider this field cohabitation important and beneficial for two reasons. The first reason is that it instilled in me a great conviction that there is a real opportunity for us to translate into action and apply the ideas of the combatant leadership in Iraq, especially in light of the historical initiative undertaken by Saddam Hussein the fighter in regards to liberating Jerusalem and Palestine. He undertook this initiative last year in June and reaffirmed it in his speech this current June; it includes a method and program to counter the plans and aims of the Zionist enemy in light of the current events. The second reason is that, personally, it gave me the opportunity to review the position more clearly, with more involvement in the center of Palestinian activity despite the fact that the time and right circumstances for me to remain longer were neither ripe nor achievable, even though such a presence is necessary now and then despite circumstances and obstacles _ which is what I will do.

I will not dissimulate from you, my comrades, that the Zionist enemy's attempt to impeach me and arrest me at the border check point in XXX to forbid me from entering Gaza, my determination to enter, the way we countered the enemy's attempt and did not submit to his desires or threats and the mounting of tension from our side and the side of Palestinian security forces, all that had a great effect on the spirit of our people who greeted it with great relief. This situation which lasted over five hours ended with us imposing our will and conditions and entering Gaza in a manner which galvanized the populace around us and served in positive communication with all political sides which knew perfectly well that I was coming from Iraq and that meant a lot to them. It also facilitated the conducting of meetings and intense political debates with all the political powers and the various popular effectives of all convictions without exception. During that time, we were therefore an essential axis of all Palestinian popular and political activities, perhaps serving the national and patriotic position we believe in.

I will therefore briefly and in focus relate to you the live image in its three aspects; political, economic and security. In the current situation these aspects constitute the basis on the grounds of which we will rebuild and attempt to improve performance in the hope of introducing effective dialogues. We hope these will result in methods and programs bringing us nearer to achieving the goals towards which we strive and to answering the call of our combatant leader Saddam Hussein, translating into action his historical initiative concerning the Palestinian cause.

First – Political Aspect.

The title of the current crisis is the absence of future security for the peace process which has long been studied and presented to our people as the beginning of salvation. Both America and the Zionist enemy are governed by its course and exercise pressure to extract new Palestinian compromises that exceed by far what was agreed upon in Oslo and later on. This is the Palestinian leadership's situation for which it can't be envied: it can neither progress forward nor retrace its steps in addition to its problems resulting from intermittent confusion, weakness, impotence and despair. It has no alternative, solutions or answers that could convince anyone, especially people belittling and mocking the position of the authority and its constant compromises the last of which included agreeing to the American initiative and the 13% redeployment according to severe Israeli security conditions, along with other important matters.

The state of weakness and impotence is fuelled by Mr. Yassar Arafat's health condition, the political and economic crises, the American and Israeli pressure in addition to the wide distribution of allegiances and affiliations in several leadership commands between supporters of Israel and supporters of Jordan, these allegiances are the most effective due to their positions, relations and capacities. These factors have interacted and created unrest in addition to with administrative and organizational management weakness for the authority, along with the entailed corruption. Simultaneously, this has created a huge popular movement expressing itself politically to a certain degree, holding on to the national cause and looking for a national and patriotic alternative to the current state. In our evaluation, this is an essential point

requiring study, preparation and follow-up by all national powers without exception, including our Ba'th comrades inside Palestine, in order to avoid chaos and prevent anyone from falling into the evil Zionist trap, thus defeating all the accomplishments of the national combat.

We have sense an excessive pessimism among many of the national authority's commands, especially those directly involved in the negotiations, starting with Yassar Arafat and through Mahmud 'Abbas Nabil (Illegible) and Sa'ib 'Ariqat. Abu Mazin (TC; possibly the nickname of Mahmud 'Abbas) expressed his pessimism to me although he is the primary godfather of the negotiations, the Oslo Accord and all that followed it.

We also noticed that the interaction of the two crises, political and economic, has created other crises on the social, cultural, psychological and security levels, thus adding to the congestion and setting the whole situation for an explosion if no national cures or effective secret and responsible awareness are implemented.

It is my prevision that serious work in a national and patriotic program with minimum abilities will change the Autonomous Rule regions from a position which Zionists and Americans wish will weaken the national cause into a true barrage to improve fighting and confrontation and serve in getting closer to the achievement of goals towards defeating the enemy program.

Here, I would like to point out that Iraq, its fighting leader and its political leadership_ despite the crises and hard situations and position which we (Illegible) inside Palestine_ are respected and appreciated by the Palestinian people and most Palestinian leaderships, starting with Abu 'Ammar especially who was always intent on

Expressing this love and respect in all my meetings with him; I have felt love for Iraq and its fighting leader especially more vividly on the popular level though all the people I have met. Questions always revolved around Iraq and its leader and his determination and brave stands for his principles. During the wide range of duties we performed on the occasion of the anniversary of the Palestinian Liberation Front, we felt that Iraq and its leader were in the conscience and mind of the Palestinian person and that the popularity and support we received on this occasion and its accompanying events and duties were essentially due to us having come from Iraq and being with Iraq.

While delivering the main speech in the central fair of the Palestinian Liberation Front which was attended by over five thousand persons representing all Palestinian political powers, there was much warm applause by the people and political detachments when we extended our greetings to (The guardian of the Nation, the leader Saddam Hussein and to Iraq, its determination and firmness). This usually doesn't happen on the Palestinian scene except when Iraq and the leader Saddam Hussein are mentioned.

During our meeting with them, all political powers from different movements were intent on sending letters of respect and appreciation in addition to the desire of visiting Iraq and establishing stronger relations with it.

During my stay in Gaza, I visited the Hamas Movement leader, Sheikh Ahamd Yasin, upon his request and after his return from his Gulf tour. He welcomed me with warmth and we had a long conversation regarding different interests and affairs. I would like to include his question (Why did Iraq refuse to welcome me) here along with my answer in the presence of over one hundred of his supporters (In my opinion, O great Sheikh, you went about in the wrong way to reach Baghdad; our Arab habits impose on us that the greatest of the people (TC: possibly Saddam Hussein) be visited first, while you wished to visit Baghdad after the Gulf and Kuwait.

Page 11:

Reference:.....6.....

Date:.....

And it's the meanest gates, this is one point, and the other is that we heard you directed a letter to Iraq upon a request of Kuwaiti presidents asking to unleash Kuwaiti prisoners of war and you considered it as a condition for visit, and this means to Iraqi people that you agree with issues pertaining to harming Iraq and justifying the siege on Iraq, is this possible, and why you didn't ask Kuwaiti presidents to unleash hundreds of detained Palestinians) he became confused and mumbled and pointing that he doesn't know that there was arrested Palestinians in Kuwait, witnesses from his side assured that there was arrested Palestinians- from political and security aspect- we made several meetings with delegates on behalf of our nation inside our occupied lands in 1948, and we had visitors from many delegates from many locations and many political, national, and Religious trends. I would like here to point at the visit of the brothers/ Arabian Democracy Party deputies- and religious trend which is Arabic bloc participating in the Israeli Cabinet through four members under chairmanship of Mr. 'Abd-al-Wahab Darawshih.

Their visit to us were carrying main aim which is passing on their regards to Saddam Hussein and the real leadership and their desire to visit Iraq with a delegation participated with -'Abd-al-Wahab Darawshih, Talab Al-Sa'igh, 'Abd-al-Malik Al-Dahash, Tawfiq Al-Khatib, All of them are Israeli Cabinet members (they enjoy the kind of protection that would permit such a visit) .

The most important thing that we found supporting and enthusiasm in those people to Iraq and his freedom fighter, I would like to point at those people that there is no king of connection between them and any kind of Jews Parties and they always expressed their national stand inside their occupied home and a real supporters to Iraq in addition to leading activities

Inside occupied Palestine with Iraq and with different national occasions.

In my opinion there is no harm to evaluate their status and their role and to gather audiences and making several activities in 1948 places during the facing with America and search committees. I request kindly to study their plan to visit Baghdad in a substantive way. Knowledge that previously they visited Syria and Yemen, and they informed us that they are ready for any kind of political declaration Iraq sees is suitable.

Secondly- Security Aspect:

While I was in Gaza I found a bigger domain for a better understanding the nature of the enemy and his programs either to Arabic Nation or to Iraq as considered the base of challenge and resistance for every Zionism plans, and I met all Palestinian security directorates and ministries and its main crews and I felt the same initial stand towards Iraq and also I felt attention on Iraq safety and security. In my opinion we all are committed to practical and serious thinking in a form to serve Iraq's security and his primary interests in one hand, in the other hand we can figure out more about the weakness point and strength point of the Zionist enemy, with all of his institutes and systems. There is a field to study many useful thoughts about this subject and to offer the covers to these thoughts through institutions and some sources to spend on it.

I can see that the current circumstances and givens inside Occupied Lands (TC: Occupied Lands mean Palestine) and inside the Zionist institutions are not impossible to penetrate or at least place it under a microscope

(TC: Continued next page)

Page 13:

Reference:.....8.....

Date:.....

An I see it is necessary to work as a group to build a cover or more to secure the information flow and important analysis about the enemy and his plans, that means to establish information center to link us directly in a term to supply for the system all kind of financial and technical facilities.

There is one last point which is the necessity of serious thinking to penetrate the different Zionist institutions especially the security and military ones along with the economical, educational and social ones and analyze the strength and weak points of the enemy and also the potential targets and our future hits.

We can see in our Palestinian Liberation Front that the current facts is possibly to develop on the organization and audience, security level will participate in making things closer to us than we thought.

Rebuilding on our lands from the real practical sense will permit us the chance to develop our struggle on each standard and will prepare to us the chance to practice the struggle in many ways according to the plan will cover up from each struggle plans under our knowledge that the strife with the Zionist enemy is a existing strife, and all possibilities must be taken in consideration including the possibilities of current situation explosion or to continue our armed struggle.

Thirdly- Economic Aspect:

It is well-known that the economical and financial situation for the authority is tightly linked

(TC: Continued next page...)

With what granted countries afford first, according to its known terms and conditions, and with the incomings and customs that is collected through Israeli government in most of it and usually delayed payment according Israeli political mood.

Daily citizen's incomings usually comes from two main sources, first- through working inside Israel and this is related to complicated terms and its influenced by security circumstances in addition to different risks such as the danger of Israeli penetrate on our workers.

Secondly, institutions and authority employees whom are about 135,000.00(one hundred thirty five thousand) distributed mainly on/ police, security, education and health / and it's a high percentage comparing with number of citizens. Most of those suffer from salary delay with addition to granted counties especially most of ministries suffer from cash liquidity and balances and a little bit from inflammation and bad management.

In addition to the previous two terms there is some other things that is connected with agricultural production or industrial or commercial production, all of these suffer from terms and blockade situations and heavy taxes and the tough competition for Israeli industrial people and commercial ones as for Paris Economical Agreement which is between authority and Israeli government to forbidden the Palestinian producers from any kind of goods protection.

In our decision for the complicated and tough current economical situation and after many meetings and conferences that he held with specialists in this issue

And in this official and national circuit, we found the best solution is to make anything that helps us to avoid depending on the Zionist economics that is destroying our national economic.

There are many thoughts and suggests achieving this object such as:

- To work on providing economical and commercial passageways to Arabic Homeland such as Iraq, so that economic and Commerce won't stay prisoners for enemy.
- Support and encourage establishing Palestinian and Arabian production institutions and corporations with Palestinian and Arabian basic materials.
- Facilitation of transporting Palestinian high expertise in all fields to Arabian market, here I would like to clarify the improvement of Palestinian agricultural techniques and the high level it reaches that competes the Israeli level in one hand, in the other hand the Israelis farm owners depend completely on the Palestinian techniques (there is a lot of Palestinian farm expertise are ready to transfer their experience and work in Iraq)
- Support different societies which have the political, social, educational and economical activities (None Government Organizations-NGOs) and encourage establishing new organizations serving the patriotic and nationalist program- cause all public activities which is inside authority controlled areas are done through NGOs that they are more than 600.

Important parts of these societies get good support from equal societies in America and Europe, Zionist authority are trying to penetrate these foreign societies in many ways.

(TC: Continued next page...)

And it can be protected and supported and entrenchment through opening new channels between them and the same societies in Arabian land home or through official corporations that follows up and support the Palestinian national stand, all of whom we met they bet that Iraq will stand still in front of the siege, and they showed interest to open new channels to break down the siege and a hope in an Iraqi role to support their national stand which Iraq sees its necessary to support Palestinian national stand structure who is depending Arabian depth and to break down the political subordination to the Zionist economics. We passed on their regards to the leader of brother Iraq and they are all hoping to invite representatives on behalf to visit Baghdad and negotiate the thoughts and ideas and steps that is needed for Palestine and Iraq. And they requested to open a constant exhibition for Palestinian products in Iraq and not to exhibit only once in Baghdad International Exhibition.

The most important economical individual we found to fit in and to cooperate is Mr. Muhammad Al- Qaddurah-President of Businessmen Society in Gaza, and the president of Chamber of Commerce /cousin of Mr. Yasir Arafat/ and he suggested to invite an advent of businessmen under his leadership.

The most official important individual is Mr. Muhammad Zuhdi Al-Nashashibi a member of Executive Committee and the financial minister, and he carry out positive thoughts and ideas about the possibility of combined cooperation, and he is one of the well-known and famous individual that loves Iraq in Palestine since too long.

In addition to the economical field there are many fields to be mentioned.

Dear comrade:

This was a full detailed gist and we wrote only what we saw it's important to be mentioned, hoping to be under your concerns and your subjective study and to clarify the suffer what all the meaning it could carry, also hoping to organize what the great Iraq can do to put aside our sufferers and the serious sharing to rescue Jerusalem and Palestine through the efforts of Iraq and Palestine Mujahidin (TC: Freedom Fighters).

I say this in a modest that when we will do our extra efforts in this path we will be doing a great step towards the right direction to translate the leader's letter of Al-Mujahidin Saddam Hussein towards his nation and Palestine.

In the same time we are hoping that Iraq studies the ways to support his coalition and colleges at the Palestinian Liberation Front and to plan efficiently to run our struggle program.

Finally I hope to have the honor to meet you and your struggler colleges who's directly concerned with the national work o explain the situation from all profiles and to discuss the ideas that were mentioned in this letter.

To: The respectable R.Q1
Subject: A study around the Islamic Activities in Kuwait

Reference is made to the letter 217 dated 1/1/1997 and its enclosure on the study of Islamic trends in Kuwait which was provided to them by the Palestinian source [informer] D3 Abu Gamil from Abu Al Tayeb group which discussed the Islamic trends in Kuwait and its objectives as follows:

1. The Constitutional Islamic Movement:
This is the main Islamic structure in Kuwait similar to the Muslim Brothers Movement. This has groups of dedicated Islamic leaders in Kuwait which represents a strong opposition to the regime before 1990.

Objectives:
 - a. The movement stands against the Shiite presence inside the Kuwaiti community.
 - b. Requiring the government to open up to the Arab Islamic Gulf.
 - c. Create public condition [environment] calling for establishing a 100,000 man military group inside the Kuwaiti community in coordination with the countries of the Damascus Declaration.

Most distinguished leaders:

- Ismail El Shatbi
- Aloush Al Meteiry
- Abbas Menawer
- Shareh El Agami

2. Islamic Public Gathering (Salafis)
-One of the groups nearest to the government. The government supports it to confront the Shiite extension. The group tries to circulate amongst the Sunnis that the Shiite faith contains several fallacies [sophism].

Objectives:

- a. Demand the return of Arab groups that left Kuwait in 1990 and the substitution of foreign labor with Arab individuals.
- b. Open a new page for relationship with Arab countries.
- c. Work towards establishing a civil and military industrial base, to reduce the dependence on other countries.

Sources of financing:

This group is financed by some of the rich Kuwaitis who support the Salafis and the Sufis.

Most distinguished leaders:

- Khaled Al Ouda
- Ahmed Al Nahar
- Mofreh Al Moternei

3. National Islamic Coalition:

The most important Islamic force in Kuwait. It is the most organized in the Gulf and supports the same ideology and principles as Iranian regime.

Objectives:

- a. Relationship between Kuwait and Iran must have special objectives.
- b. Demanding that the government should be Islamic in nature. There should be no difference between Islam and politics.
- c. Establish a semi-military to work against the United States presence in Kuwait.

The position of the Government towards the Coalition:

- a. The government is closely controlling [surveillance] the activities of this religious coalition and their connection with Iran, for fear of the following reasons:

First: The presence of a large community in Kuwait who are Shiites.

Second: The presence of Shiite leaders in the Gulf States (Saudi Arabia, Qatar, Oman, and Bahrain), as well as influential personalities in Kuwait.

Third: The fear of Kuwait that their provocation can lead to a Shiite revolution.

- b. The government tries to please the Shiite force from time to time by allowing them some political and religious expression. They do not oppose their activities to guarantee good relationship with Iran in spite the Iranian presentations.

4. Opinion and comments:
Because this study is recent and updated, it has been included in our database.

Please be informed of the above. We extend our deepest appreciation.

To: Mr. The Respectable M.D1
Subject: Salafis in Kuwait

Reference your letter dated 27/11/2000 we like to indicate the following:

1. Here is a historical summary of the start of the movement in Kuwait:
 - a. The Salafis movement is an extension of the Wahabis movement which appeared in Najd. It entered Kuwait in the early sixties of the past century in the form of cells in the region of the Seteen (Qadseyah and Keefan) and used the Mosques to practice its activity.
 - b. The movement was known by (Salafis House) and its headquarters was centered in the capital city of Kuwait all through the sixties.
 - c. The movement joined a group of all Kuwaitis with Islamic Sunnis orientation and was called The Social Reform Society during the seventies.

- d. In 1981 this movement became independent and was declared a society subject to the supervision of the Kuwaiti Ministry of Labor and Social Affairs. As such, it was recognized as a (Society for Restoration of Islamic Heritage).
- e. After the 1990 incidents, the Society was renamed "The Islamic Public Assembly", with a membership reaching 500.

_page 56

- f. In 1996 this movement split amongst the following designations:

First: "Youth for the call for the Salafis" Its most distinguished founder is Dr. Waleed Al Tabatyani, currently a member of the National Council of Kuwait.

Second: "Society for the Restoration of Islamic Heritage" Its most distinguished founder is Khaled Al Sultan, a former member of the National Council.

Third: "Salafis Jurisprudence Society" Its most distinguished is Dr. Hamed Abdullah Al Ali, a former member of the National Council.

Fourth: "Popular Islamic Assembly" Its most distinguished founder is Jassem Al Oun, a former member of the National Council

- g. The organization structure of this movement is subject to complete secrecy, and its membership is not publicly known. It is forbidden to talk about its structure for the protection of its leaders lives. For fear of what might happen to them, like what happened to the leaders of the Muslim Brothers in Egypt, or the Islamic Relief Assembly in Algeria.
- h. There is no recognized system to join the group, but it is done by selection as determined by its leaders, specially the individuals who attend their meetings and symposiums.

_page 57

- i. Their position towards the ruling family of Al Sabbah is presented by changing several articles of the constitution. They clearly reject the hereditary rule, and favor the counseling system.
 - j. As for their position towards the country [Iraq] especially after the 1990 incidents, this movement was the only one that all its members stayed in Kuwait and did not leave with the presence of our forces there. They formed what was known as the Public Committees which performed acts of sabotage and vandalism against our troops.
 - k. The most distinguished members of this movement including all its branches are: Khaled Al Sultan, Ahmed Baqer, Jassem Al Oun, Badr Al Ebeid, Fahd Al Areeman, Mofreh Nahar Al Meteiry, and Dr. Waleed Al Tabatbani. All these have acted as members of the Kuwaiti National Council in addition to having their heavy family and tribal weight.
2. We do not have any information about what is known as the new Secretary General of the Salafis movement. There is no indication that he is active in the movement.
3. What was presented by the Secretary General about his accusation for the continued presence of the Americans is a signal to us as a prominent principle of this movement. This assembly is nearest to the government, since the state supports it to stop the expansion of communism, which is considered the greatest political force in the Kuwaiti arena and enjoys the support of Iran

_page 58

4. We previously mentioned on the subject of membership to this assembly was by selection of its leaders. Direct penetration in the membership is difficult at this time, but can be accomplished by planting a Kuwaiti person known for his religious leadership which can be convincing to the members and leadership of the movement. Our informer 296 has these qualities. He is known to be religious in the Kuwaiti arena and is connected to one of the Sunni families which occupy a religious position in Kuwait, in addition to his work as the Secretary to the former Minister of Wakf and Islamic Affairs. Our last contact with the said informer was in April 200. This is in addition to the symbol Hazeemah [Defeat] which has broad and effective relationship with the important Kuwaiti leaders with religious and political trends.

Please be informed of the above. Yours appreciatively.

Subject: Salafis Movement in Kuwait

Your letter 346 on dated 28/10/2001, we give below the information that we were able to obtain about the Salafis Movement in Kuwait:

1. The Islamic activity in Kuwait is formed of groups, assemblies and organizations. Most important is the Muslim Brothers, the Salafis movement, Jihad [struggle] movement, the Call for Islam movement, the Communist movement, the Liberation movement and the Moderates.
2. The Salafis movement was called so; because they claim following the pious salaf, or the Sahaba [the apostles of the Prophet], God bless them. As you know, the meaning of Salaf in the Arabic language is the first ancestors.
3. The Salafis movement was first founded in the Arab Peninsula, specifically, in Saudi Arabia. Muhammad Bin Abdul Wahab was the first caller and leader for it. It was spread in most of the Gulf States, especially Kuwait in view of its proximity. Kuwait is ruled by Bedouins who relate to

the (Anza) tribe. This is the same tribe of Ala [the family of] Saudi [Rulers of Saudi Arabia]. Kuwait has previously hosted the King of Saudi Arabia when he was expelled from Najd. [illegible word] Salafism was spread in Kuwait.

_page 60

4. The Salafis most important principle is to fight heresies [opinions contrary to Islam Jurisprudence]. They claim that their objective is to correct the departure from the accepted belief in Islam. They believe that most people have become polytheists because of abandoning [skipping] prayer, swearing by other than God, shaving their beards or wearing western clothes. All these things are considered a violation of the accepted rules of Jurisprudence. Salafis are distinguished by their long beards and short dresses. They forbid shortening the beards, which is contrary to the Muslim Brothers who are in favor of shortening their beards and wearing Western clothes.
5. The Salafis have a society where they meet and debate called "Society of Islamic Heritage, which is headed by the Kuwaiti businessman Tarek Al Issa, whereas Sheikh Abdullah Al Sabt is their scientific authority. The Society issues a monthly magazine called the Forqan [a synonym for Koran].
6. There was a split in the movement in the beginning of the nineties lead by Sheikh Abdul Rahman Abdul Khaleq, which was a Kuwaiti national of Egyptian origin. As a result, he established a special society which was called "The International Salafis Authority". This society had an Iraqi that became Kuwaiti citizen called Mahmoud Hamoud. Abdul Rahman Abdul Khaleq tried to make the Salafis movement acquire a political trend, contrary to others who rejected that. This created problems with the Kuwaiti government for Abdul Rahman and his group which considered the Kuwait government is violation of the Jurisprudence.

_page 61

7. The Salafis have members and leaders inside the Kuwait Parliament (The Peoples Council) who demanded the Government to adopt the Islamic Jurisprudence in Kuwait in line with their special vision. The required the separation of genders [not mixing

the males and females], and not to deal with commercial banks who allow interest.

8. Salafis made coalition with the Muslim Brothers and some of the Shiites to form an opposition front against the Government in some positions.
9. The Salafis movement issues some publications, books, posters, and advertisements calling the people to join their movement.
10. There is a branch of the Islamic Heritage Authority in Pakistan, to support the Afghanistan's for their humanitarian and health relief. (As they claim). The Salafis constitute 30% of the total Islamic movement in Kuwait. The rest belong to the Muslim Brothers and other parties.

Please be informed of the above. We appreciate you.

Subject: The Salafis Movement in Iraq

Reference your letter 346 dated 28/10/2001.

1. The movement has a remarkable activity in Kuwait as a result of its distribution of cassette recording tapes and religious books in the Mosques. It represents 10% of the inhabitants. Secondly, its importance is due to its membership being made of

highly efficient elements with social and financial authority. These elements give it power in movement and attract people.

2. Some of its distinguished members:
 - a. Hagem Al Meteiry works as an engineer for Public Works. An element known socially; of Kuwaiti origin.
 - b. Nasser Al Sane'a, member of the Kuwaiti Peoples Council. He won the election because of his popularity and his capabilities without any support from the Government. Graduated from the Faculty of Law, Cairo University in the seventies. While in Egypt, he worked with the Muslim Brothers. Born 1954, his father is a known businessman in Kuwait. In April 2001 he visited the United States, as part of a Kuwaiti delegation of the Kuwaiti Peoples Council by invitation from the U.S. Congress. While in the States he was interviewed by CBS news. In his interview, he explained that the United States was terrorizing the Muslims worldwide. As a result, the United States directed a strongly worded letter to the Foreign Ministry of Kuwait explaining that they liberated them from Iraq. The letter went on to say that with such presentations continuing, they will leave them to the Iraqi regime. As a result, Sabbah Al Ahmed called the aforementioned and reprimanded him for his declarations. The aforementioned told Al Sabbah that he was saying the truth and that he did not mention anything wrong, and he asked, "What was the evidence of the United States against Osama Bin Laden?"
3. After the incidents of 9/11 in the United States, the pressure from the American Government on the Kuwaitis prompted the later to perform a wide campaign against the organizations collecting charitable donations to curtail their efforts and reduce their religious and charitable activities.

Members of the movement are saying that the Kuwaiti authorities started to get closer to the Shiite trend. In the beginning of December 2001, the U.S. Navy drowned one of the vessels that were carrying a shipment of weapons from Iran to the Shiites in Kuwait. The Kuwaiti side suppressed the news and claimed that the ship was carrying Iranian salt and foodstuffs. They also picked up its crew of nine persons.

Please be informed of the above. We will provide new and updated information on the distinguished elements. You are appreciated.

The Deputy Prime Minister, also Minister of Interior Sheikh Mohamed Al Khaled, made the Speaker of the Kuwaiti Peoples Council Gasseem Al Khorafy, aware of the plan of the four member ministerial committee assigned to examine the charitable work and their directives about the charitable organizations during the coming stage. Al Khaled was reported as saying that the committee should not defame the reputation of the organizations. Well informed sources said that the chairman of the ministerial committee was preparing the environment for the issue of harsh decisions against the organization and their violating subsidiary committees. This was not easy to issue in the light of the Heads of the Charitable Organizations and their subsidiary committees' objection towards government interference. They argued that they were established with the knowledge and consent of the authorities and were working in adherence with government regulations. The ministerial committee was insisting on applying articles three and five of Law 29 for 1994 which necessitated the closing of organizations not licensed, before allowing them time to legalize themselves and change their status.

- Sources considered that recent world incidents prompted the government to take these measures, which were similar to measures taken by many countries in the world to dehydrate financial sources for terrorist groups, which was in response to a Resolution issued by the United Nations in this regard. The French News Agency reported that their Liberal Representatives welcomed these measures. While the same agency reported that the representative Mohamed Al Beseiry, spokesman for the Kuwaiti Islamic Constitutional Movement, was warning of the danger of liquidating any charitable institution, came as a response to American pressure aiming at limiting the charitable work which was concentrating their effort in regions of tension especially in Asia and Africa. The Gulf charitable organizations were suffering from accusations against them, because of suspicion in financing the activities of Osama Bin Laden and Al Qaeda organization which were spearheaded by him.

- b. Was concerned with humanitarian work, since its establishment in the eighties, inside the Afghani refugees in Peshawar. Was active in paying rewards, building mosques and drilling water wells.

Your letter M4 D1/3/1/232 dated 19/7/2001, below is the information that is available to us through the diplomatic community:

1. Upon the destruction of the American destroyer Cole in the Harbor of Aden on 12/10/2000, the United States [REDACTED] in the Gulf and the Middle East maximized their efforts to protect the citizens of their country and their properties. [REDACTED]
[REDACTED] They took advantage of the state of worry and suspicion that spread all over the Kuwaiti street and government offices, as a result of the increased American and British military and civilian presence and the unjustified expenditure under the pretext of defending Kuwait. That state warned of civil war planned by destructive elements.
2. This resulted in [REDACTED] revealing a multinational Islamic network in Kuwait that has hiding places for arms in remote desert locations in Kuwait. According the confessions of the suspect, Mohamed Abdullah Al Dossary, a former soldier in the Kuwaiti Armed Forces, it was proved that he had wide connections with Arab and Gulf activists and fundamentalists. He has previously participated in some meetings of the network in the Ahmady region. He also participated in the storage of arms. In his confessions he indicated that the network had intensive activities in Kuwait and Beirut where meetings took place with some elements that provided assistance to Bin Laden.

page 93 and 94

3. In addition to the arrival in Kuwaiti elements with a group of Arab Afghanis to Lebanon that participated in training camps in the Lebanese Beka'a Valley. These meetings resulted in contracting for large quantities of arms that were exported to Kuwait where it was stored in secret shelters prepared for that purpose in the desert of Kuwait.
4. [REDACTED] intensified their activities in Lebanon where they found four groups who were part of the Propitiatory and Immigration Organization who constantly frequented Kuwait with fake passports. They helped in finding outlets for storage of arms and munitions.
5. In the beginning of 2001, while conducting a Gulf Summit Meeting in Bahrain, the ruler of Kuwait left Manama and before the completion of the summit, he

traveled by land via the iron bridge between Bahrain and Saudi Arabia. His brother Sabbah Al Ahmad departed by his special yacht to Oman Sultanate and took a rest in Salala region for a week. This came about as a result of American warnings of changing the frontier outlets for return trip. As a result of discovering an Islamic plan targeting the ruler of Kuwait and members of the ruling family. The Kuwaiti name Suleiman Abu Gheith, the former Imam of Al Roumaniya Mosque in Kuwait, had connections with this plan. He lives currently in Afghanistan. During the Afghani incidents he made a religious opinion [jurisprudence] calling for jihad [fight, struggle] against the Jews and the Americans who killed more than one million Iraqi child as a result of the unjustified embargo.

6. In the course of the investigations with the Kuwaiti Network, the name of one of the members of the ruling family Bin Fahd Al Mobarak which was claiming a share in the rule which provided current logistics support for the network. He was arrested by surprise in his farm which provided a shelter for arms and explosives and a secret meetings place in which some officers in the army participated and with whom investigations were made.
7. The current real state in Kuwait as presented by the various Islamic trends and their preservation of wide authority through the penetration of charitable organizations and their involvement in the more sensitive official organizations with their financial ability, calling for the prohibition of song concerts and fighting behavioral deviations such as use of drugs, alcohol, whore houses, and aids disease. Especially since there is a recorded cassette currently being distributed in the markets of Kuwait, by one religious scholar, to fight corruption and vices.

 - f. Unless they pull out their forces from Arab lands, and discontinue support for Israel, we will strike their embassies and interests.
 - g. Disrupt oil exports supporting them from Arab countries and threatening tankers carrying oil to them.
2. The famous Bahraini Moussa Al Anzi Al Makny (Abu Muhammad) which is the same person who sent the above fax. He was interviewed by the responsible person in the station. The main points of the interview are as follows:

- a. It represents an organization aiming at striking the American interests in Saudi Arabia, Bahrain and Emirates.
 - b. The organization will endeavor to receive assistance to implement their objectives.
 - c. The person interviewed indicated that he met the Iraqi Abdul Kareem Al Kharbeet in Amman before his death and presented him with the case and promised to relay this message to the responsible people in Baghdad.
 - d. Our station in Dubai was directed on how to deal with the volunteers for the information.
 - e. On 7/11/2000 the authorities of the Kuwaiti regime arrested three elements who had 133 kilograms of explosives and 1450 detonators. At the same time, another person was arrested in Qatar who was connected with the subject. On 15/11/2000 the Kuwaiti authorities captured another person and the Kuwaiti sources said that they had connections with Osama Bin Laden. The subject was pursued by our station working in the Gulf and it was revealed that it belongs to the Jihad (an organization dissenting from Bin Laden and most of its members are Egyptians and its headquarters are in Yemen. Their objectives are:
 - i. Changing the regime in Saudi Arabia and Yemen.
 - ii. Striking the American interests in the region.
 - iii. Striking Angela base in Turkey.
6. We estimate that this organization under study is the same offshoot of Bin Laden. Their objectives are similar, but with different names and that can be a way of camouflaging the organization.

Please be informed, we will continue to follow up with our stations that are operating in the Gulf, with our appreciation.

We wish to advise you of the following:

1. We received information that the Ministry of Interior of the Kuwaiti regime was able to lay their hands on a group of individuals who were planning to implement suicide attacks against the American presence in Kuwait and outside Kuwait.
2. They placed a road obstruction for inspection. They noticed a person with Saudi nationality, but had a different accent. He was followed by Kuwaiti security men. It was revealed that he came to Kuwait from a country other than Saudi Arabia and was called himself Abdulaziz Al Kaseed. As a result of pursuing him, they discovered that he had meetings in the region of Al Wafrah parallel to frontiers of Saudi Arabia. They found out he was of a Moroccan nationality and he was an expert in preparing the 150 kilos of explosives that were captured in addition to hand bombs.
3. During the investigation with some of its elements, it was revealed that group was connected with objectives outside Kuwait. This included the Israeli Commercial Office in Qatar and the Embassy of Israel in Jordan. It was connected with the Jihad International Islamic organization. During the investigations, these elements threatened to perform vindictive measures from the so called Abdullah Al Dossary, the head of this group who was currently in Saudi Arabia, in case they inflict any penalty against them.

page 147

4. The planning brains for this group is called Abdullah Al Dossary as mentioned above. In addition, there is a soldier in the Kuwaiti armed forces who has the ability to discover the movement of the United States Forces. There is also a Police Captain whose mission will be to facilitate the departure of the Moroccan Abdulaziz outside Kuwait, thru changing computer information to camouflage his departure to Tehran, and change that to Saudi Arabia.

The group 140 set up ambushes and unexpected controls and patrols in the areas that have foreign organizations headquarters in addition to dismantling these organizations and forcing them out of the area. Some of them did indeed leave just like the German organization Medeco.

In the above message we suggested rewarding our source by giving him \$ 2000 to encourage him work with us. We know that the aforementioned individual had previously carried out operations for the benefit of Medeco and that he is in dire strait financially. For fear that this would have negative repercussions on us and that he might be used by other hostile parties, we suggest dropping the subject of rewarding him in order to keep him in view of the fact that the operation occurred four months ago.

This is for your information. Please advise..

Pages 2-26 contains the IIS sources' reports and the IIS correspondence, dated Dec 1998 and 1999, on HAMAS in northern Iraq, including the name of its leader Hasan Sa'id Al-Sufi describing the organization's situation after his assassination by separatist elements, on the Iranian interference to support the organization by selecting the right person instead, on visits by the organization members to Iran to discuss relations with the Kurdish parties, on strengthening the relation between the movement and Badr Corps according to any change in the Iraqi leadership, and on Badr Corps' sponsored weapons training for members. Pages 27-51 shows IIS correspondence, dated 1998, on IIS Director instructions to establish relations with Hasan Al-Sufi through the IIS source Mushir Al-Jaf and the mediator Faridun Fattah Al-Jaf as individuals but not as organization members. To: Intelligence Service Director
Subject: Hamas Movement

Referring to your comments dated on 28 December 1998, we would like to state the following:

Working with the Movement as an Organization presently is un-useful for the following reasons:

A. The inexistence of an organized basic entity or structure for the movement is just a group of people that separated themselves from the Islamic Movement.

B. Non-recognized by the Kurdish Parties for not being formed in accordance by a convention that has other movements supporting privilege found in the Northern Area.

C. The movement is suffering from lack of program and thought (A clear Inter-Political System that specify its principles, goals, and basic thoughts).

Acknowledged In light of the above mentioned, we recommend:

And agree it is useful to keep on dealing with its individually and not as an organization.

In the Name of God Most Merciful Most Compassionate

To:

Salutation:

(1) Three years ago, we informed you about the existence of an extremist movement that was separated from the Islamic Movement. We called one of its commanding members, Mr. [REDACTED] and I managed to persuade him to come to Baghdad to meet you, representing the separated Islamic (Al-Hamas) mentioned earlier. He came another time on behalf of [REDACTED] since he is his relative and one of his dependents.

(2) We provided you with that Movement Command names and its Officials then (Hasan Al-Sufi). Presently, due to the importance of this movement and their role in making problems in these Northern Areas, and because [REDACTED] reported detailed information about them, I would like to provide you with the following:

A. After the conflict that erupted between the National Union and the Islamic Movement and after the first hit the second command and bases in 1997 which followed by reconciliation between them. The Islamic Movement participated in the Government of Jalal by two Ministers, and then a strict and extreme trend appeared inside the Movement by a group of enthusiastic youth who condemned the Movements participation in the Jalal Talibani's Government. They formed a Movement under the name of (The Islamic Hamas) Movement headed by Hasan Al-Sufi. Seven of them worked openly and another part worked secretly. On the night of 27 October 1999, at three O'clock in the morning, their leader Hasan Al-Sufi was assassinated in the house of the so-called (Sabir) nicknamed as (Marwan) and related to the Islamic Movement in (Zamqa) Village near the old Halabjah. Adding to your information that the mentioned movement hit P-K-K bases in Surik Mountain where the hit was a knock out and considered the first operation. Afterwards, (Hasan Al-Sufi) was assassinated after the hit. After the killing of their leader, they became lost and went away. We should not forget that the Islamic Movement called them back to deliver themselves and rejoin the Islamic Movement or leave the area for good. They delivered themselves and were imprisoned, so they decided to abandon the thought, but after they were released, they came back to the Organization as well as the secret and political work.

B. After expelling the Islamic Movement Forces from Hajj 'Umran by the Party (TC: Possibly Party Democratic Kurdistan), a group of youth inside the Movement opposed these expellers, especially ('Ali 'Abd-al-'Aziz) Group, and decided to face the situation and formed a seceding movement. They decided to oppose the (Secularism) Parties especially the (Democratic Kurdistan). After forming this (second) New Movement, Al-Hamas Command decided to contact them and meet with them, and after several meetings, they formed a new Movement under the name of (The Islamic Al-Tawhid). Al-Tawhid represents the joining of Al-Hamas with the new Movement where they called themselves (Al-Tawhid)

Please

Page 5

(2)

After they opened headquarters in Sirwan Sub-District (follow Jalaja District), they worked under the cover of the (Sa'id and Qurrah Rayrin) forces that follow the Islamic Movement. They were skillful in sending letters and warnings to the Muslims of the Islamic Movement to join them. As a result, the Movement and the (Military Office) informed them to join the Movement as soon as possible or leave the Area. They did not agree on the first request, left the area, and went to the areas that are under (The Union and the Party) domination. Then, the Party Forces (Hit them) after preparing ambushes for them. They killed (104) gunman out of which is their leader then. Afterwards and by the help of the National Union, they left the area and went back to Surik border Mountain next to Huraman leaded by (Faridun 'Abd-al-Qadir), the Political Office Member of the National Union and violated the Socialist Parties Orders. After the Socialists gain their conscious, they started moving and fighting spread between them killing (one) of them and injuring (two). Then they got together again after the interference of the Islamic Movement Command to bring them together and then solve the problem.

C. The Movement transferred them to border areas and assigned them an area under the name of (Bani Shar Village) in Surik Mountain. They placed a base for themselves to observe them clearly that is the observation of Al-Tawhid by the Islamic Movement. They started the Open work with a number of (75) gunman.

D. Subject Origin: After assassinating (Francois Hariri), (Al-Tawhid) Movement started moving and their number increased after sending calls for their supporters and distributed sweats the day Francois was killed and made ceremonies. They were about to announce officially that they killed Francois as a revenge for killing 14 of them were it not for the interference of 'Ali Babir and 'Ali 'Abd-al-'Aziz due to political reflections especially from the Party.

E. The Party members (Jawhar Namiq + Fadil Al-Mirani) visited Jalal Talibani a day before Al-'Id on 4 March 2001, then they visited Brusk Nuri illegible) + Fa'iq Rash and asked the Movement Command to deliver Francois killers after proving to the Party that the Union is innocent from the assassination. 'Ali Babir and 'Ali 'Abd-al-'Aziz refused to respond to the Party requests to deliver any person to them. The Party blockaded the Movements Centers in Duhuk and Irbil. They blockaded the house of a group of Movement supporters and fighting occurs between one of the Movements and the Forces related to the Party. A Major Policeman was killed and the house owner escaped to the Movement. The situation is tense to write these lines.

F. After the Union collaborated to deliver the killers to the Party, They arrested (Awat Salih Muhammad) in (Illegible) Sadiq Sub-District. He is a member of Al-Tawhid that participated in assassinating (Francois Hariri). Al-Tawhid started moving by leaving the area and climbing

Page 6

To Surik Mountains near Iran, and handed over themselves. Their number increases to (267) armed members, where they notify their supporters of cautiousness and awareness because the Socialists, the Party and the Union wanted to hit them. Now they are located in (Hanat Ahmad, Mirnar + Sarris, and Malh Qazanah) rough caves. These places used to be the Kurdish Headquarters ten years ago. Their necessities were delivered daily by: 6 Mules + 7 Donkeys + one Horse with Two Khaki Vehicles with no numbers: Land Cruiser and Pick-Up. Their Food is usually potato + dates + eggs. They have new rainy cloths and new Adidas. They are completely ready to block any attack. They armored themselves by buying weapons and equipments. They got: 1 - 2 "12.5 Dushkah" + 2 Mortar 82 mm + 1 Mortar 120 mm, and many small Mortars 60 mm, (illegible) also they have (5) B. K .C. + 7 RPG 11 and 6 Bullets Magazine with 8 hand grenades for every fighter.

They got 8 snipers whose present job is to repair and fix the (Illegible). They made an intense training session for ten days only to 47 fighter + religious enlightenment session as well as teaching them how to obstinate especially during battle and difficulty. They also taught them martyrdom and paradise nymphs.

The reason behind these details:

- 1- To know that behind this group is an International Regional Hidden Force like Iran.
- 2- They are using them to create problems and confusions.
- 3- To compete with the Kurdish Parties and become numerously more than the ones they split out or even more than the Islamic Movement.
- 4- The so-called [REDACTED] is one of this Movement leaders, a relative of [REDACTED] and considered his personal representative. I would have influenced him if not because of your subject neglect then, although I assured the movements future view in-spite their drift for the benefit of the country.
- 5- They are increasing and will become an important influencing stop in the area.

Regards

The faithful
Abu Lina

Page 38

6- The members of this organization are (Salafiyyah followers) Al-Wahhabiyyun. They are the most extremists in the Islamic Movements and Organizations. They do not recognize Shiite concepts, tombs and couch. They wait for some one to extend his helping hand to benefit from them for the sake of the country. Mr. Faridun informed them and by my assignment to get ready (Secretly) to perform:

A. Blow up the Foreign Organizations Headquarters that are operating inside the borders of (spying) Al-Sulaymaniyyah Governorate.

B. Attack the Iranian Border Police Stations if necessary.

C. Blow up the Kurdish Parties Headquarters.

D. Hit the heads of commands.

E. Make any thing inside the Governorate borders that assigned to them.

Their requests:

This is for political needs imposed by the present conditions and Iran's Support to the movement is bigger than their support to Jalal Group due to the load imposed by the Iranian Regime on the movement in the Northern Area. As a result, a central guidance was issued from the Kurdish Islamic Movement Group to its members including (the future will witness the Islamic wake up and the formation of a front containing an alliance that includes the two groups, Islamic Confederation and the Islamic Renaissance in addition to their group).

3. During the first week of this month, a wide meeting was held in Al-Salam Hotel in Al-Sulaymaniyyah city, called by a delegation of Iranian Observations and gathered both delegations of the Kurdish Islamic Movement Groups that include the criminals (Mullah 'Ali 'Abd-al-'Aziz – Movements General Guidance Deputy, Shaykh Muhammad, Kamal Rahim, Qasim Mustafa, the Political Office members). The meeting was also attended by the criminal (Muhammad Hajj Mahmud Kalkhanah) – secretary of the Kurdish Social Democratic Party. The aim of this meeting is to reconcile the two sides after the Agent Jalal Al-Talibani complained to Iran on the movement members' acts and accusing it of preparing the blow up operation that happened lately near Dilshad Cinema in Al-Sulaymaniyyah city. The meeting results in reconciliation as well as an agreement indicated by informations of being delicate and weak. On the other hand, the PUK Group addressed the accusations of this event also to a new organization called (Hamas Movement).

Document Remarks

THE ORIGINAL MEDIA AND TITLE TO THIS RECORD HAVE BEEN RELEASED TO THE INTERNET This document contains three pages of instructions, addressed to the person in charge of the Fedayeen Saddam from 1999. The document is not a complete listing of instructions, but appears to be what the author [who appears to be a planner for the Fedayeen] has determined to be a logical series of events based upon a meeting he had with the un-named person in charge, in May of 1999. It lists some of the steps that were to be carried out in selection of personnel, as well as mission planning and coordination steps. All the steps, according to the letter, were to be approved by the addressee of the letter [Mr. Commander/Supervisor] the person in charge of the Fedayeen Saddam. Steps were also mentioned which covered changes to the plans, at the recommendations of the honorable Mr. Commander/Supervisor. London, Iran, and the self-ruled areas were all addressed as possible locations of activities [bombings/assassinations], under the supervision and by coordination's with the Iraqi Intelligence Service agents in those countries. Mention was also made of canceling a planned action in Jordan, as well as actions inside Lebanon.

3. He informed us how it's necessary to meet the respected Iraqi Intelligence Service Director because he was assigned by Mr. Barzan to discuss important issues (Unconventional Suggestions and Opinions) as he said, with the Iraqi Intelligence Service Director directly.

4. Through our associations with him during his residence in the country we built good relations with him and he stated the following:

- a. He has wide relations with all the Islamic groups in the world and he supports them.
- b. He has unusual Islamic ideology mind and he aims to find alliance between the Islamic parties and the anti Western Islamic organizations.
- c. He has unique relations with the Iranian regime, at which he stated that Rafsanjani ride him on his own car to the hotel when he visited Iran, in addition to his relations with Khamin'i and Wilayati.

The Swiss Foreign Ministry counseled him during the Meddle East Region crisis and informed him about the Iranian regime transgressions by chasing the opposition groups in Iran and he preformed his role of advising the Iranian regime in this issue. E. He provided us his statement on the Gulf War against the country, which is attached.

He descried the Iranian regime that it is browed from three circles:

- A. The Fundamentalist who was represented by Malali Qum. Janbi is the most eminent group and it is the extremist part linked to Khami'i.
 - B. Moderates who balance the situation according to the Iranian interests without firmness and this group leaded by Muntaziri in the past and now leading by Rafsanjani and Muhammad Khatami.
 - C. The Technocratic (materialisms) who are driven by their own interests
6. The mentioned has well- spoken techniques, finding, ideas, and a great insistence on continuing the mission, which he is committing, he has high flexibility to convince and believes that if he could succeed to find an agreement between the Islamic parties and movements, Iraq, and Iran, that will work on yielding all the countries for the Iraqi wishes.

The respectful section director

Subject/ Al-Jihad (TC: the term also means the holy war) is a right

1. My honorable sir, God almighty says (prepare what you could from your powers and braveness that would terrorize your enemies and those of God) and God the great said the truth.
2. There are several routes that the enemy entered from so that it would humiliate Islam and Muslims and humiliate Iraqis and their leader, and they won't be able to do that God willing.
3. Among the force options there are the suicidal operations that terrify that enemy more than the force of cannons. Our program is honored to be under your command, I suggest that I would be delegated for this duty against the enemy positions and as fast as possible, for its possibility to achieve victory and enter fear in the hearts of the assaulting infidels.
4. I do not just say that, but I hope that your honor would delegate me to this holy duty and maybe I would obtain one of two rewards, (either victory or martyrdom) this is a chance, for he who didn't die by the sword would die through other methods, reasons varied and death is the same.

God be willing

God save our country, leader and people.

With appreciation

PARTIAL DICTATION

SG

(AA brings IR two books for a gift before beginning the talks)
AA-Mohammad Abbas- Egyptian Author that wrote a book that got a lot of hype
(bad tape moving from friendly conversation to serious talks...) 7 tanks- story (talk about:
big conspiracy, US/Israel)
(bad tape...) RBJs are very few 5 of my members have them, they stop a tank but they
don't blow it up
We were in charge of blowing up the [Malkavat] of Gaza, they executors of the mission
trained "here" RBJ7
AA-Missile- 7 km hand made, batch processing, beautiful idea but needs improvements
IR- What kind of stuff can pass through from Jordan?
IR- especially metal products/copper products... we can camouflage
AA- the problem is with lifting the moral of the Palestinian resistance
IR- what can we do?
AA- you can support politically and most importantly financially, expenses, ammunition,
martyr are getting 25000 why can't we give 5000 to 5 people who want to train to be
martyrs... you can help with training and supplies, legal aid, aid to their families.. as we
have presented to you before.
IR- do you think that if the Intifada was stirred up again will you be able to get the
weapons?
AA- just yesterday my contact in Gaza said that we can receive weapons from the Israelis
and also from Palestinian smugglers, so please supply us with the money so we can
provide for those programs.
IR- The smugglers want more than the weapons are worth
AA- sure,
IR- so do you have a method to assure the safe transportation
AA- yes we do and we can assure you that we will be responsible for these rifles or
whatever.. We will also buy from the inside..
IR- rifles?
AA- yes rifles, they are very important, all of our operations require them they are a true
commodity for us. They are very handy for street fighting.
IR- why don't we think of something other than rifles, like mines or bombs, they are easy
to make and can be made locally.
AA- yes we do use them and we like to use them, they are quite effective and easy to
supply, but when the enemy is attacking you, you would feel better having a rifle!
IR- How much are rifles going for now days over there?
AA- M16s are 6000 dollars and AKs are 3500-4000
(phone rings....)
IR- (answers... hello, Bashar.. I am your brother.. no problem.. thanks)
(IR hangs up phone)
IR- so let's say the average price is 5000 for both AKs and M16s.
(servant gets an order from IR to go home bring IR's books and put him in his office)
AA- so a 100 rifles is 500,000

IR-God willing

AA- they should be shaken the Americans are sensitive people we can make them back out.

IR- I will see what I can do for you

AA- you know what we're up against and we can use all the help, we have commitments to people like prisoners, martyrs, soldiers, and others..

AA-tells a story about 9 "soldiers" that were captured out of 62 through Jordan they were handed over to the Israeli intelligence from the Jordanian intelligence and they were talking about how the Iraqi intelligence trained them and about all the talk about the Jerusalem army

IR- everyone knows about the Jerusalem army, did any of them confess

AA no, we had loaned you 250,000 to the ministry of commerce and we want it back please, I talked to Tariq Aziz about it. We got the money from a hotel investment called "[port al haya]" the manager of the hotel was Abu Ashraf, Faisal Zaki.

IR-I wish I knew about it, I would have taken care of it for you

AA- we need all the help we can get (Al Jazera Intro Music starts)

IR- consider this matter taken care of, we just have to discuss what we talked about earlier.

AA-anyway I have a meeting coming soon with Tariq Aziz next week.

Iraq can help me seriously, we need this relationship. (Al Jazera News started)

AA- I am sorry to bother you

IR-no bother.. date the record: record 70 10/11/2001.

(IR picks up phone ... "not clear")

AA- we don't want to cause Iraq any problems, one time they designated in Somo 1.5 million barrels of oil, and we have a good friend named Abdulla Hamorabi/Horani (hard to tell from the pronunciation) a respectable writer and smart man he was awarded 2 million barrels of oil. This does not make any sense! You can, for example, designate 7 million barrels if possible, if not, then we can do it through a third party i.e. an outside company with different terms...this is not the 90s back then we got money from everywhere... (Al Jazera News ended) (IR is on the phone.. "yes")

(IR picks up phone many times)

(Session ended)

(Good byes)

(XXX) SCRIBER'S COMMENTS

[xxx] to the best of what I heard

IR- we set a goal of \$100,000 and we can go up from there.. just give me a memo
AA- that \$500,000 to a \$1000,000 will be great. We have a big problem with Jordan,
IR-Syria is closed?

AA-yes

AA- we would rather pay the high price and get them inside!

AA-I have smuggled rifles since we last spoke. We are able to supply the minimum.

IR what is the problem?

AA-Politically or militarily?

IR-Politically.

AA- it is a huge American conspiracy. There is no doubt in my mind that America will strike Iraq. All of Chainy, [Zaini], and Abdulla of Jordan, all this talk is ...

(too much static but bits and pieces about the American/Israeli conspiracy to ... references to historical stories that dealt with UK ... and the 1990 gulf war...

IR- the Americans did not recognize a Palestinian state, only Syria recongnized

AA-Yes they did, it's a difficult situation

AA- we must keep fighting, and not stop, which means that we need the finances from you. And supplies,

IR- we can't provide you with some of the supplies you requested. How many students do you have?

AA- now none that are from Palestine?

IR-what about the ones from the inside?

AA- those have special missions and training that goes with it, such as mines and training on how to high jack a tank, turn its barrel towards Tel Aviv and blow it up. You see the English tanks are just like the Iranians... we have the ability and the enthusiasm but we need the materials and finances. We have not received any help from any country including Iraq.

IR-but the leadership is well off!

AA- they are for them selves. Abu Ammar is my friend but I just get very little from him.

AA-even the Fahid proposal is ... (bad tape) this is our history... there will be in Baghdad an American principality.

(bad tape)

IR-why don't you... Zionism (bad tape)

AA- (bad tape) we have 35 armed cells.. say we have a cell in France that requires expenses just to have there even if it never performs.. kind of like your air force... it costs you just to have even if you never use it... now that we are completely bankrupt, after the 1990, our only life line/cells in operations, is a few guys who are so called refugees in Sweden and Denmark and other places. There were also some treasons taking place. Some of our people turned on us because they liked the lifestyle in those countries and some even gave those countries information so they could be better protected. Those operations are falling through because of lack of finances.

AA-after Oslo, it is now easier and better for me to terrorize Israel than say England.

IR-the US/England/the Jews tried to find a connection between Iraq and Al Qaeda and terrorism and did not find it.

AA- they all want to control the region and the energy we produce ... conspiracy... they want Iraq nothing will change that Iraq is the key to the region and they know that.. they should know that we will not give up and fight for the long run. We should prepare

DICTIONARY / TRANSLATION

ABU ABBAS AND AN IRAQI REP (MAY BE HEAD OF I.I.S) GREETING EACH OTHER,

I.I.S - HELLO, HOW ARE YOU?

A.A - GOOD, THANK GOD, WE MISS YOU. THE INTELLIGENCE TOOK YOU AWAY FROM US.

I.I.S- IT'S NOT ONLY THAT, IS EVEN KIDNAPPED ME (MEANT, TOOK ME AWAY) FROM MY FRIENDS. I WILL HAVE A PARTY MEETING TODAY AND SOME ARRANGEMENTS AT 6. I WENT TO THE PERSON IN CHARGE----- (SOME COMPLIMENTARY TALK, WHICH IS NOT VERY CLEAR AUDIBLE).

A.A - GAVE TWO BOOKS AS GIFT TO I.I.S REP, BEFORE THEY BEGAN THEIR MEETING, SAYING, ONE IS TALKING ABOUT INTELLIGENCE AND THE SECOND IS AGAINST THE GOVERNMENT. TWO TITLES ARE VERY IMPORTANT. THESE BOOKS ARE VERY NEW (PUBLISHED RECENTLY). YOU WILL FIND A LOT OF LIES IN IT. THE JEWS ARE SAYING MANY LIES, ALL OF IT IS LIES.

I.I.S REP: LOTS OF LIES IN IT AND STRANGELY THEY REACHED THEIR GOALS (GOT WHAT THEY WANTED).

A.A - THIS MOHAMAD ABBAS WHO WROTE THE BOOK, DOCTOR IN EGYPT. HE IS A MOSLEM AND EDUCATED, OPPOSING TO THE GOVERNMENT'S POLICY IN EGYPT.

I.I.S REP- THANK YOU ABU ABBAS.

A.A - THANK YOU.

I.I.S REP- HOW IS EVERY THING?

A.A - GOOD, INTIFADA IS GOOD AND OKY. THE CONSPIRACY IS GREAT AND RESPONSIBILITY IS UNBEARABLE, THE CASUALTIES ARE TOO MUCH BUT THE SITUATIONS ARE CLEAR TO US

I.I.S REP- OFFERED A CIGARETTE TO ABU ABBAS.

A.A - THANK YOU, I STOPPED SMOKING AND I GAINED A LOT OF WEIGHT. A MAN SITTING ON HIS RIGHT- PRESENTED SOME PAPERS TO BOTH FOR READING / LOOKING AT.

A.A - THE SITUATIONS IS VERY BAD INSIDE BUT NEEDS SOME SERIOUS FOLLOW UP AND IMPROVEMENT IN THE DUTIES OF THE MEN. I SPOKE THIS MORNING TO ABU KHALID? , (HE POINTS AT THE MAN SITTING ON HIS RIGHT, MAY BE ABU KHALID). HE INFORMED ME THAT 7 TANKS, BETWEEN YESTERDAY AND TODAY WERE STRIKEN IN RAMALLA CAMP BY THE R P G 'S BUT WERE NOT BLOWN UP. OUR MORALS STILL VERY HIGH, THANK GOD. IT IS A BIG CONSPIRACY BUT THE ISSUE WE ARE AFRAID OF, THE INTERNATIONAL AND FOREIGN PRESSURE IS TOO MUCH TO TIGHTEN UP ON THE INTIFADA. THE SITUATION IN GENERAL NEEDS SERIOUS READINESS AND FOLLOW UP. WE HAVE TO DO OUR BEST TO KEEP THE INTIFADA ON, (SOME UNAUDIBLE WORDS). VISIT OF CHENEY AND VISIT OF PAREZ.

I.I.S REP- TODAY I GOT SOME ARTICLE, (SOME UNAUDIBLE WORDS)
I LIKE THE FANCY TITLE / WORDS, THERE IS A TITLE SAYING, AND
BETWEEN SHEN & ZEEN THE PALESTINIANS ARE SLAUGHTERED.

A.A – THIS IS RIGHT.

I.I.S REP- CONTINUES TALKING, IF WE NEED TO WELCOME SHEN OR ZEEN.
(SOME UNAUDIBLE WORDS), I SWEAR IN THE NAME OF GREAT ALLAH (GOD) I AM VERY DEPRESSED / SAD (SOME UNAUDIBLE WORDS),..... I GOT
TO THE POINT THAT SOMETIMES I DON'T WANT TO HEAR THE NEWS.
(SOME UNAUDIBLE WORDS), I WANT ASK YOU ABU ABBAS.

A.A – YES

I.I.S REP- WE (MEANT, YOU) DON'T HAVE RPG 'S INSIDE.

A.A – VERY FEW, THE AUTHORITIES HAVE, THEY DISTRIBUTED IT NOW.
(SOME UNAUDIBLE WORDS), THE AUTHORITIES DISTRIBUTED IT TO SOME
DIRECTIONS (PLACES), THERE ARE FIVE OF OUR MEMBERS HAVE RPG'S ...
(SOME UNAUDIBLE WORDS) IN LAST FEW DAYS THEY USED / LAUNCHED
THEM, THEY WERE NOT ENOUGH. THE RPG'S ARE GOOD IN DEALING WITH
THE ARMORED VEHICLE BUT WITH THE BIG TANK, IT CAN ONLY
DISMANTLE IT BUT CAN'T BLOW IT UP. WE CAN SAY THAT WE WERE
RESPONSIBLE OF BLOWING UP THE CENTER (MALKFAT) OF GAZA
STRIP..... OUR MEMBERS (WHO WERE TRAINED) HERE EXECUTED THE
MISSION. BLOWING THE TANK UP WITH VERY POWERFUL AND
CONCENTRATED EXPLOSIVES IS POSSIBLE, BUT WITH 107 IT CAN'T BLOW
IT UP. THEY TAKE THE DISABLED TANK OUT OF THE BATTLE. BUT THEIR
ARMORED VEHICLES AND ARMORED BATTRIES, FOR THE FIRST TIME
THE AUTHORITY HAS RELEASED SOME OF RPG, BUT LIMITED NUMBER OF
THEM.

I.I.S REP- YOU MEAN RPG 7.

A.A – YES, RPG 7.

I.I.S REP- GOOD, THIS ROCKET WHICH WAS... ELAQSA (MISPRONOUNCED
THE NAME).

A.A – EL-QASAM (SOME UNAUDIBLE WORDS), SORRY HAMAS,
HAMAS WORKS WITH EL FATAH. ITS RANGE IS SHORT, ABOUT 7-8 KM
WITH LIMITED EFFECT. THE MORAL EFFECT IS MORE THAN ITS REAL
POWER. IT IS LIKE A MORTAR WITH RANGE OF 7 KM. ITS EXPLOSIVE
HEAD ISKGAND ITS HAND MADE IS VERY SLOW.....,THE
WORKSHOPS WHICH MANUFACTURES IT , ONE SHOP DO THE PIPES, ONE
SHOP DOANOTHER SHOP DO THE EXPLOSIVE HEADITS PROCESS
....., IT'S A GOOD IDEA BUT NEEDS IMPROVEMENT. IN THIS PRESENT TIME
THE SITUATION IS VERY LIMITED, THERE IS TOO MUCH WORK

I.I.S REP- LET ME I HAVE SOMETHING, PROBABLY IN TUESDAY..... ABU
ABBAS (HE ASKED HIS AIDE) TO WRITE THE NAME OF THE ROCKET, EL-
QASAM, (HE GOT INTERRUPTED).

A.A – THE PROBLEM WE ARE FACING NOW AND FACING YOU TOO, (HE GOT
INTERRUPTED).

I.I.S REP- WHAT KIND OF GOODS WHICH ARE PERMITTED TO PASS
THROUGH JORDON, ESPECIALLY THE COPPER / BRASS PRODUCTS, FOR

THE METAL PRODUCTS CAN ENTER AND WE CAN CAMOUFLAGE IT, STILL
.....OKY.

A.A – THE SITUATION NOW IN PALESTINE IS HOW TO LIFT UP THE MORALE FROM INSIDE. I CAN'T BUILD WITH OUR PEOPLE RESISTANCE ON THE LEVEL, IT SHOULD BE. (HE GOT INTERRUPTED).

I.I.S REP- MY BROTHER (MEANS FRIEND) CONSIDER EVERY BODY IS A STRUGGLING HERO.

A.A – YES, YES.

I.I.S REP- WHAT CAN WE DO?

A.A – YOU CAN DO A LOT, YOU CAN FIRST SUPPORT FINANCIALLY, SO WE CAN PROVIDE THEM WITH GOOD TRAINING, HIGH QUALITY OF COMBATANT CAPABILITIES, GOOD KNOWLEDGE, WE EMBRACE THEM POLITICALLY. THIS IS VERY IMPORTANT POINT. WE SUFFER FROM MANY GREAT PROBLEMS, I MEAN WHAT WE NEED. FIRST WE NEED THE POLITICAL SUPPORT. SECONDLY WE NEED FINANCIAL SUPPORT. THIRDLY WE NEED TO PROVIDE AMMUNATION, PROVIDE EXPLOSIVES, PROVIDE THE FIGHTING PLANS, PAYING FOR MOVEMENTS, COMPENSATING THE VICTIMS / CASUALTIES ON THE FINANCIAL LEVEL, IF THE HOUSE IS DESTROYED, THE DAMAGE TO THE VEHICLE, THE DAILY EXPENSES, AND PEOPLE WHO GOT HOMELESS. WHAT HAPPENED SO FAR, WE TRY TO SECURE IRAQ GOOD ACCOUNT / AMOUNT OF MONEY TO PROVIDE IT AS POST DESIGNATING THE EXPLOSION. WE PAY THE MARTYR \$ 10,000; WE PAY THE MARTYR \$ 25,000 FOR THE MARTYRDOM. IF WE PAY \$ 25,000 FOR THE MARTYR, WHY DON'T WE PAY \$ 25,000 FOR FIVE (5) PEOPLE WHO WANT TO TRAIN TO BE MARTYRS? I MEAN I DON'T WANT PROVIDE THIS MONEY SUPPORT TO PEOPLE WHO WANT TO DO THE JOB IN SPITE OF ITS GREAT EFFECT. WE CAN SECURE THE WORK PLANS, WE SUFFER GREATLY AT LEAST FROM....WE ARE AS ORGANIZATION IN GENERAL ASSOCIATED DECISIVLY WITH THIS COUNTRY (PALESTINE), WE CAN'T PROTECT THE SECURITY FOR THE TARGETS WE HIT,ARIBEKAT (ORGANIZATION) FIGHT WITH EL- AQSA (ORGANIZATION)..... SOME OF THEM FIGHT WITH HAMAS. THE MARTYR WHO WAS MARTYRED IN RELIGIOUS PLACES, WE PROVIDED HIM WITH THE COMBATANT TRAINING BUT SOMETIMES WE NEED TO PROVIDE HIM WITH EXTRA RIFLES FROM INSIDE OR PROVIDE WHEN ONE OF OUR YOUTH GET ARRESTED WITH AN ATTORNEY TO DEFEND HIM. WE NEED TO PROVIDE HIS FAMILY WITH MONEY SUPPORT. IN THIS CASE WE PROVIDED YOU IN THE PAST A PROGRAM / LIST ABOUT THIS ISSUE FROM INSIDE THE PALESTINIAN LANDS, UNDER THE ENEMY'S ARM (CONTROL)..... GREAT AMOUNT OF TECHNICAL WEAPONS, EXPLOSIVES..... (HE GOT INTERRUPTED).

I.I.S REP- DO YOU THINK IF THE INTIFADA WAS STIRRED UP, WILL YOU BE ABLE TO GET THE WEAPONS?

A.A – EVEN YESTERDAY MY CONTACT IN GAZA SPOKE TO ME CONFIRMING THAT THERE IS A CHANCE TO GET THE WEAPONS FROM THE ISRAELIS IN ADDITION TO THE PALESTINIANS WHO WORK IN THIS FIELD. I

MEAN SMUGGLERS; THIS IS SERIOUS AND VITAL FIELD. WE PUT OUR RESPONSIBILITY, WE ASKED..... SO PROVIDE US WITH THE MONEY SUPPORT AT LEAST IN TWO WAYS, THE FIRST, TO PROTECT OUR PEOPLE'S PROTEST WHO WORKS FOR US AND TO SECURE THEM THE MONEY TO BUY WEAPONS..... KIND OF WEAPONS. FOR YOUR INFORMATION, IN THE PAST WHEN THEY ARRESTED OUR MEMBERS AND KEPT THEM AWAY FROM US..... 15 TO 16 PERSONS. THE ISREALIS ADMITTED THAT..... WE GOT CHANCES OF V I P'S VISIT..... AND WE ENTERED WITH OUR VEHICLESAND EXPLOSIVES. PEOPLE NEED THE STUFF TO WORK, MEANING WHEN TEN (10) PEOPLE COME TO ME TO WORK. THEY WANT TO BE TRAINED AND I SEND THEM BACK TRAINED. IF I DON'T PROVIDE THEM WITH RIFLES, I DON'T GET THE BENEFIT FROM THEM. THEY DON'T ASK FOR RIFLES..... (HE GOT INTERRUPTED).

I.I.S REP-.....

A.A - BUT IS NOT SECURED.

I.I.S REP- THE SMUGGLERS'S PRICES WERE MORE THAN THE VALUE OF THE WEAPON ITSELF.

A.A - YES.

I.I.S REP- OKY, DO YOU A WAY TO ASSURE SAFE TRANSPORTATION, WE AGREED IN BIROUT/ LEBANON AND SAW

A.A - WE HAVE A GOOD, EFFECTIVE AND FAST WAY, IF THERE IS A CHANCE TO PROVIDE US WITH FINANCIAL SUPPORT, WE CAN BUY FROM INSIDE. WE WILL BE RESPONSIBLE ABOUT THESE WEAPONS TO YOU AND GOD AND HISTORY, NOT ONLY THAT BUT.... (HE GOT INTERRUPTED).

I.I.S REP-

A.A - YES, RIFLES

I.I.S REP- RIFLES FROM INSIDE.

A.A - YES, RIFLES FROM INSIDE.....OUR MEMEBERS..... WHO EVER HAVE THE MONEY WILL BUY THE GUNS. THE PERSON WHO BUYS THE GUNS SERVES SOMEONE..... I DON'T WANT RIFLE AND RETURN IT BACK.... (HE GOT INTERRUPTED).

I.I.S REP- WHAT DID THESE EXISTED RIFLES DO TO THE KILLED ISRAELIS? WERE THEY ALL KILLED BY THE RIFLES?

A.A - THE MAJORITY OF THE OPERATIONS HAVE BEEN DONE WITH THE RIFLES. THE OPERATIONS IN AIN AREK, EL-HAMRA AND VARIOUS PLACES, ALL OF IT HAVE BEEN EXCUTED BY RIFLES, AND THE MAIN OPERATIONS EXCUTED RECENTLY IN LAST FOUR DAYS INSIDE IN TEL AVIV HAVE BEEN DONE BY THE RIFLES. THE MILITARY DUTY AND THE FIGHTING METHODS, IT IS POSSIBLE. WE NEED THE FIGHTING EQUIPMENTS TO USE. THE RIFLES NOW ARE EASY (TO USE) AND I PREFER USING THE RIFLES. WE CAN USE THE RIFLES AGAINST THE TANKS WHEN IT PROCEEDS FORWARD BECAUSE IT CAN'T BE DETECTED. THIS IS ALSO USED IN STREET FIGHTING NOW. WE ARE ENGAGED IN STREET FIGHTING. I MEAN WHEN A TANK COMES TO WARD ME (HE GOT INTERRUPTED).

I.I.S REP- THERE IS SOME STUFF OTHER THAN RIFLESLIKE MINES ...

A.A - YES MINES ARE VERY IMPORTANT AND CAN BE MADE LOCALLY.

I.I.S REP- EXAMPLE, EXPLOSIVES / BOMBS, IS IT POSSIBLE? IT CAN BE DONE LOCALLY. WHOEVER UNDERSTANDS THE IDEA CAN BUY THE MATERIALS.

A.A – IT IS POSSIBLE AND CAN BE ARRANGED. THIS IS AN IMPORTANT POINT WHICH WE USE. THERE WERE MANY OPERATIONS WE USED THE EXPLOSIVES BUT THE RIFLES CAN BE USED MORE EFFECTIVLY AS PERSONAL PROTECTION TO THE PERSON. WHEN YOU MOVE INTO THE FIELD

I.I.S REP- THEN 100 RIFLES, HOW MUCH EACH ONE COSTS?

A.A – THE WESTERN RIFLE ITS PRICE RANGE IS \$ 6000, M 16 , THE EASTERN RIFLE COSTS \$ 4000- 3500, RUSSIAN ONE.M16 IS EASY TO GET. TELEPHONE RANG.

I.I.S REP- (ANSWERING TELE CALL) YES, YES BASHAR, WE WILL GO OUT, NO PROBLEM, AND THANK YOU. I GET YOU ONE.

A.A – THE PRICE ISTHE BASIC IS AVAILABLE. BUT IT IS EASIER TO SECURE THOUSANDS OF BULLETS ...

I.I.S REP- LETS SAY 5000 AS AVERAGE BETWEEN THIS AND THAT, THIS IS 6 AND THIS 4....

A.A – 5 AVAREGE

I.I.S REP-5 AVAREGE

A.A – $5 * 100 = 500$

I.I.S REP- CALLED SOME PERSON (BARAK) ASKING HIM TO GO TO HIS HOUSE AND GET THE BOOKS AND LEAVE IT IN HIS OFFICE.

A.A – SO 100 RIFFLES COST \$ 500,000, APPROXMATELY. ...THEY WORK TOO MUCH FOR IT. I MADE IT IN A LIST AND SENT TO YOU

I.I.S REP- WE SAY 100 RIFLES AS A GOAL AND BEGIN WORK ON IT.

A.A – GREAT, THE RIFLE IS GOOD THING. ONE HUNDRED (100) RIFLES IN OUR HANDS ARE DIFFERENT THAN 100,000 RIFLES IN THE HANDS OF OTHERS (ENEMY). WE DO TRAIN OUR MEMBERS.

I.I.S REP- WRITES THE PRIORITIES AND GIVES IT TO ME IN A MEMO / FILE.....

A.A – WE ARE TALKING ABOUT \$ 500,000 AS A PRICE FOR THE RIFLES, \$ 500.000 TO STIR UP THE RESISTANCE, MORALES, MOVEMENTS AND SAFETY / SECURITY BUT IF WE GET A \$ 1 MILLION WE COULD

I.I.S REP- IMPOSSIBLE

A.A – WE DO HAVE A DIPLOMATIC PROBLEM, JORDON. JORDON WAS, FOR WE SMUGGLED A LOT OF WEAPONS, WE LIKE TO DO THE MATH AS YOUR WAY. I FEEL IRAQ DESERVES TO KNOW, IF WE BUY WITH \$ 5000 FROM INSIDE.

I.I.S REP- SYRIA IS CLOSED.

A.A –YES, SYRIA IS CLOSED.

I.I.S REP- IT'S DIFFICULT NOW.

A.A – YES IT'S INDEED. WE SMUGGLED 2 RIFLES SINCE I LAST MET YOU, ALSO...

I.I.S REP- JORDON.

A.A – WE SMUGGLED IT IN OUR VEHICLES.

I.I.S REP-

A.A – YES, AT LEAST. IT HAD..... THE MAIN PARTS OF ROCKETS, TOYOTA....., IT HAS THE NUMBERS IN A WAY THE ENEMY DIDN'T KNOW IT. NOW WE CAN SECURE THE MINIMUM TO KEEP GOING ONE STEP AT A TIME.

I.I.S REP- WHAT DID HAPPEN?

A.A – ON WHAT SIDE, POLITICALLY OR MILITARILY?

I.I.S REP- FROM THE POLITICAL SIDE.

A.A – THERE IS AN ACTIVE AMERICAN CAMPAIGN TO TRANQUILIZE THE SITUATION IN PALESTINE. THIS CAMPAIGN OF TRANQUILIZATION IS ASSOCIATED DECISIVLY TO PREPARE FOR ATTACKING IRAQ. IN MY OPINION I CAN SEE THIS SITUATION CLEARLY. I CAN SEE FOR SURE THE CONFRONTATION TO STRIKE IRAQ. THERE IS A STRONG POSSIBILITY TO STRIKE IRAQ. THERE IS NO WAY THAT IRAQ UNDER RESPONSIBLE ADMINISTRATION AND UNDER THIS CONFLICT, NOW, MR. ZEEN , CHENEY, MOBARK(OF EGYPT) AND ABDULLAH OF JORDON, ALL THEIR MAIN GOAL IS TO IDENTIFY THE ISSUES TO US IN ORDER TO REACH THEIR INTERESTS. EVEN TALKING ABOUT PALESTINIAN STATE OR PERMISSION FOR ARAFAT OR ABDULLAH'S PROPOSAL, ALL OF IT WANTS TO PUT THE BLACKPEPPER IN YOUR EYES TO BE BLIND (RUSE). SO LATER ON THEY WILL SAY THAT WE DID OUR BEST, WE ARRANGED IT. THE PALESTINIAN RESISTANCE..... PALESTINIAN. WE CAN'T GET THE ARAB TOGETHER, CONFLICT IN IRAQ AND PALESTINIAN MASSACRE..... PALESTINIAN MASSACRE IS ON NOW. WE SENT YOU A MESSAGE..... THE BATTLE IS THE SAME ONE. IT'S NOT POETRY / COURTESY, IT'S A FACT. THE BATTLE IN IRAQ AND PALESTINE HAS ONE SOLUTION. ONE FRONT OVERTHERE AND ONE FRONT HERE, IF IT GET HEATED THERE , IT GET EASIER HER AND IF IT GET EASIER THERE, IT GET HEATED HERE. THIS IS THEGENERAL POLICY BECAUSE THEIR MAIN GOAL IS AMERICA CAN'T CONTROL / DOMINATE THE WHOLE WORLD UNLESS CONTROL IRAQ AND MAKE ISRAEL AS MOST POWERFUL, EXCLUSIVE AGENT IN THE AREA. THE SITUATION IN THIS CASE , I SUSPECT THAT GOOD EFFORTS WILL BE MADE UNDER FANCY TITLES BY THE ARAB SUMMIT TO QUIET THE SITUATION IN PALESTINE AND SHAROON'S MOVEMENT IN LAST FEW DAYS. THIS ALL DONE BY AMERICAN ORDER, TO GET AS MUCH TERRITORIES AS THEY CAN..... WHEN THEY CALL FOR CEASE FIRE AND WHEN ANY ISRAELI WITHDRAWAL FROM THE LANDS, IT WILL BE DONE BY AMERICAN DECREE WHICH IS IN OUR BENEFIT AS KIND OF SUPPORT FOR US. THE AMERICANS MADE THEM WITHDREW FROM RAMALLAH, RELEASED ABU AMAR (YASER ARAFAT) AND REALESED THE ARRESTED PEOPLE, AND SO ON. THEN, WHEN THE ARAB SUMMIT BEGINS, KING ABDULLAH PROCEEDS WITH HIS PROPOSAL WHICH ASKS TOO MUCH. KING ABDULLAH 'S ACTUAL PROPOSAL CAN'T EXSIST. IT WAS MADE DUE TO AMERICA'S INVITATION AS KIND OF SETTLEMENT BUT ACCORDING TO THEIR INTERESTS. A SETTLEMENT WILL MAKE ISRAEL IN CHARGE OF THE AREA AND THE PALESTINIAN OUT OF THE PICTURE. IT WILL BE AGOOD GAME UNTILL

THEY GET RID OF THE PEOPLE IN BGHADAD AS WE EXPECT. THERE IS NO GOOD SAMARITAN ARABIC OR NATIONAL COUNTRY TO DISAGREE WITH THE AMERICAN'S PROPOSAL WHICH WILL DESTROY THE ARABIC UNITY. I AM AFRAID / SUSPECT OF THE SUMMIT SINCE I 'VE WORKED AS A JOURNALIST. I CAN'T FORGET TWO OF THE SUMMIT MEETINGS. THE FIRST ONE WAS IN 1936, ACCUALLY IT WASN'T IN A LEVEL OF SUMMIT MEETING. THERE WAS A PALESTINIAN UNREST AND SERIOUS INTEFADA WITHIN 6 MONTHS THE BRITISH DIED / WERE SURPRISED FROM THIS INTEFADA..... THEN THEY WENT TO THE SAUDIS. THE HISTORY REPEATS ITSELF, THE SAUDIS CALLED FOR AN ARABIC SUMMIT'S MEETING NEAR YAMEN' AND ISSUED A STATEMENT IN THE NAME OF ARABIC PRESIDENTS AND KINGS UNDER THE BRITISH INFLUENCE (GREAT BRITAIN).....THEY WILL GIVE THE PALESTINIAN THEIR RIGHTS OF PALESTINIAN STATE. THE PALESTINIAN FOLLOWED THE CEASEFIRE DUE TO THE ARABIC SUMMIT'S ORDER ISSUED IN YAMEN BASED ON SAUDIS PROPOSAL IN 1936. THERE WAS ANOTHER ARABIC SUMMIT OCCURRED IN 1990 WHICH ISSUED AN ABSURED DECREES AND TO STRIKE IRAQ....,.....NOW WE CAN DISCUSS TWO PROBLEMS, THE ONE WITH PALESTINIAN INTEFADA AND THE OTHER ONE WITH IRAQ. I HAVE DOUBT ABOUT THESE SUMMITS WHICH BECAME AS CIVILIZATIONAL THAT HOW THE SITUATIONS WILL BE IN THE GULF AREA.TO FOLLOW THE AMERICAN'S GREAT PROMISES INSTEAD OF BRITAIN'S GREAT PROMISES TO STOP THE PALESTINIAN INTEFADA IN TURN FOR THE ACKNOWLEDGMENT AND INDEPENDENCE.

I.I.S REP- IN FACT, YESTERDAY THEY DIDN'T RECOGNIZE THE PALESTINIAN STATE ON ITS MEMORY, ONLY SYRIA DID.

A.A- YES, YES, THIS ISSUE I SEE IT (GOT INTERRUPTED).

I.I.S REP- THIS WAS CALLED ABU ABBAS, BLACKPEPPER IN THE EYES (GOT INTERRUPTED).

A.A- YES, THE EYES DON'T WANT. IF WE SUCCEED PERSONALLY, WE GO IN TWO WAYS THAT IS WHY I WANTED TO SEE YOU IN PERSON. THE FIRST POINT IS TO NOT TO IGNORE THE PALESTINIAN PROBLEM AND THIS REQUIRES US AS FREEDOM FIGHTERS TO EXTEND OUR FIGHTS IN ORDER TO REACH OUR GOALS EVEN IF THEY STOPPED THE FIGHTING AND THIS REQUIRE YOU TO SUPPLY US FINANCIALLY, TRAINING AND MORALY AND YOU HAVE BEEN DOING IT ALREADY. NOW OUR MEMBER (HE POINTS AT THE MAN SITTING ON HIS RIGHT SIDE) IS SECURING THE TRAINING MATERIAL....(GOT INTERRUPTED).

I.I.S REP- THE STUFF YOU ASKED FOR TO OUR PRESIDENTIAL OFFICECAN THE OFFICE PROVIDE WE DON'T HAVE ...WE SENT IT BACKWHAT OFFICE?.

THE MAN SITTING ON HIS RIGHT SIDE SPOKE WITH VERY LOW VOICE-VECHICLES..... EQUIPMENTS.....

I.I.S REP- NO, NO , ANY WAY I CALLED YOUM12, COME , TALK AND GOD HELP YOU.

A.A- REGARDING THE TRAINING , I SPOKE TO ABU KHALED (AGAIN HE POINTED AT THE MAN SITTING ON HIS RIGHT) , HE SAID , I ADVISED HIM FROM INSIDE (GOT INTERRUPTED).

I.I.S REP- HOW MANY STUDENTS / FIGHTERS.

A.A- NOW THERE ARE NO STUDENTS / FIGHTERS IN PALESTINE, FROM INSIDE. THE PEOPLE FROM INSIDE COME WITH PARTICULAR TARGETS, WE TRAIN THEM ON THE BRITISH TANK AND USE ITS WEAPONS. THEY GAVE ME AN IDEA IF 2-3 OF THEM CAN BE TRAINED ON DRIVING AND GUIDEING THE WESTERN TANK, SO WHOEVER DRIVE A TANK, CAN STOP AND HIJACK THE TANK. (GOT INTERRUPTED).

I.I.S REP- HE CAN DRIVE IT.

A.A- HE DOESN'T HAVE TO DRIVE IT, HE CAN TRAVERSE ITS MAIN GUN AND SHOOT AGAINST TEL AVIV 10,000 BULLETS..... . WE WANT HIJACK THE TANKS AND USE ITS WEAPONS IN THE BATTLE FIELD. IF WE HAVE SOME PEOPLE IN IRAQ WHO CAN TRAIN OUR GUYS. THEIR TANKS ARE SIMILAR TO THE OLD IRANIAN TANKS.....

I.I.S REP-.....SHIKHTAN

A.A- YES WE TRAIN THEM ON HOW TO USE AND DRIVE THE SHIKHTAN. IF WE SUCCEED IN ONLY ONE MISSION OR TWO.... THE MESSAGE / GOAL IS MORAL, ABILITY TO BREAK THEIR HEADS. IN GOD'S WILL WE ARE ABLE RESPONSIBILLY TO KEEP UP / CONTINUE WITH THE CONFLICT / STRUGGLE.... AND THAT WILL BE IN MANY PLACES..... UNTIL WE IMPROVE OURSELVES IN THE BATTLE FIELD. WE ARE IN PALESTINE, WE HAVE THE FIGHTERS (MUJAHEEDENS) AND TRAINERS BUT WE DON'T HAVE THE CAPABILITIES / EQUIPMENTS. IN PALESTINE THE CAPABILITIES ARE CENTERED IN THREE HANDS, 1. FATEH , THE AUTHORITY WHICH HAS THE MONEY. 2. HAMAS AND JEHAD . 3. THE PUBLIC FRONT, NOW AFTER THEIR GENERAL LEADER WAS ARRESTED IRAN IS SENDING THEM SOME MONEY. THOSE HAVE THE ABILITY TO MOVE THEIR PEOPLE AROUND WITH THEIR FINANCIAL CAPACITY. THE JOB CAN'T BE COMPLETED BY HAVING GOOD INTENTIONS BUT BY HAVING THE FINANCE. WE HAD NO FINANCE IN THE BEGINNING , WE BEGAN WITHOUT MONEY AND GOT HURT. WE BEGAN SERIOUSLY BUT WE STOPPED BECAUSE WE HAD NO FINANCIAL SUPPORT FROM ANY COUNTRY IN THE WORLD INCLUDING IRAQ, I MEAN WE ... (GOT INTERRUPTED).

I.I.S REP- THE AUTHORITY IS RICH (GOT INTERRUPTED).

A.A- YES THE AUTHORITY IS RICH BUT FOR ITSELF, FOR ITS CELLS. ABU AMMAR IS MY GOOD FRIEND, IN THE NAME OF GREAT ALLAH (GOD) DIDN'T GIVE US EVEN ONE RIFLE UNTIL THE LAST FEW DAYS TO THE FIGHTERS (GOT INTERRUPTED).

I.I.S REP- WHAT DID HE GIVE YOU?

A.A- HE GAVE US 5 RIFLES AND DISTRIBUTED DOZENS OF RIFLES IN THE WEST BANK AND 6-7 IN GAZA. HE DID THAT FOR A DIPLOMATIC REASONBUT ABU AMMAR (YASSER ARAFAT) KNOWS WHEN WE COME TO A CRITICAL MOMENT WE WILL NOT LISTEN TO HIS ADVISE.

I.I.S REP- WHAT?

A.A- WE WILL NOT LISTEN TO WHAT HE SAYS. WE ...ABU AMMAR, NO OTHER POLITICAL LEADER KNOWS THE SERIOUSNESS OF FIGHTING CAPABILITIES TO THE FIGHTERS WHO USE THEM TOWARDS ONE DIRECTION IN SOME MOMENTS. HE KNOWS OF COURSE THAT WE HIGHLY TRUST HIM. WE RESPECT HIM FOR HIS PATRIOTISM BUT WITH THE FIGHTING AGAINST ISRAELIS, WE HAVE TWO OPINIONS. THEY HAVE THEIR OPINION AND WE HAVE OURS. WE SEE THAT THE FIGHTING SHOULD CONTINUE AND FACING THE ISRAELI IN COMBAT REGARDLESS HOW MANY ISRAELI'S CASUALTIES. MORE IMPORTANTLY THE COMBAT SHOULD CONTINUE ON, ACTION AND REACTION UNTIL THE SITUATION GET REVERSED/ GIVE UP. NOW THE SITUATION IS NOT IN OUR FAVORS EVEN FAHD'S PROPOSAL IS A LIE.

I.I.S REP- WHAT?

A.A- IT'S A RECONCILIATION INITIATIVE MADE BY AN AMERICANS AND SAUDIS. ,,,,

Document Remarks

■ A 10-page document in which the Assistant Director of the Iraqi General Military Intelligence admits compliance with groups that were responsible for the killings of two Kurds, one Australian and one Belgian. The preferred method of attack was to place a satchel charge in the trucks in which the individuals were obviously working as possible U.N. relief workers. Most of the attacks seemed to be completed in the northern section of the country. There were also 14 individuals mentioned in the message that were possibly responsible for the attacks. They were cited as being members of the National Defense Regiment, of which there are a large number of participants.

TOP SECRET & PRIVATE

Sir, the Revolutionary Command Council Member – Minister of Defense, Esq.

Greetings and appreciation,

1. In addition to what was broadcasted by foreign news agencies, the United Nations claimed they are pulling their members out of the northern area because they were not receiving sufficient funds. A British station and a French news agency announced on the 14th of May, 1993, that the United Nations will pull members out from the self-ruled area, quoting, "the United Nations decision comes after the safety of the international humanitarian organization in the northern area seriously deteriorated. Since the beginning of the current year until now there have been four workers from a non-governmental organization, two Kurds, one Belgium and an Australian killed, a hospital exposed to a bombardment, and dynamite detonated in trailers that were transporting assistance to Kurds. The deteriorating conditions forced the Doctors Without Borders Organization to leave the area at the end of April."
2. What came in the news is a clear confession to what the foreigners were exposed to in the self-ruled area. The operations referred to (in the news) were executed by our Directorate in fulfillment of your excellent direction through some of the cooperatives and the National Defense Battalion's counselors as follows:
 - a. The operation that killed the Australian was executed by a group cooperating with our Directorate, on the Jam Jamal – Bazian road on 7 January 1993, and it was revealed in our letter Secret and Private 485 dated 20th January 93.

- b. The operation that killed the Belgian was executed by a group cooperating with our Directorate on the Sulaymaniya –Dukan road on the 22nd March, 1993. We revealed it in our study (top secret & private) 2020 of 27 March 1993.
 - c. The operation that killed two Kurds working with foreign Non-Governmental Organizations (that claim humanity) was executed by one National Defense Brigade counselor and we revealed it in sentence (h) of article (8) of our letter Secret and Private 3148, dated 10 May 1993.
 - d. The operations putting detonating dynamite on trailers carrying relief materials, (8) operations of this kind, were executed by a National Defense Brigade counselor.
3. In fulfillment of your excellent instructions, effective June 1992 and up to the month of April 1993, two hundred and twelve operations were executed against demolitionists and their masters in the Northern Area. The operations were carried out by National Defense Brigade Counselors and some of the cooperatives, and were within the operations mentioned above. Forty five (45) operations confirmed were against the foreigners and these were revealed to your excellent sight in special letters.
4. We called the Counselors those who are distinguished in executing the operations and informed them to raise their activity in this trend to benefit from the gap which will occur during the withdrawal of United Nations members. In order to push the Counselors and encourage them, we suggest your approval to meet them or to consider in raising the manpower of their brigades. As they have attended our Directorate and sought raising the manpower of their brigades which would enable them to assist executing members, hereunder names the distinguished Counselors and our suggestions regarding them.

13. SUPPLEMENTARY NOTES IDA Paper P-4287 is a REDACTED five-volume set published as part of the Iraqi Perspectives Project Phase II series. Volume 1 examines the relationships between the regime of Saddam Hussein and terrorism in its local, regional, and global context. Volumes 2 through 4 contain the English translations and detailed summaries of the original Iraqi documents cited in Volume 1. Volume 5 contains additional background and supporting documents.				
14. ABSTRACT Captured Iraqi documents have uncovered evidence that links the regime of Saddam Hussein to regional and global terrorism, including a variety of revolutionary, liberation, nationalist, and Islamic terrorist organizations. While these documents do not reveal direct coordination and assistance between the Saddam regime and the al Qaeda network, they do indicate that Saddam was willing to use, albeit cautiously, operatives affiliated with al Qaeda as long as Saddam could have these terrorist-operatives monitored closely. Because Saddam's security organizations and Osama bin Laden's terrorist network operated with similar aims (at least in the short term), considerable overlap was inevitable when monitoring, contacting, financing, and training the same outside groups. This created both the appearance of and, in some ways, a "de facto" link between the organizations. At times, these organizations would work together in pursuit of shared goals but still maintain their autonomy and independence because of innate caution and mutual distrust. Though the execution of Iraqi terror plots was not always successful, evidence shows that Saddam's use of terrorist tactics and his support for terrorist groups remained strong up until the collapse of the regime.
